Chechnya - Russia's 'War on Terror' John Russell,2007-08-07 Providing a comprehensive overview of the Russo Chechen War the author examines the origins of the

conflict historically and traces how both sides were dragged inexorably into war in the early 1990s *Concord and Conflict* Norman E. Saul, 1996 Between 1867 the year of the Alaskan purchase and the beginning of World War I Russian and American dignitaries diplomats businessmen writers tourists and entertainers crossed between the two countries in surprisingly great numbers *Concord and Conflict* provides the first comprehensive investigation of this highly transformational and fateful era in Russian American relations Excavating previously unmined Russian and American archives Norman Saul illuminates these fifty significant and open years of association between the two countries He explores the flow and fluctuation of economic diplomatic social and cultural affairs the personal and professional conflicts and scandals and the evolution of each nation's perception of the other *Thinking Russia's History Environmentally* Catherine Evtuhov, Julia Lajus, David Moon, 2023-07-14 Historians of Russia were relative latecomers to the field of environmental history Yet in the past decade the exploration of Russian environmental history has burgeoned *Thinking Russia's History Environmentally* showcases collaboration amongst an international set of scholars who focus on the contribution that the study of Russian environments makes to the global environmental field Through discerning analysis of natural resources the environment as a factor in historical processes such as industrialization and more recent human animal interactions this volume challenges stereotypes of Russian history and in so doing highlights the unexpected importance of Russian environments across a time frame well beyond the ecological catastrophes of the Soviet period *Religion During the Russian Ukrainian Conflict* Elizabeth Clark, Dmytro Vovk, 2019-11-05 This book investigates how the military conflict between Russia and Ukraine has affected the religious situation in these countries It considers threats to and violations of religious freedom including those arising in annexed Crimea and in the eastern part of Ukraine where fighting between Ukrainian government forces and separatist paramilitary groups backed and controlled by Russia is still going on as well as in Russia and Ukraine more generally It also assesses the impact of the conflict on church state relations and national religion policy in each country and explores the role religion has played in the military conflict and the ideology surrounding it focusing especially on the role of the Ukrainian and Russian Orthodox churches as well as on the consequences for inter church relations and dialogue **Danger Zone: The Coming Conflict with China** Michael Beckley, Hal Brands, 2022-08-16 A provocative and urgent analysis of the U S China rivalry It has become conventional wisdom that America and China are running a superpower marathon that may last a century Yet Hal Brands and Michael Beckley pose a counterintuitive question What if the sharpest phase of that competition is more like a decade long sprint The Sino American contest is driven by clashing geopolitical interests and a stark ideological dispute over whether authoritarianism or democracy will dominate the 21st century But both history and China's current trajectory suggest that this rivalry will reach its moment of maximum danger in the 2020s China is at a perilous moment strong enough to violently challenge the existing order yet losing confidence that time is on its side Numerous examples from antiquity to the present show that rising powers become most

aggressive when their fortunes fade their difficulties multiply and they realize they must achieve their ambitions now or miss the chance to do so forever China has already started down this path Witness its aggression toward Taiwan its record breaking military buildup and its efforts to dominate the critical technologies that will shape the world s future Over the long run the Chinese challenge will most likely prove more manageable than many pessimists currently believe but during the 2020s the pace of Sino American conflict will accelerate and the prospect of war will be frighteningly real America Brands and Beckley argue will still need a sustainable approach to winning a protracted global competition But first it needs a near term strategy for navigating the danger zone ahead
