The Mahatma Letters to A. P. Sinnett Vicente Hao Chin,1972-01-01 A classic in Theosophical literature **The Mahatma Letters to A. P. Sinnett from the Mahatmas M. & K. H. ,1993** Readers' Guide to the Mahatma Letters to A. P. Sinnett V. Hanson,1988 Reflections on an Ageless Wisdom Joy Mills,2014-07-01 Modern Theosophy expresses the ancient wisdom tradition found in all religions When H P Blavatsky founder of the Theosophical Society in 1875 told English journalist A P Sinnett she had gained her paranormal knowledge from more evolved beings called the Mahatmas Sinnett asked to communicate with them himself The result was a remarkable correspondence carried on from 1880 to 1885 with Mahatmas Khoot Hoomi and Morya Recorded in The Mahatma Letters to A P Sinnett the answers of these Teachers form an essential part of Theosophical literature At the time the Letters stormed the bastions of racial and religious prejudice and they continue to fascinate those seeking to probe the mysteries of the universe and the nature of consciousness Here is the most comprehensive magisterial discussion of The Mahatma Letters since they were first published in 1924 Eminent Theosophist Joy Mills bases her commentary on Vincente Hao Chin s 1999 edition of the Letters helpfully arranged chronologically to enable following the exposition as it originally unfolded Mills quotes Sinnett in emphasizing that the Mahatmas purpose was not to put the world into possession of occult knowledge but to train those who proved qualified so that they might ascend the path of spiritual progress Her focus then is on not only knowledge of the magnificent Occult Science but more significantly the ethical and moral values we must embrace to be of service to the world She offers her reflections on over 140 letters in the hope that they may prove useful to fellow students on the journey toward the spiritual heights May these letters call you as they have continued to call me to keep on exploring for truly there is no other way to go

Paschal Beverly Randolph John Patrick Deveney,1997-01-01 His most enduring claim to fame is the crucial role he played in the transformation of spiritualism a medium s passive reception of messages from the spirits of the dead into occultism the active search for personal spiritual realization and inner vision **Imagining the East** Erik Reenberg Sand,Tim Rudbøg,2020 The essays in Imagining the East explore how Theosophists during the formative period imagined the religions and cultures of the East The authors examine the relationship of such representations to orientalism the history of ideas politics and culture at large and discuss how these esoteric or theosophical representations mirrored conditions and values current in nineteenth century mainstream intellectual culture The essays also look at how the early Theosophical Society s representations of the East differed from mainstream orientalism and how the Theosophical Society s mission in India was distinct from that of British colonialism and Christian missionaries **Theosophy and the Study of Religion** ,2024-06-11 Since its emergence in the nineteenth century the Theosophical Society has wielded enormous influence across diverse fields none more so than the study of religion This volume explores this legacy in North America Europe and India demonstrating its impact on the conceptualization of religion and its influence on methods of comparison Unveiling

overlooked entanglements the volume challenges standard narratives in the history of religious studies and interrogates the deliberate neglect of theosophy's influence in the secular academy In doing so the work confronts lingering ghosts urging a reappraisal that enriches the study of religion and offers prescriptions for its future *From Blavatsky to Krishnamurti: "It is Finished"* Al Boag, 2025-09-16 This book highlights some important continuities as well as differences between the teachings of Helena Petrovna Blavatsky 1831-1891 co-founder of the Theosophical Society in 1875 and Krishnamurti Jiddu 1895-1986 the Theosophist who was trained to be the World Teacher Until now very little has been written of the importance to Blavatsky of an esoteric eschatology and Christology and their relation to the secret core of her Path of Initiation the practice of an occult breathless meditation Similarly scholarly research has overlooked the evidence that Krishnamurti eviscerated the secret core of Blavatsky's teaching with his own esoteric interpretation of it which exists in his published work as the camouflaged core of his teaching Offering a fresh appraisal this work draws on careful exploration of the primary source material of Blavatsky and Krishnamurti as well as his Theosophical mentors Annie Besant 1847-1933 and Charles Webster Leadbeater 1854-1934 It will be of particular interest to students and scholars of esotericism new religious movements and the history of religions **The Mahatma Letters to A. Introduction to New and Alternative Religions in America William M. Ashcraft, Eugene V. Gallagher, 2006-10-30 Most new or alternative religions are gravely misunderstood by members of the religious mainstream Labeled cults or sects groups and their members are often ridiculed or otherwise disregarded as weird and potentially dangerous by the populace at large Despite their efforts at educating the general public the various anti and counter cult activists have in fact promoted much more misunderstanding than accurate understanding of the religious lives of some of their fellow citizens Consequently they have helped to create a very hostile environment for anyone whose religious practices do not fit within a so called mainstream This set rectifies the situation by presenting accurate comprehensive authoritative and accessible accounts of various new and alternative religious movements that have been and are active in American society and it addresses ways of understanding new and alternative religions within a broader context Determining what actually constitutes a new or alternative religion is a subject of constant debate Questions arise as to a new faith's legitimacy beliefs methods of conversion and other facets of a religious movement's viability and place in a given culture How a religion gains recognition by the mainstream which often labels such new movements as cults is fraught with difficulty tension and fear Here experts delineate the boundaries and examine the various groups beliefs movements and other issues related to new faiths and alternative beliefs Readers will come away with a fuller understanding of the religious landscape in America today Volume 1 History and Controversies discusses the foundations of new and alternative religions in the United States and addresses the controversies that surround them This volume helps readers better understand what makes a new or alternative belief system a religion and the issues involved Volume 2 Jewish and Christian Traditions explores the various new religions that have grown out of these two Abrahamic faiths Groups such as the Shakers the People's Temple the Branch Davidians Jehovah's Witnesses and others are examined Volume 3 Metaphysical New Age and Neopagan Movements looks at Shamanism Spiritualism Wicca and Paganism among other movements as they have developed and grown in the U S These faiths have

found new and devoted followers yet are often misunderstood Volume 4 Asian Traditions focuses on those new and alternative religions that have been inspired by Asian religious traditions From Baha i to Soka Gakkai from Adidam to the Vedanta Society contributors look at a full range of groups practicing and worshiping in the U S today Volume 5 African Diaspora Traditions and Other American Innovations examines the various traditions linked to the African diaspora such as Rastafarianism Santeria and the Nation of Islam alongside traditions that are truly American incarnations like Scientology UFO religions and Heaven s Gate Some of the new and alternative religions covered in these pages include Shamanism Wicca Black Israelites Santeria Scientology Elan Vital Hare Krishna Soka Gakkai and many more **Masters of Wisdom** Edward Abdill,2015-05-19 A rigorous historical and philosophical examination of the controversial spiritual Masters who guided Madame H P Blavatsky in opening the world to Eastern and esoteric spirituality in the late nineteenth century In the late nineteenth century Russian noblewoman and occult philosopher Madame H P Blavatsky enthralled the world with revelations of an ancient secret doctrine behind the major faiths and a cosmic theology that united the insights of religion and science Blavatsky said she was operating under the guidance of hidden Masters of wisdom or mahatmas who led her to reveal forgotten wisdom to modern people The mythos of Blavatsky s Masters left a deep mark on Western culture and spawned more than a century of debate Were the Masters real What did they teach Are they reachable today Now independent scholar of religion Edward Abdill provides an authoritative historically reliable and delightfully readable study of the background and ideas of the Masters in particular highlighting their message and its enduring relevance *The Inner Dimensions of Life* Niels Brønsted,2024-02-15 The Inner Dimensions of Life is a compressed yet exhaustive educational presentation of the esoteric teachings in three volumes subtitled Esoteric Philosophy Esoteric Psychology and Esoteric Sociology With a background in many years of work as a teacher in his Esoteric School the author has gathered and edited a comprehensive and thoroughly tested curriculum including illustrations and copious source references Thus the work appeals to readers who will be content with a general view as well as those who wish to delve deeper into the subject The first volume Esoteric Philosophy offers an introduction to all the basic concepts of the esoteric teaching beginning with the esoteric Genesis or Creation Account The 7 Planes and further on to the Constitution of Man Death and New Birth Evolution Reincarnation and Karma the Path of Initiation the Path of Discipleship the 7 Rays the Evolution of Consciousness Cosmology the Esoteric World History the Inner World Government the New Evolutionary Impulse and the Deva Kingdom *Christian Gnosis* C. W. Leadbeater,2012-12-13 Then shall the candidate be bound upon the wooden cross After the third day he shall be brought back from the dead and carried up to heaven to be on the right hand of Him from whom he came Surprisingly these lines are from an Egyptian initiation ritual thousands of years before the Christian drama Linking the two is just one fascinating element in this profound introduction to esoteric Christianity as timely today as when it was first published in 1920 Famed clairvoyant Charles Webster Leadbeater was a bishop of the Liberal Catholic Church which preserves the

sacraments while interpreting the scriptures with maximum freedom He quotes St Augustine himself saying that what we now call Christianity emerged at the very beginning of humanity as the one true religion To access its transformative force Leadbeater returns to original teachings and decodes its story symbolically as a guide for direct knowledge Gr gnosis of the Divine As Christ had the Godhead behind Him so have we the same power although not yet unfolded as fully he says Nevertheless it is only a question of development and that development is certain With the authority of a scientist and a mystic he addresses such topics as the birth of Christ in the heart God s utter love divine grace angelic help the true meaning of salvation and reincarnation and the evolution of the soul **The Theosophist** ,1926 The Letters of H. P. Blavatsky to A. P. Sinnett and Other Miscellaneous Letters Transcribed Helena Petrovna Blavatsky, Alfred Percy Sinnett,1925 *Catalog of Copyright Entries. Part 1. [B] Group 2. Pamphlets, Etc. New Series* Library of Congress. Copyright Office,1941 The Secret Gateway Edward Abdill,2012-12-19 While several books have been written on modern Theosophy the ancient wisdom tradition that can be found in every great culture from earliest times to the present none currently exist today in the form of Edward Abdill s new title Presenting his own interpretation of the basic Theosophical concepts established in the late nineteenth century by the brilliant mystic H P Blavatsky Abdill gives us perhaps the first simplified straightforward written version of the esoteric system that for centuries has often been misunderstood Through this concise easy to read introduction to Theosophy people of all faiths and religions can finally start to bridge the gap that is the realm between science and spirituality This book is the perfect guiding tool for all those on the quest to self discovery and self transformation filling the long awaited need of insight into the theories and practices that are the backbone of ancient wisdom that most foundational literature on modern Theosophy leaves to be desired *A Republic of Mind and Spirit* Catherine L. Albanese,2007-01-01 In the nineteenth and early twentieth centuries Mexicans and Americans joined together to transform the U S Mexico borderlands into a crossroads of modern economic development This book reveals the forgotten story of their ambitious dreams and their ultimate failure to control this fugitive terrain Focusing on a mining region that spilled across the Arizona Sonora border this book shows how entrepreneurs corporations and statesmen tried to domesticate nature and society within a transnational context Efforts to tame a wild frontier were stymied by labour struggles social conflict and revolution Fugitive Landscapes explores the making and unmaking of the U S Mexico border telling how ordinary people resisted the domination of empires nations and corporations to shape transnational history on their own terms By moving beyond traditional national narratives it offers new lessons for our own border crossing age
