scene and character should grab readers and keep them eagerly turning pages right up to the startling climax Booklist A compelling tale of friendship and motherhood told with compassion and vivid honesty Chamberlain takes the reader on a taut journey filled with secrets heartbreak and the power of hope Impossible to put down Heather Gudenkauf New York Times bestselling author of *The Overnight Guest* *The First Black Mayor of Terry, MS* Roderick T. Nicholson, 2025-10-06 This is an account of Rod Nicholson a naive young African American professional man born raised and educated in the Midwest who came to Mississippi by way of Chicago to begin his married life and start a family This is his perspective of Southern culture politics and race relations from an outsider's viewpoint Eventually Rod Nicholson and his family moved to the quaint little town of Terry MS Less than two years after arriving in Terry Rod was encouraged to run for and won a seat on the town's Board of Aldermen Four years later Rod ran for Mayor becoming the town's first African American Mayor Mayor Rod Nicholson was re-elected to two additional four year terms in a town with roughly an even distribution of black and white residents For a number of years things appeared to go smoothly for this part-time Mayor Being a Civil Engineer by training Mayor Rod had a skill set that enabled him to successfully secure funding for a number of much needed infrastructure improvements for this town that seemed to have a lot of potential but apparently had languished in neglect for decades And his efforts did seem to be appreciated by the rank and file residents from all walks of life in this small town However not everyone was happy with this new Mayor and the bold changes that he championed As time went by it became apparent that beneath the genteel facade of the townsfolk there lie a more sinister side where race permeated every facet of life in a closed society that apparently was either unable or unwilling to change This is Mayor Roderick Nicholson's real life account of these experiences Positive and negative And in his own words *The Lost History of the Capitol* Edward P. Moser, 2021-10-01 The Lost History of the Capitol is an account of the many bizarre tragic and violent episodes that have occurred in and around the Capitol Building from the founding of the federal capital city in 1790 up to contemporary times including the events of January 6 2021 In this 230 year span the Senate the House of Representatives and the neighborhoods nearby have witnessed dozens of high profile scandals trials riots bombings and personal assaults along with some inspiring events as well This is a popular work about the US Capitol Building and its environs Among the many incidents the book chronicles are a duel to the death between congressmen the terror bombings of the Senate the first assassination attempt on a US president moving tributes to war heroes and heroines vicious brawls between senators and congressmen protest marches both uplifting and illicit public hangings near the Capitol steps a gun battle in the House bloody ethnic broils quelled by a famous father and son and the citywide and Capitol Building riots of 2020 21 **The Carceral City** John Bardes, 2024-04-02 Americans often assume that slave societies had little use for prisons and police because slaveholders only ever inflicted violence directly or through overseers Mustering tens of thousands of previously overlooked arrest and prison records John K Bardes demonstrates the opposite in parts of the South enslaved and free people were jailed at astronomical rates Slaveholders were

deeply reliant on coercive state action Authorities built massive slave prisons and devised specialized slave penal systems to maintain control and maximize profit Indeed in New Orleans for most of the past half century the city with the highest incarceration rate in the United States enslaved people were jailed at higher rates during the antebellum era than are Black residents today Moreover some slave prisons remained in use well after Emancipation in these forgotten institutions lie the hidden origins of state violence under Jim Crow With powerful and evocative prose Barden boldly reinterprets relations between slavery and prison development in American history Racialized policing and mass incarceration are among the gravest moral crises of our age but they are not new slavery the prison and race are deeply interwoven into the history of American governance

Catching the Wind Francis E. Hutchinson, Johan Saravanamuttu, 2012 However impressive the economic success of Penang has been over the past four decades structural conditions in the region call for a fundamental reconfiguration of this Malaysian state's competitive advantage In the 1970s the ageing entrepreneur transformed itself into a manufacturing hub for the electronics industry and a well known tourist site This outward looking model of economic growth has underpinned Penang's economic development up until the present The question that now arises is whether Penang's present mode of development will continue to be effective or whether it will have to transform itself First Malaysia in general and Penang in particular are caught in a middle income trap Second while the evolving weight of the global economy is shifting towards Asia many of its emerging powers are competing with Penang in areas where it formerly excelled Third Penang is a state within a federation and its capital George Town is a secondary city Neither can rival Kuala Lumpur in terms of size or facilities and thus must offer investors other attributes Effectively meeting these challenges while retaining Penang's vibrant and living culture are the key issues that are dealt with in this second volume of the Penang Studies Series
