**Critical Assumptions** Kenneth Knowles Ruthven, 1984-09-06 This book is an historical survey of some important theories of literary criticism which is designed to introduce more advanced students of English and

other European literature to the nature and origin of these theories and ultimately to help them clarify their own attitudes to literature Professor Ruthven's approach is to bring together and analyse examples of the way in which major writers and critics have dealt with the critical issues raised by different kinds of writing He emphasizes throughout the variety of critical stances taken at different times in response to the challenge posed by highly original works and he draws on a large number of instances from all the major periods of English literature The examination of the historical material presented here should encourage students of English as well as other modern European literatures to recognise and re appraise their own critical assumptions

Torrie,2010-03-01 The early twentieth century advent of aerial bombing made successful evacuations essential to any war effort but ordinary people resented them deeply Based on extensive archival research in Germany and France this is the first broad comparative study of civilian evacuations in Germany and France during World War II The evidence uncovered exposes the complexities of an assumed monolithic and all powerful Nazi state by showing that citizens objections to evacuations which were rooted in family concerns forced changes in policy Drawing attention to the interaction between the Germans and French throughout World War II this book shows how policies in each country were shaped by events in the other A truly cross national comparison in a field dominated by accounts of one country or the other this book provides a unique historical context for addressing current concerns about the impact of air raids and military occupations on civilians     **Michigan Manufacturer and Financial Record** ,1940-07     **Der Augenblick als dichterische Form in der Lyrik von William Wordsworth und John Keats** Ulrich Keller (Dr. phil., Prof.),1970
