Russification In The Baltic Provinces And Finland 1855 1914:

Russification in the Baltic Provinces and Finland, 1855-1914 Edward C. Thaden, 2014-07-14 Accompanying the gradual systematization of government and modernization of society in Russia during the reforms of the 1860s was a policy of Russification toward Finland and the Baltic provinces of Estland Livland and Kurland From a variety of group and national perspectives five scholars here depict the formulation implementation and effect of this policy Originally published in 1981 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 Russification in the Baltic Provinces and Finland, 1855-1914 Michael H. Haltzel, C. Leonard Lundin, Andreis Plakans, 1981-01-01 The Baltic States from the Soviet Union to the European Union Richard C. M. Mole, 2012 This book provides an informative and interesting overview of developments in Estonia Latvia and Lithuania as they made the transition from Soviet domination to membership of the EU It focuses in particular on the concepts of identity sovereignty and power in the domestic and international politics of the Baltic states States Thomas Lane, Artis Pabriks, Aldis Purs, David J. Smith, 2013-11-05 Since the end of the Cold War there has been an increased interest in the Baltics The Baltic States brings together three titles Estonia Latvia and Lithuania to provide a comprehensive and analytical guide integrating history political science economic development and contemporary events into one account Since gaining their independence each country has developed at its own pace with its own agenda and facing its own obstacles The authors examine the tensions accompanying a post communist return to Europe after the long years of separation and how each country has responded to the demands of becoming a modern European state Estonia was the first of the former Soviet republics to enter membership negotiations with the European Union in 1988 and is a potential candidate for the next round of EU expansion in 2004 Lithuania and Latvia have also expressed their desire for future membership of NATO and the EU Images of Otherness in Russia, 1547-1917 Kati Parppei, Bulat Rakhimzianov, 2023-04-25 Defining the Others them in relation to one s own reference group us has been an essential phase in the formation of collective identities in any given country or region In the case of Russia the formulation of these binary definitions sometimes taking a form of enemy images can be traced all the way to medieval texts in which religion represented the dividing line Further the ongoing expansion of the empire transferred numerous external others into internal minorities The chapters of this edited volume examine the development and contexts of various images perceptions and categories of the Others in Russia from the 16th century Muscovy to the collapse of the Russian empire The Russian Revolution and Civil War 1917-1921 Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to

1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917 1921offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state Historical

Imperial Russian Rule in the Kingdom of Poland, 1864-1915 Malte Rolf, 2021-11-02 Translated by Cynthia Klohr After crushing the Polish Uprising in 1863 1864 Russia established a new system of administration and control Imperial Russian Rule in the Kingdom of Poland 1864 1915 investigates in detail the imperial bureaucracy's highly variable relationship with Polish society over the next half century It portrays the personnel and policies of Russian domination and describes the numerous layers of conflict and cooperation between the Tsarist officialdom and the local population Presenting case studies of both modes of conflict and cooperation Malte Rolf replaces the old unambiguous freedom loving Poles vs oppressive Russians narrative with a more nuanced account and does justice to the complexity and diversity of encounters among Poles Jews and Russians in this contested geopolitical space At the same time he highlights the process of provincializing the center the process by which the erosion of imperial rule in the Polish Kingdom facilitated the demise of the Romanov dynasty itself Estonia Rein Taagepera, 2018-02-06 After breaking free from the Bolsheviks in 1918 Estonia enjoyed independence until 1940 when the country was subsumed by the Soviet Union Not until 1991 was Estonia able to make its next successful bid for sovereignty In this book Rein Taagepera traces the evolution of Estonia from prehistory to the present when a radical turn of events in the former Soviet Union once again altered the destiny of this Baltic nation The author explores in depth the remarkable changes in Estonia since 1980 framing his analysis within the larger picture of the Soviet Union and its demise He also examines the issue of ethnic tensions between Estonians and Russian colonists and speculates on how unrest will affect the future of the country Throughout his analysis the author weaves in such key questions as Why did Sovietization fail How did Estonia s quest for autonomy affect Soviet dissolution What role will the
