Shapiro, 2013-05-13 Unfathomably merciless and powerful the atomic bomb has left its indelible mark on film In Atomic Bomb Cinema Jerome F Shapiro unearths the unspoken legacy of the bombing of Nagasaki and Hiroshima and its complex aftermath in American and Japanese cinema According to Shapiro a Bomb film is never simply an exercise in ideology or paranoia He examines hundreds of films like Godzilla Dr Strangelove and The Terminator as a body of work held together by ancient narrative and symbolic traditions that extol survival under devastating conditions Drawing extensively on both English language and Japanese language sources Shapiro argues that such films not only grapple with our nuclear anxieties but also offer signs of hope that humanity is capable of repairing a damaged and divided world www.atomicbombcinema.com *Mysterious Creatures* George M. Lucifer, Leviathan, Lilith, and other Mysterious Creatures of the Bible Joel R. Soza,2017-03-16 The bible is indeed a world of the strange and mysterious when it comes to the variety of creatures that are presented in its texts These often times serve as images of good versus evil or order versus chaos Flat and narrowly myopic literal readings of the bible that at

times lacks for imagination and creative insight to the bible's occasional and amazingly metaphorical maze fall far short of what is needed to appreciate the full depth of the biblical world's imagery. Therefore this work explores the meaning of the bible's mysterious creatures with an emphasis on three creatures that all appear in the book of the prophet Isaiah: Lucifer Isa 14:12, Leviathan Isa 27:1, and Lilith Isa 34:14. These mysterious creatures of the bible live on and can both inspire and cause fear. It is a marvelous mixed world of biblical metaphor and realism to be found in the likes of Lucifer, Leviathan, Lilith, and the rest of the mysterious creatures that make a biblical appearance.

The Coloniality of Animal Monstrous Othering in Children's Books, Films, and Toys Donna Varga, 2024-08-19. The Coloniality of Animal Monstrous Othering in Children's Books, Films, and Toys examines how the portrayal of animals as physically distorted, behaviorally depraved, and intellectually defective serves to justify their debasement, violation, and destruction in materials directed toward young consumers. The author argues that this animal monstrous Othering arises from the Eurocentric belief in humans' natural superiority over animals and the right to categorize animals in accordance with a scale of worthiness that parallels the subjugation of racialized persons. The chapters examine a variety of canonical figures like the dissolute wolf of Red Riding Hood stories and the disfigured titular character of the Wonky Donkey picture book, alongside non-canonical animals including reprobate pigs, degenerate sharks, self-centered flamingos, and wicked piranhas. To counter this animal debasement, Varga juxtaposes these readings with an examination of materials that articulate harmonious animal-human interrelationships without dependence on styles of anthropomorphism that diminish animality.
