Looking Back on Progress Lord Northbourne, 2001 Collected essays on critiquing the belief in progress from a traditionalist point of view from which so called progress often appears as regress **Looking Back on Progress** Lord Northbourne, 2001 Collected essays on critiquing the belief in progress from a traditionalist point of view from which so called progress often appears as regress *The Underlying Religion* Martin Lings, Clinton Minnaar, 2007-07-18 This is an anthology of 25 essays by the leading exponents of the perennialist school of comparative religious thought It aims to be the most accessible introduction yet to the perspective of the Perennial Philosophy Religion and the Order of Nature Seyyed Hossein Nasr, 1996-09-26 The current ecological crisis is a matter of urgent global concern with solutions being sought on many fronts In this book Seyyed Hossein Nasr argues that the devastation of our world has been exacerbated if not actually caused by the reductionist view of nature that has been advanced by modern secular science What is needed he believes is the recovery of the truth to which the great enduring religions all attest namely that nature is sacred Nasr traces the historical process through which Western civilization moved away from the idea of nature as sacred and embraced a world view which sees humans as alienated from nature and nature itself as a machine to be dominated and manipulated by humans His goal is to negate the totalitarian claims of modern science and to re open the way to the religious view of the order of nature developed over centuries in the cosmologies and sacred sciences of the great traditions Each tradition Nasr shows has a wealth of knowledge and experience concerning the order of nature The resuscitation of this knowledge he argues would allow religions all over the globe to enrich each other and cooperate to heal the wounds inflicted upon the Earth *Of the Land and the Spirit* Lord Northbourne, 2008-07-29 Twenty five years before Rachel Carson published her famous work *Silent Spring* Lord Northbourne coined the phrase organic farming and helped to promote the importance of a holistic approach to the environment His work linking spirituality and ecology has inspired a generation of writings from Wendell Berry to HRH Prince Charles This book not only features Northbourne's previously unpublished writings but also his private correspondence with Thomas Merton highlighting the spiritual depth of his writings *The Transformist Illusion* Douglas Dewar, 2005 **Religion in the Modern World** Lord Northbourne, 2001 A thoroughgoing critique of the modern world from the point of view of traditional metaphysics pointing out the false assumptions at the root of many contemporary problems **On the Origin of Beauty** John Griffin, 2011-10-01 In the light of the looming ecological crisis facing the world today much of the stunning beauty of the natural world is being lost forever *On the Origin of Beauty* seeks to confront this crisis through a philosophical enquiry into our perception of natural beauty Through discussions of numerous fields including the philosophy of science environmental ethics rationalism and Eastern and Western religion Griffin asserts that Beauty itself may be the catalyst needed to save the globe from destruction Psychology and the Perennial Philosophy Samuel Bendeck Sotillos, 2013-02-26 Modern psychology is at an impasse as it searches anxiously for new therapies to address the increasing

occurrence of mental illness in contemporary society In this groundbreaking anthology leading authors from the perennialist school including Huston Smith Seyyed Hossein Nasr and Frithjof Schuon draw on the age old insights of the world s wisdom traditions to argue that modern psychology behaviorism psychoanalysis humanistic and transpersonal psychology overlooks the specifically spiritual factors contributing to mental health and illness **Frithjof Schuon and the Perennial**

Philosophy Harry Oldmeadow, 2010-04-16 This is the first comprehensive study of the intellectual and spiritual message of world renowned philosopher Frithjof Schuon 1907 1998 the foremost spokesman of the Perennialist or Traditionalist school of comparative religious thought Intended primarily as an introductory guide to Schuon s writings Harry Oldmeadow s book focuses on Schuon s exposition of metaphysics and the transcendent unity of religions his presentation of the religious traditions of East and West including the spiritual heritage of the American Indians his criticism of the modern world and his views on sacred art and beauty Also included is an overview of Schuon s paintings and poetry as well as his insights on prayer and virtue in the spiritual life This ground breaking work provides the general reader with a coherent and systematic account of the Perennial Philosophy and covers all aspects of Schuon s work Publisher s website
