Katz, Steven Bayme, 2012-07-10 This collection of essays was inspired by the desire to create a suitable tribute to Dr Irving Greenberg Dr Greenberg has been one of the truly major figures in the American Jewish community for the past forty years A community activist and a theologian of distinction he has influenced not only the practical direction of Jewish life especially through his work with the leadership of Jewish Federations throughout the country but also the shape of contemporary Jewish thought through his writings on the Holocaust the State of Israel and traditional Jewish themes The outstanding list of authors who have contributed to this volume writing on central issues in traditional and modern Jewish thought and history are a testimony to Dr Greenberg's repercussive presence and theological contribution Those interested in the contemporary American Jewish community and the nature and shape of modern Jewish thought at the beginning of the new millennium will find this a valuable thought provoking addition to their libraries **Autonomy and Judaism** Daniel H. Frank, 2012-02-01 This volume brings together leading philosophers of Judaism on the issue of autonomy in the Jewish tradition Addressing themselves to the relationship of the individual Jew to the Jewish community and to the world at large some selections are systematic in scope while others are more historically focused The authors address issues ranging from the earliest expressions of individual human fulfillment in the Bible and medieval Jewish discussions of the human good to modern discussions of the necessity for the Jew to maintain both a Jewish sensibility as well as an active engagement in the modern pluralistic state Contributors include Eugene Borowitz Elliot N Dorff Daniel H Frank Robert Gibbs Lenn E Goodman Ze'ev Levy Kenneth Seeskin and Martin D Yaffe **Back To The Sources** Barry W. Holtz, 2008-06-30 Essays analyze the major traditional texts of Judaism from literary historical philosophical and religious points of view The Cultures of Maimonideanism James T. Robinson, 2009 In the history of Jewish thought no individual scholar has exercised more influence than Maimonides 1138 1204 philosopher and physician legal scholar and communal leader This collection of papers originating at the 2007 EAJIS colloquium places primary emphasis on this influence not on Maimonides himself but the many movements he inspired Using Maimonideanism as an interpretive lens the authors of this volume representing a variety of fields and disciplines develop new approaches to and fresh perspectives on the peculiar dynamic of Judaism and philosophy Focusing on social and cultural processes as well as philosophical ideas and arguments they point toward an original reconceptualization of Jewish thought Two Models of Jewish Philosophy Daniel Rynhold, 2005-03-17 In a work that illustrates how Jewish philosophy can make a genuine contribution to general philosophical debate Daniel Rynhold attempts to formulate a model for the justification of practices by applying the methods of modern analytic philosophy to approaches to the rationalization of the commandments from the history of Jewish philosophy Through critical analysis of the methods of Moses Maimonides and Joseph Soloveitchik Rynhold

argues against propositional approaches to justifying practices that he terms Priority of Theory approaches and offers instead his own method termed the Priority of Practice which emphasizes the need for a more pragmatic take on this whole issue

Exile and Restoration in Jewish Thought Ralph Keen, 2011-10-20 Exile and Restoration in Jewish Thought presents the history of an idea originating at the intersection of Judaic piety and the social history of the Jews faith in a protective sovereign deity amid contrary conditions Exiled primordially Eden during the Patriarchal era in the sixth century bce and from the first century to the twentieth the Jewish experience of alienation has been the historical backdrop against which affirmations of divine benevolence have been constructed While histories of Jewish thought have tended to accentuate the speculative creativity of medieval and modern Jewish philosophers the intellectual tradition can come into focus only with attention to these thinkers understanding of diaspora and persecution Ralph Keen describes the distinguishing feature of Jewish thought as a religious hermeneutic in which the primitive promise made to Abraham is preserved not just as a pious memory but as a certain hope for eventual restoration Intended for readers with some familiarity with the history of philosophy this book offers the historical context necessary for understanding the distinctively Judaic character of this tradition of thought and elucidates the role of religious experience in the long process of negotiating between adversity and expectation
