Throughout this period topics such as morality family marriage poverty and nationality structured historical debates over women s immigration and citizenship At the border women immigrants immigration officials social service providers and federal judges argued the grounds on which women would be included within the nation As interview transcripts and court documents reveal when where and how women were welcomed into the country depended on their racial status their roles in the family and their work skills Gender and race mattered The book emphasizes the comparative nature of racial ideologies in which the inclusion of one group often came with the exclusion of another It explores how U S officials insisted on the link between race and gender in understanding America s peculiar brand of nationalism It also serves as a social history of the law detailing women s experiences and strategies successes and failures to belong to the nation [The Routledge Atlas of Jewish History](#) Martin Gilbert,2023-09-12 This 9th edition of Martin Gilbert s Atlas of Jewish History spans over four thousand years of history in 196 maps starting with the worldwide migration of the Jews from ancient Mesopotamia and coming up into the first decades of the twenty first century It presents a vivid picture of a fascinating people and the trials and tribulations which have haunted the Jewish story as well as Jewish achievements The themes covered include Prejudice and Violence from the destruction of Jewish independence between 722 and 586 BC to the flight from German persecution in the 1930s Also covers the incidence of anti Semitic attacks in the Americas and Europe Migrations and Movements from ancient dispersals from the promised land to new maps on the ingathering of exiles from Arab and Muslim lands from 1948 and from the break up of the Soviet Union in 1992 Society Trade and Culture from Jewish trade routes between 800 and 900 the geography of the Jews of China of India to communal life in the ghettos and the situation of world Jewry in the opening years of the twenty first century Politics Government and War from the Court Jews of the fifteenth century to the founding and growth of the modern State of Israel This new edition now includes an additional 39 of Martin Gilbert s maps across the whole range of Jewish history originally published across a range of publications now gathered in this one volume for the first time Over 50 years on from its first publication this book is still an indispensable guide to Jewish history
