Look Out Of The Window:

Don't Look Out The Window Rose Lannen, 2018-05-11 After Jackson Scott leaves a high school party drunk and upset he crashes into a woman's home and kills them both. Now if anyone stays there they are haunted by a bright light outside the downstairs window. Even with a warning these mysterious deaths occur and no one knows what happened. If no one figures it out soon the whole town will end up haunted and or dead.

Friendship 7 Colin Burgess, 2015-04-07 In this spellbinding account of an historic but troubled orbital mission, noted space historian Colin Burgess takes us back to an electrifying time in American history when intrepid pioneers were launched atop notoriously unreliable rockets at the very dawn of human space exploration. A nation proudly and collectively came to a standstill on the day this mission flew, a day that will be forever enshrined in American spaceflight history. On the morning of February 20, 1962, following months of frustrating delays, a Marine Corps war hero and test pilot named John Glenn finally blazed a path into orbit aboard a compact capsule named Friendship 7. The book's tension-filled narrative faithfully unfolds through contemporary reports and the personal recollections of astronaut John Glenn along with those closest to the Friendship 7 story, revealing previously unknown facts behind one of America's most ambitious and memorable pioneering space missions.
