Barr Jr the then 27 year old founding director of the Museum of Modern Art and 23 year old Philip Johnson director of its architecture department were the visionary young proponents of the modern approach Shortly after meeting at Wellesley College where Barr taught art history and as Johnson finished his studies in philosophy at Harvard they set out on a path that would transform the museum world and change the course of design in America The

Europe Mounted in the shadow of war the groundbreaking exhibition Picasso Forty Years of His Art would launch Picasso in America define MoMA as we know it and shift the focus of the art world from Paris to New York Picasso s War is the never before told story about how a single exhibition a decade in the making irrevocably changed American taste and in doing so saved dozens of the twentieth century s most enduring artworks from the Nazis Through a deft combination of new scholarship and vivid storytelling Hugh Eakin shows how two men and their obsession with Picasso changed the art world forever

Denman Ross and American Design Theory Marie Ann Frank, 2011. The life and thought of one of the founders of twentieth-century American design. Sol LeWitt Lary Bloom, 2012-10-15. A fascinating detailed and moving account of the life and work of a truly genius artist. A must read for anyone interested in art. Jo o Leonardo artist Sol LeWitt 1928-2007, one of the most influential artists of the twentieth century, upended traditional practices of how art is made and marketed. A key figure in minimalism and conceptualism, he proclaimed that the work of the mind is much more important than that of the hand. For his site-specific work, wall drawings, and sculpture in dozens of countries, he created the idea and basic plan and then hired young artists to install the pieces. Though typically enormous and intricate, the physical works held no value. The worth was in the pieces of paper that certified and described them. LeWitt championed and financially supported colleagues, including women artists brushed aside by the bullies of a male-dominated profession. Yet the man himself has remained an enigma, as he refused to participate in the culture of celebrity. Lary Bloom's book draws on personal recollections of LeWitt, whom he knew in the last years of the artist's life, as well as LeWitt's letters and papers and over one hundred original interviews with his friends and colleagues, including Chuck Close, Ingrid Isenhardt, Philip Glass, Adrian Piper, Jan Dibbets, and Carl Andre. This absorbing chronicle brings new information to our understanding of this important artist, linking the extraordinary arc of his life to his iconic work. Includes twenty-eight illustrations. An insightful and intimate portrait of the artist, the man, and his times. Saul Ostrow, Founder of Critical Practices Inc. **Wallace Stevens in Context** Glen MacLeod, 2016-12-22.
