

The Moment

The moment when, after many years
of hard work and a long voyage
you stand in the centre of your room,
house, half-acre, square mile, island, country,
knowing at last how you got there,
and say, I own this,

is the same moment when the trees unloose
their soft arms from around you,
the birds take back their language,
the cliffs fissure and collapse,
the air moves back from you like a wave
and you can't breathe.

No, they whisper. You own nothing.
You were a visitor, time after time
climbing the hill, planting the flag, proclaiming.
We never belonged to you.
You never found us.
It was always the other way round.

Behind the Poem Robert Hull, 2019-08-09 Published in 1988 this book is a teacher's eye view of how children come to write and rewrite poems and of how they make aesthetic choices in their writing Drawing on over twenty years experience of teaching poetry in primary and secondary schools Robert Hull presents a detailed account of the process of writing poetry in the classroom The reader is invited almost in confidence to be witness to a skilled teacher's planning recognition and definition of children's emergent understanding and expertise The author adopts a non-behaviourist model which stresses difficulty and uncertainty rejecting a simplistic assumption of linear progression predictability of outcome and short term results The many examples of poems written by the children demonstrate in a very vivid and impressive way the value of this approach All teachers not just of poetry will find this a fascinating and informed study and an inspiration for their own work in the classroom

Creativity and the Poetic Mind Jean Tobin, 2004 Creativity and the Poetic Mind mingles the voices of well-known writers such as Nikki Giovanni, Donald Hall, John Koethe, Marge Piercy, and Robert Pinsky with newer voices and includes engaging excerpts from interviews with thirty-eight American poets. Within a sustained argument about creative states of mind, this book innovatively presents and explores the technique of going to the place as more reliable in writing poetry than waiting for inspiration. It explains why poets frequently believe that talking about their own poetry may damage their creativity and why, for centuries, inspiration has seemed to come from somewhere beyond the poet. In addition, it discusses the practicality of poets thinking that being creative and writing poetry are two separate skills; inspiration is unreliable, but experienced poets create daily.

The Life and Poetry of Frank Stanford James McWilliams, 2025-07-01 The full-throated biography fans have been yearning for. Kirkus Starred Review, April 2025. When twenty-nine-year-old Frank Stanford put three bullets in his chest on June 3, 1978, he ended a life that had been inextricably linked with poetry since childhood. Deeply influential but largely unknown outside his corner of the poetry world, this prodigy of the American South inspired a cult following that has kept his reputation and work flickering on the periphery of the American literary tradition ever since. The Life and Poetry of Frank Stanford offers for the first time a comprehensive study of Stanford's life and work, introducing to a broad readership poetry that remains both

captivating to poets and in its celebration of everyday experience over academic erudition accessible to those who rarely read poetry Stanford's poems range from one line to his 15 283 line epic *The Battlefield Where the Moon Says I Love You*. The vital thread running through all of his poetry is an ear for language that vies with Walt Whitman in its expansiveness and generosity. Stanford's omnivorous attraction to vernacular particularly Black and rural vernacular centered on an admiration for the marginalized and eccentric. Blending the Southern Gothic of Faulkner and O'Connor with a racially egalitarian vision his poetry thrives on the stories and traditions of the oppressed and forgotten. The themes that preoccupied Stanford's prolific output language sex death class geography commercialism surrealism film race also preoccupied the poet in his daily life which was marked by heavy drinking philandering mental instability emotional abuse and through it all an inveterate desire for beauty. Constantly attentive to this tension biographer James McWilliams traces the short and painfully complicated life of this hidden talent who left a lifetime's worth of poetry that through its grounding in the mundane achieved a vision of the transcendent.
