The Magical Quest Anne Wilson, 1988 The Forest of Medieval Romance Corinne J. Saunders, 1993 Corinne J Saunders's exploration of the topos of the forest a familiar and ubiquitous motif in the literature of the middle ages is a broad study embracing a range of medieval and Elizabethan texts from the twelfth to the sixteenth centuries the romance and antiquity Breton lay and courtly romance the hagiographical tradition of the Vita Merlini and the Queste del Saint Graal Spenser and Shakespeare Saunders identifies the forest as a primary romance landscape as a place of adventure love and spiritual vision offers a pleasurable overview of the narrative function of the forest as a literary landscape Based on a close comparative and theoretically non partisan reading of a broad range of literary texts drawn from the European canon Saunders's study explores the continuity and transformation of an important motif in the corpus of medieval literature MODERN LANGUAGE REVIEW Dr CORINNE SAUNDERS teaches in the Department of English at the University of Durham BLURB EXTRACTED FROM TLS REVIEW An immense tract not only of medieval literature but of human experience is engagingly introduced and presented here Corinne Saunders considers first forests in reality a reality which keeps breaking through in romance She looks also at the classical and biblical models including Virgil Statius and Nebuchadnezzar only then does she turn to the non real and non Classical i.e. the medieval and romantic Here she follows a clear chronological plan from twelfth to fifteenth centuries also covering the allegorized landscape of Spenser and the lovers woods of Arden or Athens in Shakespeare Her text by text layout does justice to the variety of possibilities taken up by different authors the forest as a place where men run mad and turn into animals a place of voluntary suffering a focus of significance in the Grail quests a lovers bower above all and centrally the place where the knight is tested and defined even as with Perceval created **The New Arthurian Encyclopedia** Norris J. social practices and traces how power changes over time Analyzing courtesy manuals and etiquette books from the thirteenth to the eighteenth century Arditì shows how the dominant classes of a society were able to create a system of social relations and put it into operation The result was an infrastructure in which these classes could successfully exert power He explores how the ecclesiastical authorities of the Middle Ages the monarchies from the fifteenth through the seventeenth century and the aristocracies during the early stages of modernity all forged their own codes of manners within the confines of another dominant order Arditì goes on to describe how each of these different groups through the sustained deployment of their own forms of relating with one another gradually moved into a position of dominance *The Knight on His Quest* Piotr

Sadowski,1996 This book offers an integrated interpretative analysis of the major thematic aspects of the English fourteenth century romance *Sir Gawain and the Green Knight* The chief aim of author Piotr Sadowski is to look at the contents of the narrative in their entirety and to take full advantage of the poem's exceptional and widely praised harmony of structure and design Within that design Sadowski focuses on the poem's presentation of the main protagonist and his adventures seen first of all as a generalized metaphor of the human life understood as a spiritual quest and in a more historical sense as an expression and critique of certain ideals values and anxieties that characterized the late medieval institutions of the court chivalry and the Church Sadowski built the interpretive framework of *Sir Gawain* from an eclectic theoretical base that he believes is most valuable and useful in approaching medieval literature The main focus of the study remains the literary text itself created by an author who communicates his view of the world through the poem **The Arthur of the English** W R J

Barron,2020-11-15 This first comprehensive treatment of Arthurian literature in the English language up until the end of the Middle Ages is now available for the first time in paperback English people think of Arthur as their own stamped on the landscape in scores of place names echoed in the names of princes even today Yet some would say the English were the historical Arthur's bitterest enemies and usurpers of his heritage The process by which Arthurian legends have become an important part of England's cultural heritage is traced in this book Previous studies have concentrated on the handful of chivalric romances which have given the impression that Arthur is a hero of romantic escapism This study seeks to provide a more comprehensive and insightful look at the English Arthurian legends and how they evolved It focuses primarily upon the literary aspects of Arthurian legend but it also makes some important political and social observations *Arthurian*

Magic in Medieval Romance Michelle Sweeney, 2000 This book examines the roles of magic in medieval romance Magic s crucial function in the romances may be established by studying the diverse works of Chr tien de Troyes the Lais of Marie de France the romances of Sir Tristrem Syr Launfal Ywain Gawain and Chaucer s The Franklin s Tale Romance authors used magical trials to explore a character moral status and position on issues important to the community such as when to maintain loyalty to a king or to a lover Romance authors were able to encourage the exploration of human motivation by using magic to create or expose a character morally ambiguous situation This technique enabled a broader discussion of social issues than would have been allowed in situations constrained by the boundaries of Christian dogmatism In order to understand the function of magic in medieval romance it is necessary to appreciate its function in the medieval world Magic is coupled to some of the most important works of the medieval age such as the theological texts of Augustine and Aquinas the histories of Geoffrey of Monmouth and Wace as well playing a significant role in medicine and the nascent studies of science Romance writers capitalised upon the associations between magic and these fields of study to create a more serious framework for their texts The romances could then operate beyond the level of simple entertainment and provide the interested audience with social commentary moral analysis and material for thought on a wide variety of issues
