Flipped Malcolm Duncan, 2023-04-03 Christians are called to model a way of life that challenges the status quo and infuses the world with hope and possibility. We are to be people who see possibility where others see failure, beauty where others see ugliness, and freedom where others see chains. This is the Upside Down Kingdom where the forgotten are noticed, the silenced are given back their voice, and love is stronger than hate. By exploring the teaching of Jesus as recorded in the Gospel of Matthew, Malcolm Duncan in *Flipped* traces the key components of this new community, this life-giving way of living. He explores the five key discourses in Matthew and invites us to a radical new way of living and being centred around the reign and the rule of King Jesus. The message of *Flipped*: The Upside Down Kingdom is one that our churches need to hear: that God's Kingdom is unshakeable, local churches are its vanguard, and Christians are its citizens. *Flipped* paints a vision of what is possible when ordinary people catch a glimpse of God's radical call to follow the Lord Jesus. Humankind and the Cosmos: Early Christian Representations Doru Costache, 2021-07-15 In this volume, Costache endeavours to map the world as it was understood and experienced by the early Christians. Progressing from initial fears, they came to adopt a more positive view of the world through successive shifts of perception. This did not happen overnight. Tracing these shifts, Costache considers the world of the early Christians through an interdisciplinary lens, revealing its meaningful complexity. He demonstrates that the early Christian worldview developed at the nexus of several perspectives. What facilitated this process was, above all, the experience of contemplating nature. When accompanied by genuine personal transformation, natural contemplation fostered the theological interpretation of the world as it had been known to the ancients. **The Chronicles of Narnia: Prince Caspian** Ernie Malik, 2008-04-01 Inside this ultimate visual companion to the making of the second film in C. S. Lewis's beloved Narnia series, discover lavish photos and behind-the-scenes stories that give you a front-row seat of how movie magic is made. Find out how the screenplay adaptors and storyboard artists brought C. S. Lewis's story to graphic life, how director Andrew Adamson's screenplay differs from Lewis's original story, and reunite with the four stars from the first film. With profiles of the new cast, including Ben Barnes who plays Prince Caspian, this riveting book will also provide details of the mind-blowing special effects, costumes, intricate weaponry, and incredible makeup artistry that brought this soon-to-be classic movie to life. **The Magician's Nephew (Chronicles of Narnia No. 1)** C. S. Lewis, 1981 *A Textlinguistic Analysis of Selected Old Testament Texts in Matthew 1-4* Jeffery L. Capshaw, 2004 While providing exciting research opportunities, the New Testament's use of the Old Testament continues to create interpretive difficulties. Although Matthew's use of the Old Testament generated much scholarly discussion throughout the historical-critical period, during the contemporary period, specific interest in Matthew's Old Testament usage seemed to

decrease Recently however many powerful analytical approaches have come to the fore in biblical studies including various text centered methods such as textlinguistics also known as discourse analysis This book applies one specific type of discourse grammar to several Old Testament citations in Matthew s Gospel This analysis is presented both to initiate discussion and to show how this and similar methods might be utilized to contribute important perspectives on the New Testament s use of the Old Testament
