in the Graeco-Roman World Antonia Sarri, 2017-11-20 Letter writing was widespread in the Graeco Roman world as indicated by the large number of surviving letters and their extensive coverage of all social categories Despite a large amount of work that has been done on the topic of ancient epistolography material and formatting conventions have remained underexplored mainly due to the difficulty of accessing images of letters in the past Thanks to the increasing availability of digital images and the appearance of more detailed and sophisticated editions we are now in a position to study such aspects This book examines the development of letter writing conventions from the archaic to Roman times and is based on a wide corpus of letters that survive on their original material substrates The bulk of the material is from Egypt but the study takes account of comparative evidence from other regions of the Graeco Roman world Through analysis of developments in the use of letters variations in formatting conventions layout and authentication patterns according to the sociocultural background and communicational needs of writers this book sheds light on changing trends in epistolary practice in Graeco Roman society over a period of roughly eight hundred years This book will appeal to scholars of Epistolography Papyrology Palaeography Classics Cultural History of the Graeco Roman World **Moontide and Magic Rise** Sean Russell, 2018-05-01 For the first time in an omnibus this duology chronicles the adventures of naturalist Tristram Flattery as he voyages to discover the lost history of magic in a world where reason and science reign The Age of Mages is over and all the secrets of their magical arts are thought to be lost to the world There are even those who suspect that the last of the great Mages spent their final years scrupulously eradicating all traces of their craft from the pages of history insuring that their art will never be practiced again It is the dawn of a new era an age of reason science and exploration and Tristram Flattery is one of its most promising young naturalists But when Tristram is summoned to the royal court of Farmland to try to revitalize a failing species of plant which seems to have mysterious almost magical medicinal properties a plant without which he is told the aging king will surely die he soon realizes that he has been drawn into the heart of a political struggle which spans generations a conflict which threatens the very foundations of his civilization And before long Tristram is caught in the grip of a destiny which will lead him to the ends of the known world on a voyage of discovery that has more to do with magic than with science **Rough Magic** Lara Prior-Palmer, 2019-05-07 Think the next Educated or Wild Palmer's memoir of beating the odds to become a horse champion is an inspiring saga of perseverance and a classic underdog tale Entertainment Weekly At the age of nineteen Lara Prior Palmer discovered a website devoted to the world's longest toughest horse race an annual competition of endurance and skill that involves dozens of riders racing a series of twenty five wild ponies across 1 000 kilometers of Mongolian grassland On a whim she decided to enter the race As she boarded a plane to East Asia she was utterly unprepared for what awaited her Riders often spend years preparing to compete in the Mongol Derby a course that re-creates the horse messenger system developed by Genghis Khan Many fail to finish Prior Palmer had no formal training She was driven by her own restlessness stubbornness and a lifelong love of horses She raced for ten days

through extreme heat and terrifying storms catching a few hours of sleep where she could at the homes of nomadic families Battling bouts of illness and dehydration exhaustion and bruising falls she decided she had nothing to lose Each dawn she rode out again on a fresh horse scrambling up mountains swimming through rivers crossing woodlands and wetlands arid dunes and open steppe as American television crews chased her in their jeeps Told with terrific suspense and style in a voice full of poetry and soul Rough Magic captures the extraordinary story of one young woman who forged ahead against all odds to become the first female winner of this breathtaking race Taking off on a horse into the Mongolian Steppe sounds like the bracing inverse to an overpopulated busy urban life but having the skills and grit to pull it off is another thing entirely Lara Prior Palmer attempted the Mongol Derby not really knowing what she was getting into she ended it knowing much more about herself and a race champion besides Estelle Tang Elle *Letters Written by a Turkish Spy* Giovanni Paolo Marana,1770 Letters written by lord Chesterfield to his son, ed. with notes, tr.of the Lat., Fr., and Ital. quotations and a biogr. notice of the author, by C.S.
