The Book of Lost Names Kristin Harmel, 2020-07-21 A fascinating heartrending page turner that like the real life forgers who inspired the novel should never be forgotten Kristina McMorris New York Times bestselling author of *Sold on a Monday* Inspired by an astonishing true story from World War II a young woman with a talent for forgery helps hundreds of Jewish children flee the Nazis in this sweeping and magnificent Fiona Davis bestselling author of *The Lions of Fifth Avenue* historical novel from the 1 international bestselling author of *The Winemaker's Wife* Eva Traube Abrams a semi retired librarian in Florida is shelving books when her eyes lock on a photograph in the New York Times She freezes it's an image of a book she hasn't seen in more than sixty years a book she recognizes as *The Book of Lost Names* The accompanying article discusses the looting of libraries by the Nazis across Europe during World War II an experience Eva remembers well and the search to reunite people with the texts taken from them so long ago The book in the photograph an eighteenth century religious text thought to have been taken from France in the waning days of the war is one of the most fascinating cases Now housed in Berlin's Zentral und Landesbibliothek library it appears to contain some sort of code but researchers don't know where it came from or what the code means Only Eva holds the answer but does she have the strength to revisit old memories As a graduate student in 1942 Eva was forced to flee Paris and find refuge in a small mountain town in the Free Zone where she began forging identity documents for Jewish children fleeing to neutral Switzerland But erasing people comes with a price and along with a mysterious handsome forger named R my Eva decides she must find a way to preserve the real names of the children who are too young to remember who they really are The records they keep in *The Book of Lost Names* will become even more vital when the resistance cell they work for is betrayed and R my disappears An engaging and evocative novel reminiscent of *The Lost Girls of Paris* and *The Alice Network* *The Book of Lost Names* is a testament to the resilience of the human spirit and the power of bravery and love in the face of evil *The Book of Lost Names* Kristin Harmel, 2021-05-25 As a graduate student in 1942 Eva was forced to flee Paris after the arrest of her father a Polish Jew Finding refuge in a small mountain town in the Free Zone she begins forging identity documents for Jewish children fleeing to neutral Switzerland But erasing people comes with a price and Eva decides she must find a way to preserve the real names of the children who are too young to remember who they really are Sixty five years later a book is discovered that appears to contain some sort of code but researchers don't know where it came from or what the code means Only Eva holds the answer but will she have the strength to revisit old memories and help reunite those lost during the war *Lost Names* Richard E. Kim, 1982 *The Martyred* Richard E. Kim, 2011-05-31 Written in a mood of total austerity and yet the passion of the book is perpetually beating up against its seemingly barren surface I am deeply moved Philip Roth During the early weeks of the Korean War Captain Lee a young South Korean officer is ordered to investigate the kidnapping and mass murder of North Korean ministers by Communist forces For propaganda purposes the priests are declared martyrs but as he delves into the

crime Lee finds himself asking What if they were not martyrs What if they renounced their faith in the face of death failing both God and country Should the people be fed this lie Part thriller part mystery part existential treatise *The Martyred* is a stunning meditation on truth religion and faith in times of crisis For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators

The Region of Lost Names Fred Arroyo, 2008 Remember that the dream of one is the dream of everyone Ernest is searching for a place where he can live beyond his past His family has returned to Puerto Rico and Ernest remains in the States desiring only distance from his memories of childhood displacement and work his parents tumultuous relationship and his own love for Magdalene Magdalene too looks to move beyond her memories as she follows Ernest s family home seeking resolution to her mother s hurtful secrets her father s unknown identity and her love for Ernest As Ernest moves through the fields of Michigan as Magdalene traverses the jungles of Puerto Rico and the shores of the Caribbean they discover that their dreams and identities are linked within the framework of their families and their pasts Together Ernest and Magdalene must come to terms with the secrets and mistakes made by the previous generation the histories of disloyalty and abandonment of secrecy and sorrow Their struggles take place in a region of lost names where loves and memories are banished and found Fred Arroyo writes a story in two voices following Ernest and Magdalene by turns in prose that is elegant and lyrical His words evoke another world lush with the scent of salt spray the taste of mangoes and the rush of leaves alive with characters whose ardors and pathos are achingly real Arroyo explores the ebb and flow between past and present and themes that are enduring Ultimately Ernest and Magdalene must live with more than their memories they must rediscover the intimacies of the region of lost names

Sarah Soh,2020-05-15 In an era marked by atrocities perpetrated on a grand scale the tragedy of the so called comfort women mostly Korean women forced into prostitution by the Japanese army endures as one of the darkest events of World War II These women have usually been labeled victims of a war crime a simplistic view that makes it easy to pin blame on the policies of imperial Japan and therefore easier to consign the episode to a war torn past In this revelatory study C Sarah Soh provocatively disputes this master narrative Soh reveals that the forces of Japanese colonialism and

Korean patriarchy together shaped the fate of Korean comfort women a double bind made strikingly apparent in the cases of women cast into sexual slavery after fleeing abuse at home Other victims were press ganged into prostitution sometimes with the help of Korean procurers Drawing on historical research and interviews with survivors Soh tells the stories of these women from girlhood through their subjugation and beyond to their efforts to overcome the traumas of their past Finally Soh examines the array of factors from South Korean nationalist politics to the aims of the international women s human rights movement that have contributed to the incomplete view of the tragedy that still dominates today *Encyclopedia of Asian-American Literature* Seiwoong Oh,2015-04-22 Presents a reference on Asian American literature providing profiles of Asian American writers and their works **Egyptian Topographical Lists Relating to Western Asla ,**
