

A close-up, low-angle shot of a golden statue's face, possibly a deity or a historical figure. The statue is highly detailed, with visible textures on its skin and hair. A thick, red, viscous liquid, resembling blood, is smeared across the top of the head and flows down the side of the face. The lighting is dramatic, with strong highlights on the statue's features and deep shadows in the background.

Lost Paradise:

The Lost Paradise Janice F. Keilholtz, 2014-09-29 Way back when in 1963 and then again in 1969 two baby girls were born to Janice Keilholtz Landis and Wesley Landis While raising the two of us they attempted to teach us many life lessons One of the more important ones being trust The others being love and respect and so on Janice and Wes truly loved respected and trusted each other My sister and I witnessed this on a daily basis while growing up Anyone who knew or met them could see it right away However I didnt know that the true lessons of love respect and most of all trust were taught to us more not in life but in death The death of our mother Janice Keilholtz Landis Now when Mom was alive she had a box It was her box My sister and I had no knowledge of this box Dad knew of the box but not of the contents Mom had told him This is my box and you dont look in it And you know he ever did That is until she passed away Then when he was cleaning out a closet he came across the box When he opened it he discovered scrapbooks she had put together In one of them he found several poems she had written one of which was all the way back when she was in sixth grade She kept all of these a secret We had no idea she had written any of them She loved respected but most of all trusted our dad to not look in the box and he never did until her death As we read through them we found they were too beautiful to be kept a secret anymore and wanted to share them with everyone We hope you will enjoy them as much as we do Wesley Landis Leann Landis Weaver and Jennifer Landis Wootten **Lost Paradise (CD).** Paradise Lost, 1990 **The Myth of the Lost Paradise in the Novels of**

Jacques Poulin Paul Socken, 1993 Socken analyzes the shape and direction of Poulin s creation narratives as they evolve in the novels and demonstrates their presence from the earliest quasi political *Un cheval pour mon royaume* to the highly introspective *Le Vieux Chagrin* The novels move from an outer directed concept of the lost paradise as a state to be attained beyond the self to a sense of the lost paradise as the kingdom within achievable first on the individual level as self knowledge and only afterwards on the social level Poulin introduces the theme of the soul and his personal concept of it as the soul for him is proof of the inner life that embodies the qualities of tranquility and tenderness associated with the lost paradise Lost paradise literature is universal and timeless Poulin s portrayal is placed in historical context so that his contribution to the genre can be fully appreciated Referring to studies by such critics as Mircea Eliade Northrop Frye Jerome S Bruner and Jack J

Adam Speaks: How I Lost Paradise Adam Pro, 2010-08-18 Adam speaks The story of Adam and Eve is known throughout the world It is a tale passed down through the beginning of humanity that is believed by Christians Jews and Muslims alike There isn t much to it other than the creation of man and woman and the loss of paradise attributed to their disobedience in biting an apple from a forbidden tree This book gives a detailed portrayal of the familiar story from the perspective of Adam It tells of the relationship Adam had with God before and after Eve was created and before and after the fall as well As a consequence to Adam s sin he is doomed to live many lives to witness the effect it has on mankind throughout history to the present day Adam narrates significant events of history such as the fall of Satan the first murder the great flood and the

origins of the Jewish Christian and Muslim nations Along the way he explains mysteries like creation evolution giants dinosaurs reincarnation and the spiritual laws that control the universe As Adam tells his story he produces a scathing diatribe directed at organized religion with the passion only the one and only original man can muster This story is thought provoking and entertaining and should appeal to fans of fiction and non fiction believers non believers and lovers of philosophy The Lost Paradise and Other Poems John Tattersall,1904 *Romantic Lieder and the Search for Lost Paradise* Marjorie Wing Hirsch,2007 This book examines the theme of lost paradise in Lieder by nineteenth century composers including Franz Schubert **Performing al-Andalus** Jonathan Holt Shannon,2015-07-28 Performing al Andalus explores three musical cultures that claim a connection to the music of medieval Iberia the Islamic kingdom of al Andalus known for its complex mix of Arab North African Christian and Jewish influences Jonathan Holt Shannon shows that the idea of a shared Andalusian heritage animates performers and aficionados in modern day Syria Morocco and Spain but with varying and sometimes contradictory meanings in different social and political contexts As he traces the movements of musicians songs histories and memories circulating around the Mediterranean he argues that attention to such flows offers new insights into the complexities of culture and the nuances of selfhood Lost Paradise Catherine Lucile Moore,2011-09-30 Northwest Smith embarks on a dangerous trip to learn the secrets of the moon and a lost civilization excerpt I ll bet you the next drinks murmured Yarol his wise black eyes twinkling under long lashes that you can t guess what race that little fellow s from or where it originated The next drinks are on me anyhow grinned Smith No I can t guess Does it matter Oh curious that s all I ve seen a member of that race only once before in my life and I ll bet you never saw one And yet it s an Earth race perhaps the very oldest Did you ever hear of the Seles Smith shook his head silently his eyes on the little figure below which was slowly drawing out of sight beneath the overhang of the terrace on which they sat They live somewhere in the remotest part of Asia no one knows exactly where But they re not Mongolian It s a pure race and one that has no counterpart anywhere in the solar system that I ever heard of I think even among themselves their origin has been forgotten though their legends go back so far it makes you dizzy to think of it They re queer looking all white haired and fragile as glass Keep very much to themselves of course When one ventures out into the world you can be sure it s for some tremendously important reason Wonder why that fellow oh well not that it matters Only seeing him reminded me of the queer story that s told about them They have a Secret No don t laugh it s supposed to be something very strange and wonderful which their race life is dedicated to keeping quiet I d give a lot to know what it is just for curiosity s sake None of your business my boy said Smith sleepily Like as not it s better for you that you don t know These secrets have a way of being uncomfortable things to know No such luck Yarol shrugged Let s have another drink on you remember and forget it

Endings in the Cinema Michael Walker, 2020-03-13 This book offers a new way of thinking about film endings Whereas existing works on the subject concentrate on narrative resolution this book explores the way film endings blend together a complex of motifs tropes and other elements to create the sense of an ending that is it looks at endings as endings Drawing on a wide range of examples taken from films of different periods and national cinemas the author identifies three key features which structure the work thresholds and boundaries water and above all the beach The beach combines water and a boundary and is the most resonant of the key sites to which film endings gravitate Although beach endings go back to at least 1910 they have increased markedly in post classical cinema and can be found across all genres and in films from many different countries As the leading example of the book's argument they illustrate both the aesthetic richness and the structural complexity of film endings Paradise Lost, Paradise Regained!
