Love and Sex in the Time of Plague Guido Ruggiero, 2021-06-01 Guido Ruggiero brings readers back to Renaissance Florence capturing how the Decameron sounded to fourteenth century ears Giovanni Boccaccio's masterpiece of love sex loyalty and betrayal resonated amid the Black Death and the era's convulsive political change reimagining truth and virtue in a moment both desperate and full of potential

Love, Sex, and Desire in Modern Egypt L. L. Sex, Love, and Marriage in the 21st Century Robert T. Francoeur, Martha Cornog, Timothy Perper, 1999 Love sex and marriage are changing faster than ever before in human history The current tidal wave of social changes will continue into the next century and we will have to adapt our sexual values and relationships to these accelerating changes These 22 honest authentic stories tell of the unconventional paths pioneering church leaders and spiritually aware women and men have taken in their quest to link their sexuality with their spiritual needs Some might see in these unorthodox explorations only tales of promiscuous couplings But these are not stories of wild thrill seekers These are tales told from the core of their being about their deeply felt need for genuine responsible love and intimacy within a spiritual context Their journeys do not promise paradise or instant happiness as popular magazines do with recipes for lifelong marital bliss and fiery passion These sojourners have much to teach us even when we decide that this or that path is not for us Their individual paths are not nearly as important as the simple message

of God and Eros being inseparable that underlies journey God and Eros can come together in many different relationships And they must come together if we want to nourish and fulfill the divine spark at the core of our being These women and men challenge our assumptions and our willingness to adapt to our radically changing world **New Philosophies of Sex and Love** Sarah LaChance Adams, Christopher M. Davidson, Caroline R. Lundquist, 2016-11-30 Our amorous and erotic experiences do not simply bring us pleasure they shape our very identities our ways of relating to ourselves each other and our shared world This volume challenges some of our most prevalent assumptions relating to identity the body monogamy libido sexual identity seduction fidelity orgasm and more In twelve original and philosophically thought provoking essays the authors reflect on the broader meanings of love and sex what their shifting historical meanings entail for us in the present how they are constrained by social conventions the ambiguous juxtaposition of agency and passivity that they reveal how they shape and are formed by political institutions the opportunities they present to resist the confines of gender and sexual orientation how cultural artefacts can become incorporated into the body and how love and sex both form and justify our ethical world views Ideal for students both in philosophy and gender studies this highly readable book takes us to the very heart of two of the most important dimensions of human experience and meaning making to the seductive and alluring confusing and frustrating realms of love and sex **Cosmic Sex, Power, Love. .
