

A person is shown in a meditative pose, holding a glowing, fiery orb in their hands. The background is a deep blue space filled with stars, clouds, and a large, pale moon. The person's arms are extended, and their hands are cupped around the orb, which is the brightest light source in the image. The overall mood is mystical and serene.

There is magic,
but you have to be the magician.
You have to make the magic happen.
Real magic is not about
gaining power over others,
it's about gaining power over yourself.
Remember that you are divine.

Be patient.

did change his transliterations of Hebrew into the more popular style he used in his later books But nothing vital was changed or removed Everything else they added was complementary to the text that was there And what incredible additions they are Extensive annotations throughout every chapter over 100 illustrations more descriptive contents pages a glossary a bibliography and an index They ve even added a biographical note on Regardie and the importance of this book to him and to the occult world This book contains some of the finest occult writing that has ever been produced And with the new material by the Ciceros it becomes a must have for any magician **The Old Book of Magic** Lauron William De Laurence,1918
