**A Study of Bagobo Ceremonial, Magic and Myth** Laura Estelle Watson Benedict,1916      *Modern Science in the Bible* Ben Hobrunk,2011-02-08 Modern Science in the Bible shows that the Bible is not out of date but that it was in fact thousands of years ahead of science when it was written Used as a reference tool or merely to underline the trustworthiness of the Bible this book succinctly demonstrates hard scientific facts from the Bible that modern science has only recently discovered Ben Hobrunk although a biologist writes in layman s terms to describe current scientific debates and shows where scientific theories or conclusions differ from the Bible and offers explanations of the alleged differences In Modern Science in the Bible Hobrunk not only defends the Bible he lets others share his astonishment about the relevance of biblical rules The book underlines the reliability of the Bible in the field of science and presents hard scientific facts that are structured around themes such as combating epidemics hygiene nutrition and evolution      **Kabbalah and Sex Magic** Marla Segol,2021-09-08

In this provocative book Marla Segol explores the development of the kabbalistic cosmology underlying Western sex magic Drawing extensively on Jewish myth and ritual Segol tells the powerful story of the relationship between the divine and the human body in late antique Jewish esotericism in medieval kabbalah and in New Age ritual practice Kabbalah and Sex Magic traces the evolution of a Hebrew microcosm that models the powerful interaction of human and divine bodies at the heart of both kabbalah and some forms of Western sex magic Focusing on Jewish esoteric and medical sources from the fifth to the twelfth century from Byzantium Persia Iberia and southern France Segol argues that in its fully developed medieval form kabbalah operated by ritualizing a mythos of divine creation by means of sexual reproduction She situates in cultural and historical context the emergence of Jewish cosmological models for conceptualizing both human and divine bodies and the interactions between them arguing that all these sources position the body and its senses as the locus of culture and the means of reproducing it Segol explores the rituals acting on these models attending especially to their inherent erotic power and ties these to contemporary Western sex magic showing that such rituals have a continuing life Asking questions about its cosmology myths and rituals Segol poses even larger questions about the history of kabbalah the changing conceptions of the human relation to the divine and even the nature of religious innovation itself This groundbreaking book will appeal to students and scholars of Jewish studies religion sexuality and magic

**Border Healing Woman** Jewel Babb,Pat

LittleDog,2010-06-04 The story of Jewel Babb from her early years as a tenderfoot ranch wife to her elder years as a desert healing woman has enthralled readers since Border Healing Woman was first published in 1981 In this second edition Pat LittleDog adds an epilogue to conclude the story describing the mixed blessings that publicity brought to Jewel Babb before her death in 1991

The Myth of Rebellious Angels Stuckenbruck, Loren T.,2017-02-17 The mythical story of fallen angels preserved in 1 Enoch and related literature was profoundly influential during the Second Temple period In this volume renowned scholar Loren Stuckenbruck explores aspects of that influence and demonstrates how the myth was reused and adapted to address new religious and cultural contexts Stuckenbruck considers a variety of themes including demonology giants exorcism petitionary prayer the birth and activity of Jesus the Holy Spirit the conversion of Gentiles apocalyptic and the understanding of time and more He also offers a theological framework for the myth of fallen angels through which to reconsider several New Testament texts the Synoptic Gospels the Gospel of John Acts Paul's letters and the book of Revelation

**Heinrich Zimmer** Margaret Case,2014-07-14 Heinrich Zimmer 1890 1943 is best known in the English speaking world for the four posthumous books edited by Joseph Campbell and published in the Bollingen Series Myths and Symbols in Indian Art and Civilization Philosophies of India The Art of Indian Asia and The King and the Corpse These works

have inspired several generations of students of Indian religion and culture All the papers in this volume testify to Zimmer s originality and to his rightful place in that small group of great scholars who were part of the first generation to confront the end of European empires in India and the rest of Asia In her introduction Margaret Case contrasts Zimmer s approach to India with that of Jung There follow two recollections of Zimmer one by his daughter Maya Rauch the other by a close friend and supporter in Germany Herbert Nette Then William McGuire describes Zimmer s connections with Mary and Paul Mellon and with the Jungian circles in Switzerland and New York A brief talk by Zimmer previously unpublished describes his admiration for Jung Wendy Doniger picks up the question of Zimmer s intellectual legacy especially in the light of Campbell s editorial work on his English publications Gerald Chapple raises another question about how his influence was felt the division between what is known of his work in the German and the English speaking worlds Kenneth Zysk then summarizes and analyzes his contribution to Western knowledge of Hindu medicine Matthew Kapstein evaluates his place in the West s appreciation of Indian philosophy and Mary Linda discusses his contributions to the study of Indian art in the light of A K Coomaraswamy s work and more recent research Originally published in 1994 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

*Health for Sale* Roy Porter,1989      The Healing Myth J. Keir Howard,2013-09-09 What is the role of the church in ministering to the sick This book argues that it is not what is now called the healing ministry with its frequent claims of remarkable cures from physical illness Little critical attention seems to have been paid to the validity of these claims which if genuine would be producing clearly observable effects on the levels of morbidity and mortality in society Similarly the important ethical and moral questions the movement raises have also been very largely ignored A huge edifice of muddled theology together with highly questionable practice has been built upon very shaky foundations It is the purpose of this book to examine seriously the dubious claims and teaching of the modern healing movement as well to expose its very real dangers in order to encourage Christian people both ordained and lay to exercise a more critical approach to the healing movement The book concludes by outlining a framework for a return to a more biblical emphasis on proper pastoral care in the church s ministry to the sick      A Cognitive Theory of Magic Jesper Sørensen,2006-12-01 Magic is a universal phenomenon Everywhere we look people perform ritual actions in which desirable qualities are transferred by means of physical contact and objects or persons are manipulated by things of their likeness In this book Sørensen embraces a cognitive perspective in order to investigate this long established but controversial topic Following a critique of the traditional approaches to magic and basing his claims on classical ethnographic cases the author explains magic s universality by examining a number of

recurrent cognitive processes underlying its different manifestations He focuses on how power is infused into the ritual practice how representations of contagion and similarity can be used to connect otherwise distinct objects in order to manipulate one by the other and how the performance of ritual prompts representations of magical actions as effective Bringing these features together the author proposes a cognitive theory of how people can represent magical rituals as purposeful actions and how ritual actions are integrated into more complex representations of events This explanation in turn yields new insights into the constitutive role of magic in the formation of institutionalised religious ritual
