opens into the complete range of his life's work to present with many implications for the future of our planet. A prolific author and founder of the Foundation for the Law of Time which promotes peace through culture and art, Argelles was the first to introduce the date December 21, 2012 into the mass consciousness with his best-selling book *The Mayan Factor*. After a lifelong study of the ancient Mayan prophecies and more than 18 years of Tibetan Buddhist meditation practice, Argelles realized that he was the recipient of a galactic Mayan mind transmission which eventually revealed the discovery of the Telektonon Prophecy of Pacal Votan. The purpose of this transmission stream was to help prepare and stabilize human consciousness for a magnetic shift in 2012. 2013 Argelles travelled the world several times over to deliver this prophecy to a diverse range of people from Russian scientists to the Vatican to the Hopi nation, the Rainbow Nation and the Nation of Islam. *Time Synchronicity and Calendar Change* offers many thought-provoking reflections about the future of our world and the potential of humanity as well as a thorough examination of what it means to be a cosmic messenger on a planet rapidly shifting gears from the biosphere to the noosphere. Just as the final chapter was being written, Jos shifted dimensions on March 23, 2011, just 12 days after the Japanese tsunami. The Afterword contains the startling synchronicities that surrounded his passing as well as many of his final journal entries and reflections during his final three days on earth. *Watling Street* James Rendel Harris, 1928

He'll cooperate to open the gates to Villa M for the attackers and help Rita escape from her gilded cage. The date is set and the countdown begins.
