Russian Revolution 1917 1921 A Short History:

The Russian Revolution, 1917-1921 James D. White, 1994 **A Short History of the Russian Revolution** Geoffrey Swain, 2022-01-27 The 1917 Revolution sent shockwaves throughout the globe setting a chain of events in motion that would change the entire course of the 20th century With the overthrow of the Romanov Dynasty Russia was plunged into the political unknown and from the crucible of social unrest ideological conflict and violent civil war the world s first communist state was forged In this revised edition Geoffrey Swain provides an incisive overview of one of the most complex and turbulent periods in modern history tracing key moments from the abdication of Tsar Nicolas II to the Bolshevik seizure of power A leading authority on Russia and Eastern Europe Geoffrey Swain highlights the important legacies of 1905 demonstrating how early revolutionary ambitions among the masses culminated in the events of 1917 Challenging conventions in Soviet scholarship this revised edition shows that the Bolshevik concepts of discipline and ideology that had mobilised the revolution set an unnecessary course towards dictatorship and terror Covering new historiography in the field this revised edition places a renewed emphasis on the social and cultural upheaval experienced in Russia amid the nation s political turmoil Historical Dictionary of the Russian Revolution Jonathan Davis, 2020-05-15 Historical Dictionary of the Russian Revolution focuses on the leading individuals ideas political parties and main events that were central to the transformation of Russia during the revolution The time period runs from January 1917 through to the Treaty of Brest Litovsk that took Russia out of the First World War in March 1918 It covers the main events ideas people and parties and takes the story of the revolution from the eve of the overthrowing of Tsar Nicholas II through to the Bolshevik seizure of power the first six months of Leninist rule and the Treaty of Brest Litovsk that ended Russia's involvement in the First World War Historical Dictionary of the Russian Revolution contains a chronology an introduction and an extensive bibliography The dictionary section has over 200 cross referenced entries on the revolutions the First World War political parties ideologies and individuals and the main events that defined the course of the Russian Revolution This book is an excellent resource for The "Russian" Civil Wars, students researchers and anyone wanting to know more about the Russian Revolution 1916-1926 Jonathan Smele, 2016-01-15 This volume offers a comprehensive and original analysis and reconceptualisation of the compendium of struggles that wracked the collapsing Tsarist empire and the emergent USSR profoundly affecting the history of the twentieth century Indeed the reverberations of those decade long wars echo to the present day not despite but because of the collapse of the Soviet Union which re opened many old wounds from the Baltic to the Caucasus Contemporary memorialising and de memorialising of these wars therefore form part of the book s focus but at its heart lie the struggles between various Russian political and military forces which sought to inherit and preserve or even expand the territory of the tsars overlain with examinations of the attempts of many non Russian national and religious groups to divide the former empire The reasons why some of the latter were successful Poland and Finland for example while others Ukraine Georgia

and the Muslim Basmachi were not are as much the author's concern as are explanations as to why the chief victors of the Russian Civil Wars were the Bolsheviks Tellingly the work begins and ends with battles in Central Asia a theatre of the Russian Civil Wars that was closer to Mumbai than it was to Moscow Historical Dictionary of the Russian Civil Wars, 1916-1926 Jonathan D. Smele, 2015-11-19 This book is a detailed reference of the twentieth century struggles that were waged across and beyond the decaying Russian Empire at the end of the First World War as tsarism and democratic alternatives to it collapsed and the world's first Communist state the Union of Soviet Socialist Republics was born At the same time it is a necessary corrective to studies that have viewed events of the time as a unitary Russian Civil War that sprang from the Russian Revolution of 1917 Instead it contributes to the ongoing process of integrating the civil wars into a continuum of crises that wracked the Russian Empire and its would be successor states across a prolonged period The Historical Dictionary of the Russian Civil Wars 1916 1926 covers the history of this period through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has almost 2 000 cross referenced entries on individuals political and governmental institutions and political parties and military formations and concepts as well as religion art film propaganda uniforms and weaponry This book is an excellent access point for students researchers and anyone wanting to know more about the Russian Civil War The Bloomsbury Handbook of the Russian Revolution Geoffrey Swain, Charlotte Alston, Michael C. Hickey, Boris Kolonitskii, Franziska Schedewie, 2022-12-15 Through 30 interpretative essays The Bloomsbury Handbook of the Russian Revolution sees an international team of leading scholars comprehensively examine Russia's revolutionary years In the wake of the 2017 centenary this handbook is the first reference point for anyone wishing to learn more about the changes which took place in Russia between 1917 and 1921 and subsequently the 20th century Split into six sections covering political crises politicians and parties social groups identities regions and peoples and civil war the volume covers the collapse of Tsarism and the February Revolution the emergence of the Provisional Government and major historical figures such as Lenin Kerensky and the Socialist Revolutionary leader Viktor Chernov It also explores the events surrounding the Bolshevik seizure of power in October 1917 the first year of Soviet Government until the Bolshevik dictatorship was established and the impact on Russia of the subsequent civil war The focus is broader than these issues of high politics however since this handbook also considers events in the provinces as well as revolutionary Petrograd and examines the social impact of the revolution in terms of class gender age and culture The Russian Revolution of 1905 Anthony J. Heywood, Jonathan D. Smele, 2013-04-03 2005 marks the centenary of Russia's first revolution an unplanned spontaneous rejection of Tsarist rule that was a response to the Bloody Sunday massacre of 9th January 1905 A wave of strikes urban uprisings peasant revolts national revolutions and mutinies swept across the Russian Empire and it proved a crucial turning point in the demise of the autocracy and the rise of a revolutionary socialism that would shape Russia Europe and the international system for the rest of the twentieth century The centenary of the

Revolution has prompted scholars to review and reassess our understanding of what happened in 1905 Recent opportunities to access archives throughout the former Soviet Union are yielding new provincial perspectives as well as fresh insights into the roles of national and religious minorities and the parts played by individuals social groups political parties and institutions This text brings together some of the best of this new research and reassessment and includes thirteen chapters written by leading historians from around the world together with an introduction from Abraham Ascher to Modern European History Martin Pugh, 1997-10-22 Its sixteen thematic chapters each written by an expert in the field cover social and economic developments the rise and fall of all the major political movements as well as the immense changes generated by war and international diplomacy across Europe Competing Voices from the Russian Revolution Michael C. celebratory films by Eisenstein and Pudovkin A brief epilogue assesses October s fate in the years since the collapse of the Soviet Union The Cambridge History of Russia: Volume 3, The Twentieth Century Maureen Perrie, Ronald Grigor Suny, 2006-11-02 A major history of twentieth century Russia by leading scholars in the field Historical Dictionary of Marxism Elliott Johnson, David Walker, Daniel Gray, 2014-09-09 The second edition of the Historical Dictionary of Marxism covers of the basics of Karl Marx s thought the philosophical contributions of later Marxist theorists and the extensive real world political organizations and structures his work inspired that is the myriad political parties organizations countries and leaders who subscribed to Marxism as a creed This text includes a chronology an introductory essay and an extensive bibliography The dictionary section has over 500 cross referenced entries on important personalities both thinkers and doers political parties and movements and major communist or ex communist countries. Lee, 2008-01-28 Lenin and Revolutionary Russia examines the background to and the course of the Russian Revolution of 1917 and Lenin's regime It explores all the key aspects such as the development of the Bolsheviks as a revolutionary party the 1905 Revolution the collapse of the Tsarists the Russian Civil War and historical interpretations of Lenin's legacy to Russian history A Theory of Foreign Policy Glenn Palmer, T. Clifton Morgan, 2011-10-30 This book presents a general explanation of how states develop their foreign policy The theory stands in contrast to most approaches which assume that states want to maximize security by assuming that states pursue two things or goods through their foreign policy change and maintenance States in other words try both to change aspects of the international status quo that they don't like and maintain those aspects they do like A state s ability to do so is largely a function of its relative capability and since national capability is finite a state must make trade offs between policies designed to achieve change or maintenance Glenn Palmer and Clifton Morgan apply their theory to cases ranging from American foreign policy since World War II to Chinese foreign policy since 1949 to the Suez Canal Crisis The many implications bear upon specific policies such as conflict initiation foreign aid allocation military spending and alliance formation Particularly useful are the implications for foreign policy substitutability The authors also undertake statistical analyses of a wide range of behaviors and these generally support the theory A Theory of Foreign Policy

represents a major advance over traditional analyses of international relations Not only do its empirical implications speak to a broader range of policies but more importantly the book illuminates the trade offs decision makers face in selecting among policies to maximize utility given a state s goals Reminiscences of a Russian Antiguarian Bookseller Lev Abramovich Glezer, 2001 Paula Israelewicz the Russian born linguist and librarian has made available to Western readers in an English translation Reminiscences of a Russian Antiquarian Bookseller the memoirs written at an advanced age by eldest Moscow book dealer L A Glazer The volume recounts Glazer's sixty years experience in the book world of his time and place Throughout the eight chapters Glazer gives the reader a detailed account of his encounters with booklovers in all walks of life noted bibliophiles scholars bookmen and bibliographers writers actors musicians and also students whom he inspired with an interest for books The many treasures and private collections handled by Glazer during his long career are described in the book mostly Russian works from the 16th to the 20th century writings of Russian authors such as Pushkin and many others The beginning of Glazer's career coincided with a period after the revolution For the Western reader it is interesting to realize that even under the Soviet regime normal life went on in the milieu dedicated to books Perhaps reading and book collecting constituted an escape from the troubles of daily life the persecutions of the Stalin era and the horrors of World The Russian Civil War Evan Mawdsley, 2009-02-24 The best book ever written on the Russian civil war A first War Two rate work of scholarly synthesis Robert McNeal In St Petersburg on October 25 1917 the A commanding chronicle of the three Bolshevik Party stormed the capital city and turbulent years that brought the ironfisted seized the power over the Russian Provisional Soviet regime to political power Government which had been operating ineffectively since the abdication of Tsar Nicholas II eight months before That October Revolution began the Russian Civil War which in three years would cost the largest country in the world more than seven million lives It was an apocalyptic struggle replete with famine and pestilence but out of the struggle a new social order would rise The Soviet Union Mawdsley offers a lucid superbly detailed account of the men and events that shaped twentieth century communist Russia He draws upon a wide range of sources to recount the military course of the war as well as the hardship the conflict brought to a country and its people for the victory and the reconstruction of the state under the Soviet regime came at a painfully high economic and human price Russia's First World War Peter Gatrell, 2014-07-10 The story of Russia's First World War remains largely unknown neglected by historians who have been more interested in the grand drama that unfolded in 1917 In Russia's First World War A Social and Economic History Peter Gatrell shows that war is itself revolutionary rupturing established social and economic ties but also creating new social and economic relationships affiliations practices and opportunities Russia s First World War brings together the findings of Russian and non Russian historians and draws upon fresh research It turns the spotlight on what Churchill called the unknown war providing an authoritative account that finally does justice to the impact of war on Russia's home front **History of Political Thought** Jeffrey Bercuson, 2020-11-17 A History of Political Thought analyses market

society by surveying the ideas of its most perceptive thought provoking observers critics and defenders from ancient Greece to the present day A History Of Russia Volume 2 Walter G.
