Holland Jr., 2012-02-20 The dominant view among Christian theologians and philosophers is that God is timeless that he exists outside of time in an atemporal eternity In *God Time and the Incarnation* Richard Holland offers a critical evaluation of this traditional view in

light of the most central doctrine of Christianity the Incarnation of Christ Holland reviews the history of this controversy highlighting the various theological problems for which atemporal models have been offered as a solution He asserts the central importance of the Incarnation for Christian theology and evaluates several atemporal models in light of this doctrine Finally he suggests that the traditional atemporal view is not compatible with a robust and orthodox view of the Incarnation This book rejects the traditional atemporal view of God's relationship to time and argues based on the Incarnation that God experiences temporal sequence in his existence The Bloomsbury Companion to Hume Alan Bailey, Daniel Jayes

O'Brien, 2015-07-30 David Hume 1711-1776 philosopher, historian and essayist is widely considered to be Britain's greatest philosopher One of the leading intellectual figures of the Scottish Enlightenment his major works and central ideas especially his radical empiricism and his critique of the pretensions of philosophical rationalism remain hugely influential on contemporary philosophers This comprehensive and accessible guide to Hume's life and work includes 21 specially commissioned essays written by a team of leading experts covering every aspect of Hume's thought The Companion presents details of Hume's life, historical and philosophical context providing students with a comprehensive overview of all the key themes and topics apparent in his work including his accounts of causal reasoning, scepticism, the soul and the self, action, reason, free will, miracles, natural religion, politics, human nature, women, economics and history and an account of his reception and enduring influence This textbook is indispensable to anyone studying in the areas of Hume Studies, British and eighteenth-century philosophy

Rethinking Secondary Education Scherto Gill, Garrett Thomson, 2014-01-14 This is a timely, accessible and engaging book of considerable intellectual stature, bold imagination and practical wisdom Not only does it develop penetrating, elegant analyses of what is wrong with current state-controlled and alternative approaches to contemporary education, it also offers imaginative, practical suggestions for a more fulfilling, human-centred alternative Professor Michael Fielding, Institute of Education, University of London, UK With great sensitivity and force and in wonderfully clear prose Scherto Gill and Garrett Thomson explore some fundamental questions about what we want from our education system and what we can expect from it It is highly recommended for all who are interested in education, whether from a more theoretical point of view or from a more practical point of view Professor Adrian W Moore, Faculty of Philosophy, University of Oxford, UK Could we have a system of secondary education that provides alternatives to the current mainstream schooling and its emphasis on exams, learning outcomes and the delivery of a fixed curriculum How could such a system focus on both human and educational values How could secondary education combine the personal development of students with good academic standards In response to these questions Gill and Thomson have written a new, cutting-edge text aimed at all those involved in the study of education or teacher training *Rethinking Secondary Education* explores debates and critiques new and alternative approaches to teaching young people today The book discusses a human-centred approach to curriculum, pedagogy, assessment and the culture of schools and colleges It is grounded in theory and empirical research, discussing the

need for a curriculum for the future bridging a gap between mainstream and alternative education It also offers practical guidance on how these ideas can be put into practice making it an ideal resource for trainee teachers experienced practitioners and students of education alike Key features of the text A balanced approach comparing and contrasting both traditional and alternative approaches to education Strong grounding in theory and research The inclusion of young people s perspectives and voices on their education and on being an adolescent Links to practice showing how the theory and research can actually be put into practice to bring about change
