American Popular Culture William L. Van Deburg, 1984 Spanning more than three centuries from the colonial era to the present Van Deburg's overview analyzes the works of American historians dramatists novelists poets lyricists and filmmakers and exposes through those artists often disquieting perceptions the cultural underpinnings of American current racial attitudes and divisions Crucial to Van Deburg's analysis is his contrast of black and white attitudes toward the Afro American slave experience There has in fact been a persistent dichotomy between the two races literary historical and theatrical representations of slavery If white culture makers have stressed the unmaning of the slaves and encouraged such stereotypes as the Noble Savage and the comic minstrel to justify the blacks subordination Afro Americans have emphasized a counter self image that celebrates the slaves creativity dignity pride and assertiveness ISBN 0 299 09634 3 pbk 12 50

Black Firefighters and the FDNY David Goldberg, 2017-10-23 For many African Americans getting a public sector job has historically been one of the few paths to the financial stability of the middle class and in New York City few such jobs were as sought after as positions in the fire department FDNY For over a century generations of Black New Yorkers have fought to gain access to and equal opportunity within the FDNY Tracing this struggle for jobs and justice from 1898 to the present David Goldberg details the ways each generation of firefighters confronted overt and institutionalized racism An important chapter in the histories of both Black social movements and independent workplace organizing this book demonstrates how Black firefighters in New York helped to create affirmative action from the bottom up while simultaneously revealing how white resistance to these efforts shaped white working class conservatism and myths of American meritocracy Full of colorful characters and rousing stories drawn from oral histories discrimination suits and the archives of the Vulcan Society the fraternal society of Black firefighters in New York this book sheds new light on the impact of Black firefighters in the fight for civil rights

on the Pacific Coast After Camp offers a nuanced exploration of the competing strategies and ideas about postwar assimilation among ethnic Japanese on a truly national scale The depth and range of Robinson s research is impressive and After Camp convincingly moves beyond the tragedy of internment to explain how the drama of resettlement was equally if not more important in shaping the lives of contemporary Japanese Americans Allison Varzally author of Making a Non White America **Teachers and Reform** John F. Lyons,2008 Measuring the impact of the Chicago Teachers Union on public education in Chicago Who Gets What?
