**TEACHING ENGLISH AS A SECOND LANGUAGE** MANISH A. VYAS, YOGESH L. PATEL, 2009-11-03 Today English Language Teaching ELT especially English as a Second Language ESL and English as a Foreign Language EFL has been witnessing unprecedented changes in curriculum teaching methodology and the application of learning theories This has created a demand for teachers who can teach English to learners of varied cultural socio economic and psychological backgrounds This book discusses the modern trends innovations as well as the difficulties and challenges in teaching and learning ESL in a non native context The book with contributions from many experts each one specializing in a particular field from countries such as UK USA Australia New Zealand India Nigeria Sri Lanka China and Japan provides new methods strategies and application oriented solutions to overcome the problems in a practical way The book deals with all topics pertinent to ESL and these are reinforced by a large number of examples and quotations from different sources What distinguishes the text is its focus on modern innovations and use of technology in ELT CLT communicative language teaching Teachers teacher trainees B Ed M A Education M Ed and teacher educators who are concerned with teaching English as a Second Language ESL should find this book immensely helpful      *Christian Couples Coping with Childlessness* Auli Vahakangas, 2009-06-01 Children are the focus of marriage in African cultures Marriage is considered full and functional only if the couple has children in many cultures preferably a boy Becoming a parent also contributes to one's full adulthood in the sense that childlessness blocks ascent towards full personal dignity as an adult person in the community As a result childlessness is often a major disaster for both of the spouses It has social economical and personal consequences quite often including divorce This book explores in depth how childlessness is perceived dealt with and coped with in two Christian communities in Machame on the slopes of Mt Kilimanjaro Childlessness is approached through narratives of the spouses concerned and the members of their communities Their stories reveal pain and courage brokenness and strength faithfulness and betrayal Christianity presents itself in an ambiguous light on one hand pressuring spouses to keep up facades supporting oppressive structures On the other hand Christian faith provides childless couples with personal hope in the afterlife that the African traditional culture offers only to those with children This study proves that childlessness is not only a personal but also a communal problem Childlessness and the fear of having no children contribute to family structures and sexual behavior In this way they have a considerable impact on the spread of HIV AIDS in Africa However this study reveals that the attitudes and practices towards marriage and children need not be petrified but rather that traditions can and do change
