The Welcome on the Mantle Dianna Aubin, 2025-08-15 Jamie has never stayed anywhere long enough to call it home In twelve years she's moved from foster home to foster home never unpacking more than the bare essentials never letting herself hope that this time might be different She doesn't remember her parents only the quiet ache of absence

and she's learned to survive by keeping her guard up. When she's placed with the Harpers just before Christmas, Jamie expects more of the same: a few months, polite smiles, and then the next move. But the Harpers' warm kitchen, snow-dusted porch, and the simple wooden welcome disc above the mantle feel unlike anything she's known. Still, belonging is a dangerous hope, and Jamie isn't sure she can risk it. As the season unfolds with neighbors stopping by, small acts of kindness, and moments of laughter she never saw coming, Jamie begins to wonder if she's finally found a place where she can unpack, not just her things but her heart. But when she overhears news that could change everything, she must decide if she's brave enough to believe in something she's never had before: a forever family. Full of warmth, winter magic, and the quiet strength it takes to trust, *The Welcome on the Mantle* is a heartwarming journey about finding where you belong and discovering that sometimes the welcome you've been waiting for has been there all along.

Welcome to the Circular Economy Claire Potter, 2021-09-09 Looking to live a life that goes beyond sustainability, *Welcome to the Circular Economy* But what it is exactly. Taking inspiration from nature, the circular economy is a series of interconnecting systems that make everyday life more sustainable. Plus, we can all be part of it, you, your second cousin, that guy that lives down the street, and the person you follow on Instagram on the other side of the world. In this handy book, Claire Potter helps explain what the circular economy is, how we as individuals fit into a bigger landscape, how we can demand more of brands, corporations, and governments, and how all the decisions we make really do make a difference.
