Sea Edge:

The Edge of the Sea Rachel Carson, 1998 The edge of the sea is a strange and beautiful place A book to be read for pleasure as well as a practical identification guide The Edge of the Sea introduces a world of teeming life where the sea meets the land A new generation of readers is discovering why Rachel Carson's books have become cornerstones of the environmental and conservation movements New introduction by Sue Hubbell A Mariner Reissue **The Ocean's Edge** Susan Thumm Paxton, 2025-01-17 Fifteen years ago a night on the shores of the Outer Banks changed Claudia Mercer's life forever Now haunted by questions she can't let go Claudia returns to the North Carolina coast to find her missing brother and confront the ghosts of her past When she crosses paths with CQ a shadowy figure from that fateful night Claudia uncovers a web of secrets that stretches across decades CQ claims to know where her brother is but his motives seem as murky as the storm-tossed waters Soon Claudia discovers that the answers she seeks may come with a deadly price As a nor'easter approaches Claudia must use all of her wit to untangle the web of lies But can she find redemption and hope at the ocean's edge or will she be swept away by the secrets she uncovers A gripping tale of suspense and second chances Susan Thumm Paxton's *THE OCEAN'S EDGE* is perfect for fans of atmospheric mysteries and dark family dramas *At the Ocean's Edge* Margaret Conrad, 2020-07-09 *At the Ocean's Edge* offers a vibrant account of Nova Scotia's colonial history situating it in an early and dramatic chapter in the expansion of Europe Between 1450 and 1850 various processes sometimes violent often judicial rarely conclusive transferred power first from Indigenous societies to the French and British empires and then to European settlers and their descendants who claimed the land as their own This book not only brings Nova Scotia's struggles into sharp focus but also unpacks the intellectual and social values that took root in the region By the time that Nova Scotia became a province of the Dominion of Canada in 1867 its multicultural peoples including Mi'kmaq Acadian African and British had come to a grudging unequal and often contested accommodation among themselves Written in accessible and spirited prose the narrative follows larger trends through the experiences of colourful individuals who grappled with expulsion genocide and war to establish the institutions relationships and values that still shape Nova Scotia's identity *Friends at Waters-edge and Fremont House* Margaret Margerison, 2022-11-05 The story is one of a life pattern being temporarily implanted in the brain of a sick person hospitalised and in a coma by inhabitants of a far off galaxy Their objective was eventually to take control of vulnerable people on Earth for personal gain However all did not go to plan *A Birdwatcher's Guide to Trinidad & Tobago* W. L. Murphy, 2004 A birding site to these Caribbean islands with information on seasonal distribution complete lists of mammals and amphibians and reptiles and thorough travel advice *Art and Identity at the Water's Edge* Tricia Cusack, 2017-07-05 The water's edge whether shore or riverbank is a marginal territory that becomes invested with layers of meaning The essays in this collection present intriguing perspectives on how the water's edge has been imagined and represented in different places at various times and how this process contributed to the

formation of social identities Art and Identity at the Water's Edge focuses upon national coastlines and maritime heritage on rivers and seashore as regions of liminality and sites of conflicting identities and on the edge as a tourist setting Such themes are related to diverse forms of art including painting architecture maps photography and film Topics range from the South African seaside resort of Durban to the French Riviera The essays explore successive ideological mappings of the Jordan River and how Czech cubist architecture and painting shaped a new nationalist reading of the Vltava riverbanks They examine post Hurricane Katrina New Orleans as a filmic spectacle that questions assumptions about American identity and the coast depicted as a site of patriotism in nineteenth century British painting The collection demonstrates how waterside structures such as maritime museums and lighthouses and visual images of the water's edge have contributed to the construction of cultural and national identities

Amphibious Concepts at the Edge of the Sea Joerg Baumeister, Ioana C. Giurgiu, Daniela A. Ottmann, 2025-02-14 This book explores interfaces between land and sea and their geostrategic ecological urban productive indigenous legal historical and artistic dimensions The oceans comprising two thirds of the earth's surface were initially utilised mainly for transportation and fishing Today they serve diverse purposes such as supplying energy freshwater mineral resources supporting leisure activities and providing habitat Additionally the UN set up the first international agreement establishing Marine Protection Areas for a third of the sea to mitigate the growing use and exploitation The more interest in oceans territories increases the more the question arises about the beneficial evolution of their physical and legal boundaries What innovative amphibious concepts can be developed for the edge of the sea The book pushes the boundaries of current knowledge to provide a deeper insight into the upcoming challenges and opportunities making it easier to apply the best strategies for a healthy future for both the ocean and humanity

Gardening on the Edge Peter Clough, Philip McMillan Browse, 2004 The subject of this book is gardening The publishers have provided no further information on this title

On the Edge of the Banda Zone Roy Ellen, 2003-08-31 The impact of the Indonesian spice trade on global and more particularly European history has been widely acknowledged Although more recent studies have gone beyond the preoccupation with the colonial relationship to provide a more Asiatic view On the Edge of the Banda Zone is the first to focus an anthropological lens on the dynamics of trade in a specific area that incorporating the Seram Laut and Gorom archipelagoes and the adjacent mainland of east Seram in the Moluccas The point of departure for Roy Ellen's analysis is a description of trade relations in the east Seram zone between 1970 and 1990 but the wider importance of the data presented here is readily apparent For five hundred years and probably much longer it has served as a corridor between Eurasia and the southwestern Pacific and played a vital role in the production and distribution of nutmeg and other high value commodities that have for centuries had an impact on the global economy Drawing on the author's fieldwork as well as archival and secondary sources this ambitious eclectic volume demonstrates the enduring continuities in the local system as it comes into contact with the changing outside world It illuminates how barter ecological and ethnic

divisions of labor exchange patterns and the organization of trade between the peoples of the New Guinea coast and east Seram help us make sense of long term cycles and trends *Sea Edge* Weldon Phillip Keller,1985 **A Concordance to the Poems of W.B. Yeats** Stephen Maxfield Parrish,2019-06-30 Now it is possible for the first time to trace in a systematic way the language patterns of one of the greatest poets who have written in English W B Yeats Like A Concordance to the Poems of Matthew Arnold the first of the Cornell Concordances that are under the general editorship of Professor Parrish this volume was produced on an IBM 704 electronic data processing machine Computer technique has so advanced that the Yeats concordance includes punctuation and gives cross references for the second parts of hyphenated words The frequency of every word in Yeats s poems is given and an appendix lists all indexed words in order of frequency The body of this book consists of an index of all significant words in Yeats each word listed in the line or lines in which it occurs The concordance is based on the variorum text of Yeats edited by Alspach and Allt and includes all variants that occur in printed versions of Yeats s poems **The Narrow Edge** Deborah Cramer,2015-04-28 Thousands of ravenous tiny shorebirds race along the water s edge of Delaware Bay feasting on pin sized horseshoe crab eggs Fueled by millions of eggs the migrating red knots fly on When they arrive at last in their arctic breeding grounds they will have completed a near miraculous 9 000 mile journey that began in Tierra del Fuego Deborah Cramer followed these knots whose numbers have declined by 75 percent on their extraordinary odyssey from one end of the earth to the other from an isolated beach at the tip of South America all the way to the icy tundra In her firsthand account she explores how diminishing a single stopover can compromise the birds entire journey and how the loss of horseshoe crabs ancient animals that come ashore but once a year threatens not only the survival of red knots but also human well being the unparalleled ability of horseshoe crab blood to detect harmful bacteria in vaccines medical devices and intravenous drugs safeguards human health Cramer offers unique insight into how on an increasingly fragile and congested shore the lives of red knots horseshoe crabs and humans are intertwined She eloquently portrays the tenacity of small birds and the courage of many people who bird by bird and beach by beach keep red knots flying The Poems of W.B. Yeats Peter McDonald,2020-08-18 In this multi volume edition the poetry of W B Yeats 1865 1939 is presented in full with newly established texts and detailed wide ranging commentary Yeats began to write verse in the nineteenth century and over time his own arrangements of poems repeatedly revised and rearranged both texts and canon This edition of Yeats s poetry presents all his verse both published and unpublished including a generous selection of textual variants from the many manuscript and printed sources The edition also supplies the most extensive commentary on Yeats s poetry to date explaining specific references and setting poems in their contexts it also gives an account of the vast range of both literary and historical influences at work on the verse The poems are presented in order of composition and major revisions or rewritings of poems result in separate inclusions in chronological sequence for these writings as they were subsequently reconceived by the poet This first volume collects Yeats s poetry of the 1880s from his ambitious and extensive

juvenilia including hitherto little noticed dramatic poems to his earliest published pieces leading to his first substantial book of verse The pastoral romance of classically inflected early work like The Island of Statues is succeeded in these years by the Irish mythic material that finds its largest canvas in the mini epic The Wanderings of Oisín In Yeats's work through the 1880s an adolescent poet's youthful absorption in Romantic poetry is replaced by a commitment to esoteric religious speculation and Irish political nationalism This edition allows readers to see Yeats's emergence as a poet step by step in compelling detail in relation to his literary influences including significantly the Anglo Irish poetry of the nineteenth century The commentary provides an extensive view of Yeats's developing personal cultural and historical worlds as the poems gain in maturity and depth From the first attempts at verse of a teenage boy to the fully accomplished writings of an original poet standing on the verge of popular success with poems such as The Lake Isle of Innisfree Yeats's poetry is displayed here in unprecedented fullness and detail

The Collected Poems of W. B. Yeats William Butler Yeats, 2000 Poetry **Edge of England** Derek Turner, 2022-07-07 Lincolnshire is England's second largest county and one of the least well known Yet its understated chronicles unfashionable towns and undervalued countryside conceal fascinating stories and unique landscapes its Wolds are lonely and beautiful its towns characterful its marshlands and dynamic coast are metaphors of constant change From plesiosaurs to Puritans medieval ghosts to eighteenth century explorers poets to politicians and Vikings to Brexit this marginal county is central to England's identity Canute Henry IV John of Gaunt and Katherine Swynford all called Lincolnshire home So did saints world famed churchmen and reformers Etheldreda Gilbert Guthlac and Hugh Robert Grosseteste John Wycliffe John Cotton John Foxe and John Wesley as well as Isaac Newton Joseph Banks John Harrison and George Boole Lincolnshire explorers went everywhere John Smith to Jamestown George Bass and Matthew Flinders to Australia and John Franklin to a bitter death in the Arctic Artists and writers have been inspired including Byrd Taverer Stukeley Stubbs Eliot and Tennyson while Thatcher wrought neo liberalism Extraordinary architecture testifies to centuries of both settlement and unrest from Saxon towers to sky piercing spires evocative ruined abbeys to the wonder of the Cathedral And in between is always the little known land itself an epitome of England awaiting discovery

Sky Edge W. Phillip Keller, Out of the depths of his own heart Phillip Keller shares with the reader meaningful interludes illustrated with beautiful line drawings

Rachel Carson, Highwood N P presents a profile of American biologist and author Rachel Louise Carson 1907-1964 as part of the GirlSite resource The resource also offers access to additional information **Mark Rothko** Anna Chave, Mark Rothko, 1989-01-01 A visual analysis of the New York School painter which examines the structure of Rothko's paintings while arguing that they implement traces of certain basic symbolically charged pictorial conventions

Water's Edge Lenore Manderson, Forrest Gander, 2022-10-15 A wide ranging consideration of water's plenitude and paucity and of our relationship to its many forms Water is quotidian ubiquitous precious and precarious With their roots in this element the authors of Water's Edge reflect on our natural environment its forms textures and stewardship Born from a

colloquium organized by the editors at the Institute at Brown for Environment and Society the anthology features a diverse group of writers and artists from half a dozen countries from different fields of scholarship and practice artists biologists geologists poets ecocritics actors and anthropologists The contributors explore and celebrate water while reflecting on its disturbances and pollution and their texts and art play with the boundaries by which we differentiate literary forms In the creative nonfiction poetry and visual art collected here water moves from backdrop to subject Ashley Dawson examines the effects of industrial farming on the health of local ecosystems and economies Painter Kulvinder Kaur Dhew captures water's brilliance and multifaceted reflections through a series of charcoal pieces that interlace the collection Poet Arthur Sze describes the responsibility involved in the careful management of irrigation ditches in New Mexico Rather than concentrating their thoughts into a singular overwhelming argument the authors circulate moments of apprehension intimation and felt experience They are like tributaries each carrying in a distinctive style exigent and often intimate reports concerning a substance upon which all living organisms depend *T.P.'s Weekly* Thomas Power O'Connor, Holbrook Jackson, 1906
