Antitrinitarianism and Unitarianism in the Early Modern World Kazimierz Bem, Bruce Gordon, 2024-11-23 This collection offers an innovative and fresh interpretation of Antitrinitarian and rational dissent in the early modern world The central themes focus on the fierce debates surrounding Antitrinitarianism and Unitarianism that emerged from the Reformation and the lived cultures of these dissenting movements The chapters take an interdisciplinary approach addressing ideas in context their reception and appropriation and the diverse and often conflicting visions of Christianity Drawing on previously unused sources many from Eastern Europe and often in inaccessible languages this book challenges our understanding of dissent as marginal and eccentric and places it at the center of contesting

convictions about the nature of religious reform **Buddhism in the Modern World** Steven Heine, Charles S. Prebish, 2003-09-11 The history of Buddhism has been characterized by an ongoing tension between attempts to preserve traditional ideals and modes of practice and the need to adapt to changing cultural conditions Many developments in Buddhist history such as the infusion of esoteric rituals the rise of devotionism and lay movements and the assimilation of warrior practices reflect the impact of widespread social changes on traditional religious structures At the same time Buddhism has been able to maintain its doctrinal purity to a remarkable degree This volume explores how traditional Buddhist communities have responded to the challenges of modernity such as science and technology colonialism and globalization Editors Steven Heine and Charles S Prebish have commissioned ten essays by leading scholars each examining a particular traditional Buddhist school in its cultural context The essays consider how the encounter with modernity has impacted the disciplinary textual ritual devotional practical and socio political traditions of Buddhist thought throughout Asia Taken together these essays reveal the diversity and vitality of contemporary Buddhism and offer a wide ranging look at the way Buddhism interacts with the modern world **How Christianity Made the Modern World, How The Bible Inspired Liberty** Paul Backholer, 2018-01-24 What has Christianity ever done for the world The answer is both profound and inexhaustible Discover how Christianity became the most important factor in the creation of the modern world by shaping our values beliefs and civilisation Find how leading scientists explorers adventurers and freedom fighters were inspired by their Christian faith and learn how they changed life on planet earth Take a journey with the author to over thirty five nations as he establishes from personal observations how slaves were freed human rights were fought for and how liberty spread globally as the message of the Christian gospel sounded forth Learn how empires and superpowers were transformed by Christianity how missionaries kept them accountable abroad and how non conformist believers transformed them from within 2020 edition **Models for Scripture** John Goldingay, 2004 Looks at the task of interpreting Scripture as witnessing tradition authoritative canon inspired word and experienced revelation *Revelation, Scripture and Church* Richard R. Topping, 2016-04-08 How does God's involvement with the generation of Holy Scripture and its use in the life of the Christian church figure into the human work of Scripture interpretation This is the central question that this book seeks to address In critical conversation with the influential hermeneutic programs of James Barr Paul Ricoeur and Hans Frei Topping demonstrates how God's agency has been marginalized in the task of Scripture interpretation Divine involvement with the Bible is bracketed out Barr rendered in generic terms Ricoeur or left implicit Frei in these depictions of the hermeneutic field The result is that each of these hermeneutic programs is less than a realist interpretative proposal Talk of God is eclipsed by the terminal consideration of human realities Topping argues for the centrality of doctrinal description in a lively theological understanding of Scripture interpretation for the life of the church **The Wisdom Within** Gary C. Global Impact of Religious Violence Andre Gagne, Spyridon Loumakis, Calogero A. Miceli, 2016-10-25 Acts of terror are everywhere Not one day goes by without hearing about the latest suicide bomb in Baghdad knife stabbing in Germany or shooting spree in France or in the United States A Christian extremist preacher claims that homosexuals deserve to die because he considers their lifestyle to be sinful groups like ISIS perpetrate genocide against religious minorities and call for global jihad against infidels Buddhist monks in Myanmar persecute the Rohingya for fear that the Muslim minority destroy their country and religion All these actions seem to be somehow religiously motivated where the actors claim to act in accordance with their beliefs In the midst of this spiral of violence seen across traditions and geographical locations there is a pressing need to understand why people act as such in the name of their faith The Global Impact of Religious Violence examines why individuals and groups sometimes commit irremediable atrocities and offers some solutions on how to counter religiously inspired violence **Biblical Theology in the Life of the Early Church** Stephen O. Presley, 2025-04-29 Biblical

Theology in the Life of the Early Church recasts biblical theology as a practice cultivated in Christian community rather than a solely academic pursuit Stephen Presley argues that the early church fathers crafted an ecclesial biblical theology that was lived out communally and oriented believers toward beholding God s glory This volume brings patristic biblical interpretation into conversation with contemporary biblical theology exploring how assumptions and methods of figures such as Irenaeus and Augustine can guide modern hermeneutics Presley shows how early Christian theologians emphasized virtue and discipleship alongside exegesis patiently shaping readers to inhabit Scripture s narrative He illuminates the catechetical and liturgical scaffolding that informed patristic biblical theology centered on Christ as the cornerstone Students and scholars of theology church history hermeneutics and patristics will find valuable new insights **The New World Park**
