Loose Canons Notes Of The Culture Wars

JE Gale

Loose Canons Notes Of The Culture Wars:

Loose Canons Henry Louis Gates Jr.,1993-05-20 Multiculturalism It has been the subject of cover stories in Time and Newsweek as well as numerous articles in newspapers and magazines around America It has sparked heated jeremiads by George Will Dinesh D Sousa and Roger Kimball It moved William F Buckley to rail against Stanley Fish and Catherine Stimpson on Firing Line It is arguably the most hotly debated topic in America today and justly so For whether one speaks of tensions between Hasidim and African Americans in Crown Heights or violent mass protests against Moscow in ethnic republics such as Armenia or outright war between Serbs and Bosnians in the former Yugoslavia it is clear that the clash of cultures is a worldwide problem deeply felt passionately expressed always on the verge of violent explosion Problems of this magnitude inevitably frame the discussion of multiculturalism and cultural diversity in the American classroom as well In Loose Canons one of America s leading literary and cultural critics Henry Louis Gates Jr offers a broad illuminating look at this highly contentious issue Gates agrees that our world is deeply divided by nationalism racism and sexism and argues that the only way to transcend these divisions to forge a civic culture that respects both differences and similarities is through education that respects both the diversity and commonalities of human culture His is a plea for cultural and intercultural understanding You can t understand the world he observes if you exclude 90 percent of the world s cultural heritage We feel his ideas most strongly voiced in the concluding essay in the volume Trading on the Margin Avoiding the stridency of both the Right and the Left Gates concludes that the society we have made simply won t survive without the values of tolerance and cultural tolerance comes to nothing without cultural understanding Henry Louis Gates is one of the most visible and outspoken figures on the academic scene the subject of a cover story in The New York Times Sunday Magazine and a major profile in The Boston Globe and a much sought after commentator And as one of America s foremost advocates of African American Studies he is head of the department at Harvard he has reflected upon the varied meanings of multiculturalism throughout his professional career long before it became a national controversy What we find in these pages then is the fruit of years of reflection on culture racism and the American identity and a deep commitment to broadening the literary and cultural horizons of all Americans

Multiculturalism and Representation John Rieder,Larry E. Smith,1996-01-01

Black Enterprise ,1992-10 BLACK ENTERPRISE is the ultimate source for wealth creation for African American professionals entrepreneurs and corporate executives Every month BLACK ENTERPRISE delivers timely useful information on careers small business and personal finance

The Culture War in the Civil Rights Movement Joe Street,2017-07-21

Offers a lively well informed and perceptive analysis of the links between the postwar African American freedom struggle and various forms of black cultural expression and organizing

Cultural Wars in American Politics Rhys H. Williams, That contemporary American politics is divided into two differing ideological moral and lifestyle groups a divide so severe as to constitute a cultural war is a widely held popular belief The most systematic academic version of the culture wars claim has

appeared in two influential books by sociologist James Davison Hunter the earlier dating from 1991 Hunter's formulation of the myth serves the contributors to this volume as a point of departure They add more measured analyses to the rhetorical overstatement in Hunter's claim assessing its accuracy with a broad range of evidence based on individual attitudes subcultural values political party dynamics and culture wide ideological currents On every level of analysis the contributors find that Hunter's bipolar axis obscures the variety of ways in which culture actually functions in current politics That variety receives the nuanced treatment it deserves in this collection Examining the full range of sources of cultural politics and offering competing models for understanding the current ideological landscape this volume will be useful in a variety of classroom and seminar settings from political sociology and social movements to contemporary American culture and the sociology of religion

The Splintering of the American Mind William Egginton, 2018-08-28 A timely provocative necessary look at how identity politics has come to dominate college campuses and higher education in America at the expense of a more essential commitment to equality Thirty years after the culture wars identity politics is now the norm on college campuses and it hasn't been an unalloyed good for our education system or the country Though the civil rights movement feminism and gay pride led to profoundly positive social changes William Egginton argues that our culture's increasingly narrow focus on individual rights puts us in a dangerous place The goal of our education system and particularly the liberal arts was originally to strengthen community but the exclusive focus on individualism has led to a new kind of intolerance degrades our civic discourse and fatally distracts progressive politics from its commitment to equality Egginton argues that our colleges and universities have become exclusive expensive clubs for the cultural and economic elite instead of a national publicly funded project for the betterment of the country Only a return to the goals of community and the egalitarian values underlying a liberal arts education can head off the further fracturing of the body politic and the splintering of the American mind With lively on the ground reporting and trenchant analysis *The Splintering of the American Mind* is a powerful book that is guaranteed to be controversial within academia and beyond At this critical juncture the book challenges higher education and every American to reengage with our history and its contexts and to imagine our nation in new and more inclusive ways

The Great Canon Controversy William Casement, Debate about teaching the great books of the Western canon has galvanized American higher education in recent years *The Great Canon Controversy* provides an overview of the debate summarizing the position for the canon and the position against it Casement supports continued teaching of the canon and respect for it while calling for revising reading lists to include nontraditional works Part I describes how the canon was taught from ancient Greece to the present noting key arguments for this form of pedagogy that are still with us today specific books that were taught at different times over the centuries and controversies the canon has been subject to in the past Part II deals with anticanonism epistemological and political dimensions of the theory underlying it Casement then shows concrete examples of anticanonism in operation at Stanford University and St Lawrence University

Casement argues that while much of what anticanonists say is hyperbolic or mistaken we should listen to their demand to give fair treatment to works by marginalized authors and to great non Western works This means re reviewing works worthy of canonization that may have been obscured by prejudice but still requiring that they make it on their own merits and not out of sympathy for their authors The Great Canon Controversy will be of great interest to educators and students alike as well as those interested in the future of higher education in the United States

History of Higher Education Annual 2002 Roger L. Geiger, 2002-01-01

South African Theatre as/and Intervention, 2021-11-22 One of the most striking features of cultural life in South Africa has been the extent to which one area of cultural practice theatre has more than any other testified to the present condition of the country now in transition between its colonial past and a decolonized future But in what sense and how far does the critical force of theatre in South Africa as a mode of intervention continue In the immediate post election moment theatre seemed to be pursuing an escapist nostalgic route relieved of its historical burden of protest and opposition But as the contributors to this volume show new voices have been emerging and a more complex politics of the theatre involving feminist and gay initiatives physical theatre festival theatre and theatre for education has become apparent Both new and familiar players in South African theatre studies from around the world here respond to or anticipate the altered conditions of the country while exploring the notion that theatre continues to intervene This broad focus enables a wide and stimulating range of approaches contributors examine strategies of intervention among audiences theatres established and fledgling writers canonical and new texts traditional and innovative critical perspectives The book concludes with four recent interviews with influential practitioners about the meaning and future of theatre in South Africa

Athol Fugard Fatima Dike Reza de Wet and Janet Suzman

Bad Language Edwin Battistella, 2005-08-25 Is today s language at an all time low Edwin Battistella argues that it is wrong to think of slang regional dialects and nonstandard grammar as simply breaking the rules of good English Re examining debates over relativism in language Battistella argues that we should view language as made up of alternative forms of regularity and orderliness which require informed engagement with usage

Black Enterprise, 1992-10 BLACK ENTERPRISE is the ultimate source for wealth creation for African American professionals entrepreneurs and corporate executives Every month BLACK ENTERPRISE delivers timely useful information on careers small business and personal finance

Black Enterprise, 1992-10 BLACK ENTERPRISE is the ultimate source for wealth creation for African American professionals entrepreneurs and corporate executives Every month BLACK ENTERPRISE delivers timely useful information on careers small business and personal finance

Democracy, Education, and Multiculturalism Carlos Alberto Torres, 1998-10-29 This important book looks at developments that are changing our understanding of the role of education in citizenship and the possibilities of democratic participation The first chapter reviews theories of citizenship and education based on the classical contributions to political theory of C B MacPherson and T H Marshall The second chapter challenges educators to think more politically about education It is based

on a seminal analysis that shows the role education plays in the liberal neoliberal and neoconservative state incorporating critical perspectives from neo Marxism postmodernism and feminism In chapter three Professor Torres analyzes the transition from the welfare state to the neoliberal state including the role of international organizations in promoting educational reform and privatization policies In the concluding chapter Torres draws on Hobbes Locke Jefferson Kant Hegel Marx and other writers such as C Mouffe and C Pateman to outline contemporary approaches to multiculturalism in education and citizenship

Culture's Vanities David Steigerwald,2004 Americans want it both ways They are committed to cultural diversity yet demand an endless variety of cheap consumer goods from a global system that destroys distinct ways of life In this groundbreaking work David Steigerwald argues that Americans have papered over this paradox by embracing the rhetoric of diversity and multiculturalism which hides the extent to which they have accepted homogenized ways of working and living

Political Correctness and Higher Education John Lea,2010-05-26 This book is the first major study of political correctness in post compulsory education to be published in the UK For readers in the UK unfamiliar with the nature of the controversies in US college campuses this book offers a comprehensive assessment of the key themes including who and what was behind key campaigns For readers in the US unfamiliar with how this cultural export has fared in the UK this book looks at the significant similarities and differences in the ways that the phrase has been used in both societies

Indecent Liberties Robert Schmuhl,2000-08-01 This series of eight provocative essays examines why Americans have a penchant for going to extremes in their arts popular culture politics social movements and other aspects of life Robert Schmuhl considers historical examples the hunting of the buffalo in the West Prohibition business ventures in the Gilded Age but concentrates on contemporary subjects including the emphasis on what shocks the audience as entertainment today tensions among specific groups the decline of private life and the excesses of news media coverage in the O J Simpson and Bill Clinton Monica Lewinsky stories Indecent Liberties explores the dangers and consequences of carrying fundamental American freedoms too far In this environment achieving a public good can get lost in a frenzy of private gain or a worthwhile idea can be pushed to unrecognizable boundaries producing the opposite of its intended effect When an attitude of anything goes takes hold a sense of limits gets lost and it is different to achieve harmony or a center that holds Especially as we face a new century with talk of hyperdemocracy and hypercommunications common in intellectual circles Indecent Liberties argues that seeking equilibrium should be a central objective for all Americans To go to wretched excess can lead to indecent liberties and wretched results that throw the country off balance and endanger the future This book asks questions about today and yesterday that require answers for tomorrow This insightful analysis of a distinct American characteristic is for every reader concerned with America's penchant for going to extremes in ways that produce debatable even deplorable consequences

El Arte Nuevo de Estudiar Comedias Barbara Simerka,1996 This anthology of new approaches to literary study takes its name from Lope de Vega's *Arte nuevo de hacer comedias* Like Lope's poem on poetics this volume also operates as a defense

in the sense that many of the articles include a defense of the usefulness of literary theory in general and of their chosen approach in particular for enriching the study of the comedia In these essays it is the not quite new art of estudiar rather than hacer drama that is the central concern the contributors defending theoretical innovations approximately twenty years after James Parr in the pages of Hispania issued his challenge to Hispanists to update their approach This volume which combines innovative scholarship with the metacriticism that many critics advocate in all literary study is directed both the students of literature and to scholars who wish to expand their knowledge of the many different areas of theoretical inquiry that comediantes are currently exploring

Rightist Multiculturalism Kristen L. Buras, 2010-11-24 In this groundbreaking book Kristen Buras provides the first detailed critical examination of the Core Knowledge movement and explores the history and cultural politics underlying neoconservative initiatives in education

Debating the Canon L. Morrissey, 2016-05-24 Over the past two decades the debate over the Great Books has been one of the key public controversies concerning the cultural content of higher education *Debating the Canon* provides a primary source overview of these ongoing arguments Many of these contributions to this debate have achieved canonical status themselves through the focus on the canon the full spectrum of approaches to literary studies can be seen in the essays Therefore this collection places the recent debate within a larger context of literary criticism s development of a canon going back to the eighteenth century

The Rights Revolution Samuel Walker, 1998-09-24 The most dramatic change in American society in the last forty years has been the explosive growth of personal rights a veritable rights revolution that is perceived by both conservatives and liberals as a threat to traditional values and our sense of community Is it possible that our pursuit of personal rights is driving our country toward moral collapse In *The Rights Revolution* Samuel Walker answers this question with an emphatic no The rights revolution says Walker is the embodiment of the American ideals of morality and community He argues that the critics of personal rights from conservatives such as Robert Bork to liberals such as Michael Sandel often forget the blatant injustices perpetrated against minorities such as women homosexuals African Americans and mentally handicapped citizens before the civil ights movement They attack identity politics policies such as affirmative action but fail to offer any reasonable solution to the dilemma of how to overcome exclusion in a society with such a powerful legacy of discrimination Communitarians who offer the most comprehensive alternative to a rights oriented society rarely define what they mean by community What happens when conflicts arise between different notions of community Walker concedes that the expansion of individual rights does present problems but insists that the gains far outweigh the losses And he reminds us that the absolute protection of our individual rights is our best defense against discrimination and injustice *The Rights Revolution* is an impassioned call to honor the personal rights of all American citizens and to embrace an enriched sense of democracy tolerance and community in our nation

Loose Canons Notes Of The Culture Wars Introduction

In today's digital age, the availability of Loose Canons Notes Of The Culture Wars books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Loose Canons Notes Of The Culture Wars books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Loose Canons Notes Of The Culture Wars books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Loose Canons Notes Of The Culture Wars versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Loose Canons Notes Of The Culture Wars books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Loose Canons Notes Of The Culture Wars books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Loose Canons Notes Of The Culture Wars books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical

documents. In conclusion, Loose Canons Notes Of The Culture Wars books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Loose Canons Notes Of The Culture Wars books and manuals for download and embark on your journey of knowledge?

FAQs About Loose Canons Notes Of The Culture Wars Books

1. Where can I buy Loose Canons Notes Of The Culture Wars books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
