host and columnist Kevin McCullough the first pundit to predict Obama's rise to the presidency provides an alarming perspective on the man he has watched closely since the aspiring commander in chief was an obscure community organizer on Chicago's South Side You'll learn How Barack Obama's first act as president to sign into law taxpayer funded abortion How his administration has systematically and intentionally created federal dependents Why Obama's actions prove he believes American Exceptionalism is a myth The outrageous lengths the president is willing to go to as he undermines our national security From Obama's radical economic policy and dubious skills in national security to his administration's disdain for individual liberty and constitutional constraints on the power of the executive branch McCullough lays out a convincing case for why early on he labeled Obama one of the most dangerous politicians our generation will see Real hope is possible While delving into Obama's flawed governance McCullough also charts a way out and forward for the America that once was and can be again It is a way of clarity and common sense in a tried and true direction a way that is diametrically opposed to the disappointing course set by the current resident of the Oval Office

*An Easter Song* L. J. Christensen,2018-08-07 We are all familiar with Charles Dickenss beloved A Christmas Carol perhaps because the story and characters are so true and timely though written some 175 years ago Also at least on some level we can relate to a character who has been hardened by life and the sorry paths that were taken An Easter Song is intended to be to Easter what A Christmas Carol is to Christmas It boldly emulates Dickenss template but it is a new story set for todays generation There are no haunting spirits in this story but an equally traumatic event allows the primary character to visit pertinent scenes from his past and to witness missteps he took in life
