Allen,2024-10-15 The date of the Cerne Giant has long been a matter for debate as exemplified by a public and televised debate of March 1996 published as The Cerne Giant An Antiquity on Trial 1999 Oxbow Books Excavations were conducted in 2020 by the National Trust in the centenary year of its ownership of the Giant The excavations were limited and targeted in extent and scope the aim was to date the actual construction of the iconic figure by absolute dating methods OSL As the 1999 publication explained the jury was still out with advocates for a prehistoric origin one connected to the period of the Civil War or a more modern one In the event the dates were a complete surprise falling within the Anglo Saxon period The research has provided an accurate scientifically verified date for the Cerne Giant These unexpected results together with the land use history and ominous disappearance of the Giant for six centuries provide the platform for reconsideration and new discussion and debate Part 1 deals with new research the historical background and aims the excavation results stratigraphic finds geoarchaeological interpretation land use history environmental land snails and discussion Part 2 is the wider

discussion and implications derived from the results and places the Giant in his local and Saxon context Part 3 begins with summaries of the other two excavated hill figures the Long Man of Wilmington and the Uffington White Horse followed by a series of essays from leading archaeologists historians and experts in early medieval iconography **The Shell Country Alphabet** Geoffrey Grigson,2009-07-02 In the 1960s Geoffrey Grigson travelled around England writing the story of the secret landscape that is all around us if only we take the time to look and see The result is a book that will take you on an imaginative journey revealing hidden stories unexpected places and strange phenomena From green men ice scratches cross legged knights and weathercocks to rainbows clouds and stars from place names and poets to mazes dene holes and sham ruins via avenues dewponds and village greens The Shell Country Alphabet will help you discover the world that remains just off the motorway Geoffrey Grigson resurrected the minor the provincial and the parochial he was an erudite and unrivalled topographer ardent in promoting informed awareness of the distinctiveness of place Toby Barnard An anthologist of genius P J Kavanagh **Lake District, a Megalithic Journey** Neil McDonald,2011-01-02 The Lake District A Megalithic Journey Neil McDonald has been visiting the Lake District since childhood spending many happy hours walking in the spectacular fells and valleys Over the years he has become an expert in the many ancient mystical and historical sites of this beautiful part of northern England Neil has been taking tour groups to the area for many years and in this book he has used his wealth of experience to create a circular tour of some of the best sites the region has to offer **The Wiltshire Archaeological and Natural History Magazine** ,2005 The Hard Way Susannah Walker,2024-06-06 A powerful manifesto for women who long to walk alone and safely in the countryside Dr Sharon Blackie author of If Women Rose Rooted Why is it radical for women to walk alone in the countryside when men have been doing so for centuries The Hard Way is a powerful and illuminating book about addressing this imbalance reclaiming fearlessness and diving into the history of the landscape from a woman s point of view Setting off to follow the oldest paths in England the Ridgeway and the Harrow Way Susannah Walker comes across artillery fire concern from passing policemen and her own innate fear of lone figures in the distance a landscape shaped by men from prehistoric earthworks to today s army bases But along the way Susannah finds Edwardian feminists rebellious widows forgotten writers and artists as well as all their anonymous sisters who stayed at home throughout history They become her companions over 135 miles of walking revealing how much or how little has changed for women now An urgent call Guy Shrubsole author of Who Owns England A fascinating personal journey Sophie Pierce author of The Green Hill Thought provoking rich and interesting Andrew Ziminski author of The Stonemason On this Holy Island Oliver Smith,2025-03-04 A lyrical and insightful narrative that presents a new approach to the idea of pilgrimage traversing paths both ancient and modern Retracing sacred travel made across time from murmurs of ritual journeys in the depths of Ice Age to new pilgrimages of the 21st century On This Holy Island is an an epic adventure across sacred British landscapes We follow Oliver Smith as he climbs into remote sea caves sleeps inside Neolithic tombs scales forgotten holy mountains and

once even marrons himself at sea Following holy roads to churches cathedrals and standing stones this evocative and enlightening travelogue explores places prehistoric pagan and Christian Smith also reveals how football stadiums and music festivals have become contemporary places of pilgrimage Though the routes walked are often ancient the pilgrims he meets are always modern But underpinning the remarkable book is a timeless truth that making journeys has always been a way of making meaning So often Smith finds the unravelling of a path goes in tandem with the unravelling of the soul **The British National Bibliography** Arthur James Wells,1999 **The Avebury Landscape** Graham Brown,David Field,David McOmish,2005 It is over one hundred years since the publication of the wide ranging archaeological field investigation undertaken on the Marlborough Downs by the Rev A C Smith His work *Guide to the British and Roman Antiquities of the North Wiltshire Downs in a Hundred Square Miles round Abury* was originally published in two volumes in 1884 by the Marlborough College Natural History Society then reprinted and bound into a single volume and published in 1885 by the Wiltshire Archaeological and Natural History Society after half the original print run was destroyed in a fire As in most works of inventory the volume has certainly stood the test of time and is still one of the basic reference texts for students of the area Since then apart from a few notable exceptions archaeological literature about the area has been largely site based and there has been little concerning the Marlborough Downs as a whole In order to try and redress this imbalance a day conference was organised in April 2002 at the University of Bath Swindon where it was possible to acknowledge and mark the ongoing validity of Smith s work and where a number of papers on various aspects of recent research on the Marlborough Downs were presented The results of the conference are presented in this volume together with a number of other commissioned contributions from individuals who have undertaken research in the area during the last decade or so Each essay stands alone but they are connected by a common theme that of the land and how it has changed over millennia
