This is the story of Olav Haraldsson, the greatest Viking who ever lived. A ruthless Viking warrior who named his most prized battle weapon after the Norse goddess of death, Olav Haraldsson and his mercenaries wrought terror and destruction from the Baltic to Galicia in the early eleventh century. Thousands were put to the sword, enslaved or ransomed. In England, Canterbury was sacked, its archbishop murdered, and London Bridge pulled down. The loot amassed from years of plunder helped Olav win the throne of Norway, and a century after his death, he was proclaimed Eternal King and has been a national hero there ever since. Despite his bloodthirsty beginnings, Olav converted to Christianity and in a personal vendetta against the old Norse gods, made Norway Christian too, thereby changing irrevocably the Viking world he was born into. Told with reference to Norse sagas, early chronicles, and the work of modern scholars, Desmond Seward paints an intensely vivid and colourful portrait of the life and times of arguably the greatest Viking of them all. [Rulers and Rulership in the Arc of Medieval Europe, 1000-1200](#) Christian Raffensperger, 2023-08-24 *Rulers and Rulership in the Arc of Medieval Europe* challenges the dominant paradigm of what rulership is and who rulers are by decentering the narrative and providing a broad swath of examples from throughout medieval Europe Within that territory the prevalent idea of monarchy and kingship is overturned in favor of a broad definition of rulership This book will demonstrate to the reader that the way in which medieval Europe has been constructed in both the popular and scholarly imaginations is incorrect Instead of a king we have multiple rulers male and female ruling concurrently Instead of an independent church or a church striving for supremacy under the Gregorian Reform we have a pope and ecclesiastical leaders making deals with secular rulers and an in depth interconnection between the two Finally instead of a strong centralizing polity growing into statehood we see weak rulers working hand in glove with weak subordinates to make the polity as a whole function Medievalists Byzantinists and Slavists typically operate in isolation from one another They do not read each other's books or engage with each other's work This book requires engagement from all

of them to point out that the medieval Europe that they work in is one and the same and demands collaboration to best understand it
