**Stalin's Railroad** Matthew J. Payne, 2010-11-23 The Turkestan-Siberian Railroad or Turksib was one of the great construction projects of the Soviet Union's First Five Year Plan As the major icon to ending the economic backwardness of the USSR's minority republics it stood apart from similar efforts as one of the most potent metaphors for the creation of a unified socialist nation Built between December 1926 and January 1931 by nearly 50 000 workers and at a cost of more 161 million rubles Turksib embodied the Bolsheviks' commitment to end ethnic inequality and promote cultural revolution in one of the far-flung corners of the old Tsarist Empire Kazakhstan Trumpeted as the forge of the Kazakh proletariat the railroad was to create a native working class bringing not only trains to the steppes but also the Revolution In the first in-depth study of this grand project Matthew Payne explores the transformation of its builders in Turksib's crucible of class war race riots state purges and the brutal struggle of everyday life In the battle for the souls of the

The Modernisation of Russia, 1676-1825 Simon Dixon, 1999-07-29 This is the first book to place Russia's long eighteenth century squarely in its European context The conceptual framework is set out in an opening critique of modernisation which while rejecting its linear implications maintains its focus on the relationship between government economy and society Following a chronological introduction a series of thematic chapters covering topics such as finance and taxation society government and politics culture ideology and economy emphasise the ways in which Russia's international ambitions as an emerging great power provoked administrative and fiscal reforms with wide ranging and often unanticipated social consequences This thematic analysis allows Simon Dixon to demonstrate that the more the tsars tried to modernise their state the more backward their empire became A chronology and critical bibliography are also provided to allow students to discover more about this colourful period of Russian history
