Reviving Haydn Bryan Proksch, 2015 By the 1840s Joseph Haydn who died in 1809 as the most celebrated composer of his generation had degenerated into the bewigged Papa Haydn a shallow placeholder in music history who merely invented the forms used by Beethoven In a remarkable reversal Haydn swiftly regained his former stature within the opening decades of the twentieth century Reviving Haydn New Appreciations in the Twentieth Century examines both the decline and the subsequent resurgence of Haydn's reputation in an effort to better understand the forces that shape critical reception on a broad scale No single person or event marked the turning point for Haydn's reputation Instead a broad resurgence reshaped opinion in Europe and the United States in short order The Haydn revival engaged many of the music world's leading figures composers Vincent d'Indy and Arnold Schoenberg conductors Arturo Toscanini performers Wanda Landowska critics Lawrence Gilman and scholars Heinrich Schenker and Donald Tovey each of whom valued Haydn's music for specific reasons and used it to advance particular goals Yet each advocated for a rehearing and rereading of the composer's works calling for a new appreciation of Haydn's music Bryan Proksch is assistant professor of music history at Lamar University in Beaumont Texas where he specializes in the music of the late eighteenth century

Beethoven's Dedications Artur Pereira, 2020-12-30 The dedication of a piece of music is a feature generally overlooked but it can reveal a great deal about the work the composer the society and the music world in which the composer lived This book explores the

musical biographical and sociological aspects of the practice of dedicating new compositions in the late 18th and early 19th centuries and makes a significant contribution towards a better understanding of the impact these tributes had on Beethoven's life and work and their function within the context of the musical cultural and economic environments in which they appeared. As the first of its kind this study demonstrates that as a result of their different functions published dedications and handwritten inscriptions are distinct from one another and for that reason they have been classified in different categories. This book therefore challenges the idea of what exactly can be termed as a dedication a concept which extends far beyond the dedication of musical works.

The Industrial Digest, 1921 **Sviatoslav Richter** Bruno Monsiegeon, 2002-09-15 Sviatoslav

Richter was a dazzling performer but an intensely private man Though world famous and revered by classical music lovers everywhere he guarded himself and his thoughts as carefully as his talent Fascinated author and filmmaker Bruno Monsaingeon tried vainly for years to interview the enigmatic pianist Richter eventually yielded granting Monsaingeon hours of taped conversation unlimited access to his diaries and notebooks and ultimately his friendship This book is the product of that friendship It offers readers the sizable pleasure of lingering in the thoughts and words of one of the most important pianists of the twentieth century Sviatoslav Richter belongs on the shelves of everyone with a classical music collection and will also appeal to lovers of autobiography and admirers of Russian musical culture Back cover *United States Economist, and Dry Goods Reporter* ,1918 **Modern Refrigeration and Air Conditioning** ,1921 *Merchants Trade Journal* ,1918
