introduction to the Norse Goddess Freya that covers her history mythology associations and modern appearances and offers readers suggestions for how to begin connecting to Freya in their own lives Pagan Portals - Thor Morgan Daimler, 2020-03-27 Thor is an immensely popular God but also one of contradictions whose complexity is sometimes underrated Often depicted as oafish he was clever enough to outwit the dwarf Alvis All wise A god of storms and thunder he brought fertility and blessed brides at weddings and although a defender of civilization and order he usually travelled with a trickster deity Pagan Portals Thor is an introductory book that examines both history and mythology untangling older beliefs from modern pop culture
