Magic Mess:

The Gathering Company Luo Guanzhong, 2020-06-15 This is the third volume of a series of the new translation of the Chinese classical novel generally known as *The Water Margin*. In this volume the company of outlaws on Mount Liang continues to grow: a butcher, a blacksmith, a public executioner, a petty thief, and the usual generals defecting from the government forces. Lu Zhishen, the Flowery Monk, and his companions from Twin Dragon Peak reappear and finally join the company, uniting two important strands of the story. Some episodes are relatively light: a tiger is stolen, an innkeeper's favourite rooster is illicitly eaten, Iron Ox is lowered to the bottom of a well and nearly gets forgotten. But in general the mood is darker. The naked bodies of a lecherous wife and an innocent child are mercilessly dispatched to gain a reluctant recruit. Chao Gai, the leader on Mount Liang, is killed in battle. Song Jiang replaces him, but for how long can he control his unruly forces? Despite the attraction of the life on the marshes with its rootless freedom and rough code of honour, we are not to forget how the story was launched when 108 Demon Princes were released in a black cloud. This series of new translations by John and Alex Dent Young is also the first English translation of the 120 chapter version of *The Water Margin*. The translators have made the English translation as readable to English readers as possible by finding meaningful equivalents for many local terms and proverbial expressions while aiming to retain some flavour of other times and customs. Readers in the West, even with no specialized knowledge of Chinese, will certainly enjoy the stories and characters presented in the novel.

Horæ Burneianæ Burney School, Greenwich (LONDON), 1828 *Abracadabra* Nathaniel Schiffman, 2009-09-25

Magicians use more than just mirrors, string, and sleight of hand to deceive their audience. Those who are masters at this trade have developed an arsenal of techniques to manipulate people. Every action and utterance on stage and off is precisely planned to achieve a specific effect. *Abracadabra* is an insider's look at what goes on at a magic show behind the scenes and in the mind of the magician. Nathaniel Schiffman explains the principles of deception, exposing those innocent-seeming motions that conceal vital actions from onlookers. How the conjurer uses misdirection of space and time to mislead the audience, how silly and simple optical illusions can fool us, and what to look for during a magic show. Also explored in detail is the world of off-stage magic. Some magicians use various techniques in life to deceive and influence you, yet these magicians don't boast of their magic talent because they are advertisers, politicians, army commanders, spies, con artists, computer programmers, movie directors, faith healers, psychics, and others. These magicians work to make you buy their product, believe in their cause, and influence your thinking from the time you get up in the morning until you go to bed at night. This is not a how-to book for aspiring magicians but a layperson's guide to methods used to mislead or fool you. Lighthearted and informal, *Abracadabra* will fascinate anyone interested in knowing how one person can control many. Included are hands-on experiments, magic tricks, and reader participation segments. You'll soon see that magicians don't just manipulate playing cards and animals; they manipulate you.
