Congress. House. Committee on Energy and Commerce. Subcommittee on Telecommunications and Finance,1989 *The Political Sociology and Anthropology of Evil: Tricksterology* Agnes Horvath,Arpad Szakolczai,2019-10-10 This book offers a new approach to the problem of evil through an examination of the anthropological figure of the trickster A lesser known and much more recent term than evil the authors use the trickster to facilitate a greater understanding of the return of evil in the modern era Instead of simply opposing good and evil the figure of the trickster is used to pursue the trajectories of similarities and quasi similarities through imitation After engaging with the trickster as presented in comparative anthropology and mythology where it appears in tales and legends as a strange erratic outsider the authors seek to gain an inside perspective of trickster knowledge through an examination of mythology and the classical world including both

philosophers and poets The book then goes on to trace the trickster through prehistory using archaeological evidence to complement the diverse narratives In this way and by investigating the knowledge and customs surrounding evil the authors use the figure of the trickster to provide an unprecedented diagnosis of the contemporary world where external mechanical rationality has become taken for granted and even considered as foundational in politics economics and technologised science The authors advance the idea that the modern world with its global free markets mass mediatic democracy and technologised science represents a universalisation of trickster logic The Political Sociology and Anthropology of the Evil will be of interest to scholars working in the fields of social theory political anthropology and political sociology as well as those interested in the ways in which evil can infiltrate reality *Dark Pool of Light: The crisis and future of consciousness* Richard Grossinger,2012 Explores and compares neuroscientific and philosophical views of reality and human consciousness Provided by publisher *Newport!* Lenard Davis,2013-11 It got me thinking about the hundreds of years of Newport Beach history It made me excited about from where they came Hail Chinigchinich Tom Johnson former publisher of the Daily Pilot and Newport Beach Independent Reading this epic is like riding in a time machine from the first Indians in the area through the Spanish Mexican and American settlements in the 20th Century Through a series of short stories Davis weaves his opus with suspense conflict humor romance heroes betrayal murder and hope It reads like a TV mini series because of his vivid descriptive often conversational and colorful writing Chris MacDonald seecalifornia com Old time fans of Dallas or Dynasty will appreciate how the stories of family betrayal illegitimacy and murder are played out here in our own community Keith Curry Former Mayor of Newport Beach CA James Michener move over John Tobin Western Australia [The Knickerbocker](#),1859 **A Journey Through Life's lessons** Hrithik S,2025-04-07 About the book A Journey Through Life s Lessons by Hrithik S is a compelling and heartfelt self help book that delves deep into the human experience offering readers valuable insights on how to navigate the complexities of life Rooted in personal reflection emotional growth and practical wisdom the book takes readers on a transformative journey through the highs and lows that define our everyday lives Hrithik S weaves together stories lessons and thoughtful commentary that speak to universal challenges such as failure self doubt change fear and the pursuit of success Each chapter is crafted to inspire introspection and growth encouraging readers to pause reflect and draw meaning from their own experiences This book emphasizes the importance of resilience self belief and continuous learning The author urges readers not to shy away from pain or setbacks but to see them as necessary stepping stones to growth and understanding By learning from mistakes and embracing both the good and the bad individuals can develop the strength and mindset required to lead a purposeful and meaningful life The writing is warm and relatable making even complex life lessons accessible and easy to connect with Throughout the book Hrithik S gently reminds us that life is not a race but a journey one that we must take with patience curiosity and an open heart The narrative is filled with motivational insights that push readers to rise above negativity develop self awareness and pursue inner peace and fulfillment Whether
