Magic Child

Rita Bode, Lesley D. Clement, E. Holly Pike, Margaret Steffler

Magic Child:

Magic's Child Justine Larbalestier, 2007-03-22 More information to be announced soon on this forthcoming title from Magic and the Mind Eugene Subbotsky, 2010-03-31 Magical thinking and behavior have traditionally been viewed as immature misleading alternatives to scientific thought that in children inevitably diminish with age In adults these inclinations have been labeled by psychologists largely as superstitions that feed on frustration uncertainty and the unpredictable nature of certain human activities In Magic and the Mind Eugene Subbotsky provides an overview of the mechanisms and development of magical thinking and beliefs throughout the life span while arguing that the role of this type of thought in human development should be reconsidered Rather than an impediment to scientific reasoning or a byproduct of cognitive development in children magical thinking is an important and necessary complement to these processes enhancing creativity at problem solving and reinforcing coping strategies among other benefits In adults magical thinking and beliefs perform important functions both for individuals coping with unsolvable problems and stressful situations and for society enabling mass influence and promoting social harmony Operating in realms not bound by physical causality such as emotion relationships and suggestion magical thinking is an ongoing developing psychological mechanism that Subbotsky argues is integral in the contexts of politics commercial advertising and psychotherapy and undergirds our construction and understanding of meaning in both mental and physical worlds Magic and the Mind represents a unique contribution to our understanding of the importance of magical thinking offering experimental evidence and conclusions never before collected in one source It will be of interest to students and scholars of developmental psychology as well as sociologists anthropologists and educators The Varieties of Magical Experience Lynne L. Hume Ph.D., Nevill Drury, 2013-01-24 A rare combination of personal and academic this book showcases the myriad avenues for transcending the boundaries of reality through direct sensory experience The Varieties of Magical Experience Indigenous Medieval and Modern Magic provides a comprehensive volume that examines magic in all its aspects Through detailed case studies verbatim accounts of personal experiences and first hand experience from the authors own active participation in many alternative religious rituals and ceremonies this unique book reveals how magic can be a universal phenomenon that crosses cultural historical and spatial boundaries The work is organized in five sections that embrace several broad themes indigenous magical and shamanic practices medieval witchcraft sorcery and hermetic magic and contemporary Western magical practices including the role of sexuality trance and meditation The introductory section explores the idea of magic other realities and the employment of all the senses while the final section discusses contemporary issues of ecology and cybermagic The authors give voice to the powerful emotions and feelings that result from a magical encounter providing engaging and accessible information to general readers while those well versed in the opaque world of magic and occultism consciousness studies and imaginal and disembodied realms will appreciate the book s content at a deeper level Step Into the Box Wilma

Enders, 2008-03 Come join our three friends Timothy Jason and Annie along with their pet bird on an amazing adventure One rainy day the three children find an old box in the basement but little do they know that by opening the box and stepping playfully into it they will soon find themselves in a world filled with wonder fun and excitement This book is unique as it pulls the readers into the story and gives them a chance to interact and to identify themselves with the heroes It almost seems as if the reader is standing next to the three children and experiences their wishes laughter fears and friendship Meet their new friends and enemies like the black sorcerer in Gigantica take part in their adventures and use your imagination when you help them to complete their tasks Make a looking glass use magic ink build Candyland etc It is an ADVENTURE Story It is a CRAFTS book It is a GAMES book It is a COOK book This story will test the courage and friendship of our three friends Will you help them What are you waiting for OPEN THE BOX AND LET THE ADVENTURE BEGIN Child Autonomy and Child Governance in Children's Literature Christopher Kelen, Bjorn Sundmark, 2016-11-18 This book explores representations of child autonomy and self governance in children's literature. The idea of child rule and child realms is central to children's literature and childhood is frequently represented as a state of being with children seen as aliens in need of passports to Adultland and vice versa In a sense all children's literature depends on the idea that children are different separate and in command of their own imaginative spaces and places Although the idea of child rule is a persistent theme in discussions of children's literature or about children and childhood the metaphor itself has never been properly unpacked with critical reference to examples from those many texts that are contingent on the authority and or power of children Child governance and autonomy can be seen as natural or perverse it can be displayed as a threat or as a promise Accordingly the child rule motif can be seen in Robinsonades and horror films in philosophical treatises and in series fiction The representations of self ruling children are manifold and ambivalent and range from the idyllic to the nightmarish Contributors to this volume visit a range of texts in which children are in various ways empowered discussing whether childhood itself may be thought of as a nationality and what that may imply This collection shows how representations of child governance have been used for different ideological aesthetic and pedagogical reasons and will appeal to scholars of children's literature childhood studies **Empowering Children Through Art and Expression** Bruce St. Thomas, 2007 This book combines and cultural studies personal and professional perspectives using case examples as well as the authors own childhood experiences to demonstrate practical strategies for use with children from drama and storytelling to sculpting with clay It also equips the reader with knowledge of the theory behind these intervention techniques Homecoming John Bradshaw, 2013-04-24 In this powerful book the 1 New York Times bestselling author of Reclaiming Virtue shows how we can learn to nurture our inner child and offer ourselves the good parenting we needed and longed for Are you outwardly successful but inwardly feel like a big kid Do you aspire to be a loving parent but too often lose it in hurtful ways Do you crave intimacy but sometimes wonder if it s worth the struggle Are you plaqued by constant vaque feelings of anxiety or depression If any of this sounds familiar you may be

experiencing the hidden but damaging effects of a painful childhood carrying within you a wounded inner child who is crying out for attention and healing John Bradshaw's step by step process of exploring the un nished business of each developmental stage helps us break away from destructive family rules and roles freeing ourselves to live responsibly in the present Then says Bradshaw the healed inner child becomes a source of vitality inviting us to nd new joy and energy in living Homecoming includes a wealth of unique case histories and interactive techniques including questionnaires quided meditations af rmations and letter writing to the inner child These classic therapies which were pioneering when introduced continue to be validated by new discoveries in attachment research and neuroscience No one has ever brought them to a popular audience more effectively and inspiringly than John Bradshaw **Aspects of Child Life and Education** Granville Stanley Hall, 1907 *Heart of the Bison* Glen R. Stott, 2002-08-13 As the lambent light from the slumbering fire dances across the roof of the cave a young girl wakes from a dream Kec s dream tells her that her clan is in jeopardy and that Mother Earth expects her to do something to save her people A magic child will be sent to help her Far away Strong Branch a powerful Shaman of his people has his own dream The Great Spirit sends him a warning about a future of conflict and killing Kec's people are very simple but they are strong and powerful enough to have survived the ice ages of Pleistocene Europe by force for over one hundred thousand years Strong Branch's people are late comers from an alien world far to the South They bring an advanced technology that allows them to utilize the environment in ways Kec's people never could As the population of the aliens has grown over a period of more than twenty thousand years the stress on the environment has become critical Kec and Strong Branch must play their parts in a microcosm of the greater struggle for survival The conclusion of their struggle will establish a new story and a new history for each of their peoples International Handbook of Children, Media and Culture Kirsten Drotner, Sonia Livingstone, 2008-02-19 This essential volume brings together the work of internationally renowned researchers each experts in their field in order to capture the diversity of children and young people's media cultures around the world Why are the media such a crucial part of children's daily lives Are they becoming more important more influential and in what ways Or does a historical perspective reveal how past media have long framed children's cultural horizons or perhaps how families however constituted have long shaped the ways children relate to media In addressing such questions the contributors present detailed empirical cases to uncover how children weave together diverse forms and technologies to create a rich symbolic tapestry which in turn shapes their social relationships At the same time many concerns even public panics arise regarding children's engagement with media leading the contributors also to inquire into the risky or problematic aspects of today s highly mediated world Deliberately selected to represent as many parts of the globe as possible and with a commitment to recognizing both the similarities and differences in children and young people's lives from China to Denmark from Canada to India from Japan to Iceland from the authors offer a rich contextualization of children's engagement with their particular media and communication environment while also pursuing

cross cutting themes in terms of comparative and global trends Each chapter provides a clear orientation for new readers to the main debates and core issues addressed combined with a depth of analysis and argumentation to stimulate the thinking of advanced students and established scholars Since children and young people are a focus of study across different disciplines the volume is thoroughly multi disciplinary Yet since children and young people are all too easily neglected by these same disciplines this volume hopes to accord their interests and concerns they surely merit Philosophical Pragmatics Fabrizio Macagno, Alessandro Capone, 2021-03-19 Together with the first volume Inquiries in philosophical pragmatics Theoretical developments this book collects contributions that represent the state of the art on the interconnection between pragmatics and philosophy While the first volume presents the philosophical dimension of pragmatics showing the path from theoretical advances to practical uses and approaches this second volume offers a specular view on this discipline Instead of adopting the top down view of the first volume this collection of eleven chapters starts from the analysis of linguistic data which include texts and discourses in different languages different types of dialogues different types of interactions and different modes for expressing meaning looking for the regularities that govern our production and processing The chapters are ordered according to their relationship with the themes and methods that define the field of pragmatics. The more explored and classical linguistic issues such as prototype based generalizations scalar implicatures and temporal ordering lead gradually to the more recent and debated topic of slurs and pejorative language and finally to the interdisciplinary and more pioneering works addressing specific context of language use such as marketplace interactions courtroom speeches schizophrenic discourse literary texts for children and multimedia communication Chapter 12 is available open access under a Creative Commons Attribution 4 0 International License via link springer com Annual Progress in Child Psychiatry and Child Development 1998 Margaret E. Hertzig, Ellen A. Farber, 1999-04 First published in 1999 Routledge is an imprint of Taylor Francis an informa company **Imaginary** Companions and the Children Who Create Them Marjorie Taylor, 2001-05-03 Many parents delight in their child s imaginary companion as evidence of a lively imagination and creative mind At the same time parents sometimes wonder if the imaginary companion might be a sign that something is wrong Does having a pretend friend mean that the child is in emotional distress That he or she has difficulty communicating with other children In this fascinating book Marjorie Taylor provides an informed look at current thinking about pretend friends dispelling many myths about them In the past a child with an imaginary companion might have been considered peculiar shy or even troubled but according to Taylor the reality is much more positive and interesting Not only are imaginary companions surprisingly common the children who have them tend to be less shy than other children They also are better able to focus their attention and to see things from another person s perspective In addition to describing imaginary companions and the reasons children create them Taylor discusses other aspects of children's fantasy lives such as their belief in Santa their dreams and their uncertainty about the reality of

TV characters Adults who remember their own childhood pretend friends will be interested in the chapter on the relationship between imaginary companions in childhood and adult forms of fantasy Taylor also addresses practical concerns providing many useful suggestions for parents For example she describes how children often express their own feelings by attributing them to their imaginary companion If you have a child who creates imaginary creatures or if you work with pre schoolers you will find this book very helpful in understanding the roles that imaginary companions play in children's emotional lives

Spiritual Truth and Religious Delusions William Edward Breen, 2006-02-08 Spiritual Truth and Religious Delusions is an examination of our human spiritual needs and what the various human religions must do to meet those needs It is time to put human religions under the same scientific microscope we have placed all other human endeavors from aviation to zoology What are our needs what must our my religion do to meet those needs Isnt it time to place all religions which dont foster human unity and well being into the wastebasket as we strive for the larger the more workable and the more beautiful The Spectator, 1913 A weekly review of politics literature theology and art Children and Childhoods in L.M. Montgomery Rita Bode, Lesley D. Clement, E. Holly Pike, Margaret Steffler, 2022-10-15 From Jane Austen to contemporary fanfiction and adaptations literary portrayals of the child and imaginings of childhood are particularly telling indicators of cultural values and when they shift Inspired by the responsive reading practices of L M Montgomery herself those demonstrated by her characters and those of her diverse readership Children and Childhoods in L M Montgomery works with concepts of confluence based on organic non linear readings of texts across time and space Such readings reconsider views of childhood and children by challenging power hierarchies and inequities found in approaches that privilege more linear readings of literary influence While acknowledging differences between childhood and adulthood contributors emphasize kinship between child and adult as well as between past and present selves and use both scholarly approaches and creative reimagining to explore how the boundaries between different stages of life are blurred in Montgomery s writing Children and Childhoods in L M Montgomery addresses Montgomery s challenges to prescribed assumptions about childhood while positioning her novels as essential texts in twenty first century literary childhood and youth studies Contributors include Yoshiko Akamatsu Notre Dame Seishin University Balaka Basu UNC Charlotte Rita Bode Trent University Holly Cinnamon Lesley D Clement Vappu Kannas Heidi Lawrence University of Glasgow Kit Pearson Rosalee Peppard Lockyer E Holly Pike Laura Robinson Acadia University Kate Scarth UPEI Margaret Steffler Trent University William Thompson MacEwan University Bonnie Tulloch UBC Asa Warnqvist Swedish Institute for Children's Books The Play of the Double in Postmodern American Fiction Gordon Slethaug, 1993 In The Hawkline Monster Brautigan s minimalist metafictive parody of the double depicts our narcissistic view of reality In Double or Nothing Federman subverts the conventional double exposing its gamelike structures and traditional views of life and text Hitler's Doubles Peter Fotis Kapnistos, 2015-04-08 Was the brutal dictator of the 20th century the masked instrument of a double image delusion

Recently released war records reveal political decoys doppelgangers or body doubles It is documented that the Nazi Fuhrer vetted at least four doubles Look alikes and crisis actors were used to impersonate Hitler in order to draw attention away from him and to deal with risks on his behalf Hitler's Doubles details their names their peacetime occupations their deaths and an escape to South America Cold War II Revision Trump Putin Summit The Cold War II Revision 2018 is a reworked and updated account of the original 2015 Hitler's Doubles with an improved Index Ascertaining that Hitler made use of political decoys the chronological order of this book shows how a Shadow Government of crisis actors and fake outcomes operated through the years following Hitler's death until our time together with pop culture memes such as Wunderwaffe climate change weapons Brexit Britain and Trump's America More Russians now have encouraging sentiments toward the U S for the first time since 2014 Hitler's Doubles covers modern world history events from WWII until today The assassination of JFK the Watergate scandal the Iran hostage crisis the Iran Contra affair the collapse of the Soviet Union the attacks of 9 11 the appearance of the Islamic State with their cloaked backing of ex Nazi interests Hitler's Doubles includes much more information than its enigmatic title implies This document is presented as a series of news articles in book form Some material is repeated or revised Many photos date back to pre war times Italic text depicts a what if scenario analysis by the author Thanks to author Fritz Springmeier biographer William Cross who advised an update This was fascinating You seem to have found something important John Kiriakou former CIA officer and anti torture whistleblower author of Doing Time Like A Spy An entire Grand Unified Conspiracy Theory of the Third Reich This book covers it all Christian Ankerstjerne Forum Staff Axis History WOW That is one heck of a book Your book lends proof that Adolf Hitler did not kill himself in the Bunker nor did Eva Harry Cooper author of Hitler in Argentina Wow Your book just overwhelmed me and caught me by surprise as to what it got into I wasn t expecting that You ve done a tremendous amount of research here to document a unique aspect of World War II history This book will blow your mind and give you a more in depth perspective of various historical events David Allen Rivera author of Final Warning A History of the New World Order Excellent reference book A Verified UK Purchase Customer Review Four Stars It's very interesting A Verified USA Purchase Customer Review The author offers a summary at the end about each double The information regarding the doubles is very good However the evidence is very persuasive that Hitler did escape A Verified USA Purchase Customer Review The world's first donor artificial insemination was with the wife of a Quaker in the late 1800s Who was the top secret paternal donor Was the Quaker son secret agent Aleister Crowley one of Adolf Hitler's doubles Why did Walt Disney make use of Nazi scientists to build space technology after he visited South America Hitler's Doubles covers modern world history events from WWII until today The assassination of JFK the Watergate scandal the Iran hostage crisis the Iran Contra affair the collapse of the Soviet Union the attacks of 9 11 the appearance of the Islamic State with their cloaked backing of ex Nazi interests Hitler's Doubles includes much more information than its enigmatic title implies This document is presented as a series of news articles in book form

Some material is repeated or revised Many photos date back to pre war times Italic text depicts a what if scenario analysis by the author Mind of Ali Tara 2019 by the same author is a quick view of Hitler's Doubles with a chronology of shadow governments and crisis actors
