Simester and Sullivan's *Criminal Law* is an outstanding account of modern English criminal law combining detailed exposition and analysis of the law with a careful exploration of its theoretical underpinnings. Primarily it is written for undergraduate students of criminal law and it has become the set text in many leading universities. Additionally, the book is used as an important point of reference in academic writing and postgraduate research in England and abroad. Simester and Sullivan's *Criminal Law* has been cited by appellate courts throughout the world. Review of Previous Edition undoubtedly a first rate companion for any undergraduate or post graduate law course. Since attaining international recognition and citation in appellate courts worldwide, the security of the text's position as a point of academic reference remains as steadfast as ever.

John Taggart *Criminal Law Review* *Homicide and the Politics of Law Reform* Jeremy Horder, 2012-07-12 What makes murder murder? How should we understand the difference between intentional and reckless killing? Should offenders be punished differently according to the perceived severity of their crime and when should they be excused? These questions are the topic of intense debate within legal circles and beyond. In the UK, the US and the rest of the world, Jeremy Horder's role as the Law Commissioner for England and Wales on criminal law has given him unique insight into these questions and the debates surrounding them. Here he analyses the recent political and legal reform movements, offering a political history of homicide law reform from the 19th century to the modern era. Using homicide as a starting point, Horder raises deeper questions of who is and should be responsible for making and changing the law. What role should there be for expert bodies, judges and politicians? What role should there be for the general public? These questions invoke strong emotional responses. Horder argues that comprehensive research into and a degree of deference to public opinion on the scope of homicide is essential to the reform process. It is essential principally as a means of conferring true legitimacy on homicide reform in a democracy. Elite or expert opinion alone will never authentically secure such legitimacy. Offering an insider's view into the processes of achieving law reform, Horder expresses criticism of a system that excludes the vast majority of people from consultation on reform of the laws that govern them.

Personal and Archetypal Dynamics in the Analytical Relationship Mary Ann Mattoon, 1991 The 11th International Congress for Analytical Psychology was held in Paris from 28 August to 2 September 1989. It is no surprise that the theme of *Personal and Archetypal Dynamics in the Analytical Relationship* succeeded in drawing widely varying and controversial responses. More than ever before, the fifty-five contributors of papers represent Jungian groups from around the globe in every sense. However, while differences of approach are evident throughout this fascinating collection, so too is an ever more significant sense of synthesis. In the end, we all share a common task.

Psychoanalytic Perspectives on Virtual Intimacy and Communication in Film Andrea Sabbadini,Ilany Kogan,Paola Golinelli,2018-09-03 Psychoanalytic Perspectives on Virtual Intimacy and Communication in Film brings together a group of psychoanalysts to explore through film the new forms of communication mainly the internet that enter more and more frequently into the affective lives of people their intimacy and even the analytic room The contributors all practising psychoanalysts analyse the potential and surprising transformations that human relationships including psychoanalysis are undergoing At present it is difficult to value the future importance and predict the possible disquieting consequences of the use and abuse of the new technologies we run the risk of finding ourselves unprepared to face this revolutionary transformation in human connections and affects Will it be possible in a near future that human beings prefer to fall in love with a machine gifted with a persuasive voice instead of a psychoanalyst in person The contributors explore the idea that virtual intimacy could begin to replace real life in sentimental and psychoanalytic relationships Imagination and fantasy may be strengthened and may ultimately prevail over the body excluding it entirely Can the voice of the analyst sometimes transmitted only by telephone or computer produce a good enough analytic process as if it were in person or will it help to foster a process of idealisation and progressive alienation from real life and connections with other human beings The film Her 2013 alongside others offers a wonderful script for discussing this matter because of the deep and thoughtful examination of love and relationships in the contemporary world that it provides Psychoanalytic Perspectives on Virtual Intimacy and Communication in Film will be of great interest to all psychoanalysts and psychoanalytic psychotherapists interested in the ongoing impact of technology on human relationships
