**South Yemen's Independence Struggle** Anne-Linda Amira Augustin,2021-11-30 A bold firsthand account of one of the persistent Arab uprisings in Yemen At its beginning in 2007 the Southern Movement in South Yemen was a loose merger of different people most of them former army personnel and state employees of the People s Democratic Republic of Yemen PDRY who were forced from their jobs after the war in 1994 only four years after the unification between the PDRY and the Yemen Arab Republic This bold ethnographic account of a persistent Arab uprising in a rarely studied corner of the Middle East explores why the Southern Movement has grown so tremendously during the last decade and how it developed from a primarily social movement demanding social rights into a mass protest movement claiming independence for a state that had long vanished from the world map Anne Linda Amira Augustin asks why so many young people born after 1990 joined the movement and demanded the re establishment of a state that they had never themselves experienced At the core of South Yemeni resistance lies the transmission from generation to generation of a dominant counternarrative which may be seen as the continuation and rehabilitation of the PDRY s national narrative This narrative amplified through everyday communication in families and neighborhoods but also by media makers journalists school and university teachers civil society actors and by the movement s activists opposes the national unity narrative of the Republic of Yemen and intensifies the demands for an independent state

The Theosophist ,1910     **The Opium of the Intellectuals** Raymond Aron,2017-07-05 Raymond Aron s 1955 masterpiece The Opium of the Intellectuals is one of the great works of twentieth century political reflection Aron shows how noble ideas can slide into the tyranny of secular religion and emphasizes how political thought has the profound responsibility of telling the truth about social and political reality in all its mundane imperfections and tragic complexities

Aron explodes the three myths of radical thought the Left the Revolution and the Proletariat Each of these ideas Aron shows are ideological mystifying rather than illuminating He also provides a fascinating sociology of intellectual life and a powerful critique of historical determinism in the classically restrained prose for which he is justly famous For this new edition prepared by Daniel J Mahoney and Brian C Anderson as part of Transaction s ongoing Aron Project political scientist Harvey Mansfield provides a luminous introduction that underscores the permanent relevance of Aron s work The new edition also includes as an appendix Fanaticism Prudence and Faith a remarkable essay that Aron wrote to defend Opium from its critics and to explain further his view of the proper role of political thinking The book will be of interest to all students of political theory history and sociology

Martyrdom and Sacrifice in Islam Meir Hatina,2016-11-14 Over the years the belief system around self sacrifice has become key to understanding the Middle East and its political relationships with the West although much of the literature and conversation has been restricted to modern concepts of jihadism The recent spate of scholarship relating to suicide bombers and jihadists studies these concepts without a broader understanding of the principle of martyrdom This book expands on the chronology of self sacrifice within Islam and contextualises the use of suicide bombings using details of the rise of martyrdom in places such as Iraq Lebanon Chechnya and Pakistan It historicises the background in which jihad has been glorified while also exploring contemporary methods of recruitment like the use of the internet The authors pay close attention to the different sects and factions of Islam and the differing interpretations of jihad that accompany these ideologies In the current political climate a book that explores martyrdom within the framework of historical perspectives geographical regions and the influence of outside cultures is essential
