Main Currents Of Korean Thought:

Main Currents of Korean Thought Yunesŭk'o Han'guk Wiwŏnhoe,1983 Main Currents of Korean Thought ,1983

Ch'oui Uisun Young Ho Lee,2009 Scholars of Choson Korea tend to view Buddhism negatively or at best ignore it and at present there is a lack of research on this crucial topic Through appreciation of the life and thought of Ch oui Uisun 1786 1866 this study is an attempt to recover and supplement the intellectual history of religious culture in Korea focusing on late eighteenth to mid nineteenth century Buddhism which is the direct root of modern Korea s traditional spirit Ven Jinwol has given us the most complete study yet to be presented in English regarding the extraordinary Buddhist teacher Ch oui Uisun As the Confucian dominated Choson dynasty weakened in the face of European and North American cultural and political expansions the long suppressed Buddhist tradition of Korea became more visible It was Ch oui Uisun who best shows the strength of the religion even after centuries of repression Known as the Master of Tea he surprisingly conjoined the image of one taste of tea with meditation and enlightenment Through his teachings poetry and example Ch oui Uisun became an exemplar for a Buddhist monastic in the changing world of the early 19th century that we often refer to as Modern Maintaining a firm stance within his understanding of the nature of the world he lived a life that turned away from dualism and sectarian debate His reminder of this ability to interconnect with all facets of experience has been often used as a guiding principle by those who came after him Scholars of Choson Korea tend to view Buddhism negatively or at best ignore it and at present there is a lack of research on this crucial topic Through appreciation of the life and thought of Ch oui Uisun 1786 1866 this study is an attempt to recover and supplement the intellectual history of religious culture in Korea focusing on late eighteenth to mid nineteenth century Buddhism which is the direct root of modern Korea s traditional spirit Ven Jinwol has given us the most complete study yet to be presented in English regarding the extraordinary Buddhist teacher Ch oui Uisun As the Confucian dominated Choson dynasty weakened in the face of European and North American cultural and political expansions the long suppressed Buddhist tradition of Korea became more visible It was Ch oui Uisun who best shows the strength of the religion even after centuries of repression Known as the Master of Tea he surprisingly conjoined the image of one taste of tea with meditation and enlightenment Through his teachings poetry and example Ch oui Uisun became an exemplar for a Buddhist monastic in the changing world of the early 19th century that we often refer to as Modern Maintaining a firm stance within his understanding of the nature of the world he lived a life that turned away from dualism and sectarian debate His reminder of this ability to interconnect with all facets of experience has been often used as a guiding principle by those who came after him **An Introduction to Confucianism** Xinzhong Yao,2000-02-13 Introduces the many strands of Confucianism in a style accessible to students and general readers **Bibliography on East Asian Religion and Philosophy** ,2001 This comprehensive research bibliography compiles annotates indexes and cross references resources in the principal Western languages which focus on China Japan and Korea in the areas of

philosophy and religious studies supporting resources in theology history culture and related social sciences A notable additional feature is the inclusion of extensive Internet based resources such as a wide variety of web sites discussion lists electronic texts virtual libraries online journals and related material

The Idea of Qi/Gi Suk Gabriel Choi, Jung-Yeup Kim, 2018-12-03 The notion of qi gi is one of the most pervasive notions found within the various areas of the East Asian intellectual and cultural traditions While the pervasiveness of the notion provides us with an opportunity to observe the commonalities amongst the East Asian intellectual and cultural traditions it also allows us to observe the differences This book focuses more on understanding the different meanings and logics that the notion of qi gi has acquired within the East Asian traditions for the purpose of understanding the diversity of these traditions This volume begins to fulfill this task by inquiring into how the notion was understood by traditional Korean philosophers in addition to investigating how the notion was understood by traditional Chinese philosophers

The Holy Spirit and Ch'i (Qi) Koo Dong Yun, 2012-03-02 This book articulates a contextual pneumatology from a perspective of the Eastern idea of ch i ki in Korean Rather than understanding the Spirit from a Westernized philosophical perspective this book utilizes East Asian categories rooted in the I Ching and Asian religions in dialogue with such prominent Western theologians as Barth Pannenberg Moltmann and Harvey Cox The result is an exciting interaction between the Bible traditions of the West and experiences of the Spirit rooted in East Asia Yun argues that the formal dimension of the Spirit sangjeok is present and active in all cultures and religions while the material dimension of the Spirit muljeok is categorically revealed and embodied through the life of Jesus Christ the event of Pentecost and Charisms given to the church In making his case he mediates a creative balance between countercultural and exclusivist models on the one hand and pluralistic and anthropocentric models on the other

The Korean Neo-Confucianism of Yi T'oegye and Yi Yulgok Edward Y. J. Chung, 1995-07-20 This comparative study of Yi T'oegye 1501-1570 and Yi Yulgok 1536-1584 Korea's two most eminent Neo-Confucian thinkers is a seminal work on the Four Seven Debate the most significant and controversial intellectual event in the Korean Confucian tradition The Four Seven thesis a magnificent example of East Asian Confucian discourse at its best remains each thinker's masterpiece a compressed but integrated systemization of metaphysics ethics and spirituality It addresses fascinating philosophical moral and psychological questions about the fundamental problem of feelings and emotions as well as their implications for moral and spiritual self-transformation This book is indispensable for those interested in Korean thought or intellectual history It will enable specialists in Confucian studies to understand unique paradigms of Korean Neo-Confucianism It will stimulate comparative philosophers or religionists and general humanists to consider Korean Neo-Confucianism seriously as a major resource for understanding East Asian philosophy and religion

Religious and Philosophical Traditions of Korea Kevin Cawley, 2019-02-22 Religious and Philosophical Traditions of Korea addresses a wide range of traditions serving as a guide to those interested in Buddhism Confucianism Shamanism Christianity and many others It brings readers along a journey from the past to the present moving

beyond the confines of the Korean peninsula In this book Kevin N Cawley examines the different ideas which have shaped a vibrant and exciting intellectual history and engages with some of the key texts and figures from Korea s intellectual traditions This comprehensive and riveting text emphasises how some of these ideas have real relevance in the world today and how they have practical value for our lives in the twenty first century Students researchers and academics in the growing area of Korean Studies will find this book indispensable It will also be of interest to undergraduates and graduate students interested in the comparative study of Asian religions philosophies and cultures

The Cambridge World History: Volume 4, A World with States, Empires and Networks 1200 BCE-900 CE Craig Benjamin, 2015-04-16 From 1200 BCE to 900 CE the world witnessed the rise of powerful new states and empires as well as networks of cross cultural exchange and conquest Considering the formation and expansion of these large scale entities this fourth volume of the Cambridge World History series outlines key economic political social cultural and intellectual developments that occurred across the globe in this period Leading scholars examine critical transformations in science and technology economic systems attitudes towards gender and family social hierarchies education art and slavery The second part of the volume focuses on broader processes of change within western and central Eurasia the Mediterranean South Asia Africa East Asia Europe the Americas and Oceania as well as offering regional studies highlighting specific topics from trade along the Silk Roads and across the Sahara to Chaco culture in the US southwest to Confucianism and the state in East Asia

Economic Miracle Market South Korea Dieter K. Schneidewind, 2016-03-07 This book explores the historical and economic development of South Korea its culture as well as the benefits opportunities and challenges that German companies have faced in their cooperation with South Korean enterprises More specifically it juxtaposes economic miracle markets such as Japan and West Germany which rose from the ashes after the Second World War with the help of a century of bustling industrial age with South Korea which developed from virtually nothing The book also addresses why South Korea s history geography society culture and economic capabilities remain widely unknown and unnoticed among westerners despite South Korean companies being among the global market leaders in a number of industries particularly in the automobile and hardware segments Written from the point of view of a seasoned business expert on the country Economic Miracle Market South Korea is essential reading for business and economics research academics looking to improve their knowledge of this relatively unknown success story as well as for practitioners in industry looking to optimize their dealings with South Korean business partners

Aging in East and West Dr. Vern L. Bengtson, PhD, Kyong-Dong Kim, PhD, George Myers, PhD, Ki-Soo Eun, PhD, 2000-09-20 Widely recognized experts present the first comparative analysis of recent developments among six Eastern and Western nations concerning population aging and its consequences Chapters focus on demographic trends sociocultural contexts and policy implications Nations selected as case studies include the People s Republic of China the Republic of Korea Japan Germany the United Kingdom and the United States The editors and contributors call attention to the varied trajectories and effects of population

aging in culturally diverse societies that are often at different stages or on different paths of economic development. Such analyses bring into sharper focus those conditions that are unique or similar and emphasize the ways in which cultural stereotypes of aging and the elderly complicate our understanding of the effects of world wide population aging. Korea Journal, 1961

Active and Healthy Aging and Quality of Life: Interventions and Outlook for the Future Yulan Lin, Waqas Sami, Mila Nu Nu Htay, Sudip Bhattacharya, 2024-04-15 The continuous growth of older adult populations as a consequence of demographic changes is a huge challenge. To prevent costly and negative impacts on the population as a whole, it is crucial that societies increase their knowledge of promoting good health among older adults to promote good health and a better quality of life in their later years. Active aging is the process of optimizing opportunities for health participation and security in order to enhance quality of life as people age. An active and healthy life has remained one of the most important aspirations for all people, both young and older adults alike. This ambition has become a genuine possibility for many due to a rising life expectancy among people of diverse attributes across the world. While celebrating longer life and with more financial security in later life than ever before, we need to challenge how these aspirations can be sustained through our own behavioural responses and through public policy, institutional reforms and innovations. The challenge is to identify, recommend and promote strategies and interventions that stimulate and sustain the activity, independence and health of people of all ages, especially older adults, and in the process promote the well-being and quality of life of people and make public welfare systems more sustainable.

The Korean Tradition of Religion, Society, and Ethics Chai-sik Chung, 2016-11-10 By making Korea a central part of comparative history of East Asian religion and society, this book traces the evolution of Korean religion from the oldest representation to that of the current day by utilizing wide-ranging interdisciplinary and comparative resources. This book presents a holistic view of the enduring religious tradition of Korea and its cultural and social significance within the wider horizons of modern and globalizing changes. Reflecting nearly five decades of the author's work on the subject, it presents an understanding of the main current in Korean religion and social thought throughout history. It then goes on to examine discourses on values and morality involving the relationship between religion and society, in particular the human meaning of economy and society, which is one of the most central and practical problems in the contemporary world with global relevance beyond Korea and Asia. Addressing the overview of the Korean religious tradition in the context of its impact on the making of modern society and economy, this book will appeal to students and scholars of Religious Studies, Korean Studies and Asian Studies.

Encyclopedia of Asian Philosophy Oliver Leaman, 2006-10-19 Incorporating cultural and religious contexts, this unique Encyclopedia provides a vital guide to the main concepts and thinkers in Asian philosophy, starting with Abhidharma and ending with Zurvan. The main philosophical trends and thinkers in each geographical area are featured with an emphasis on contemporary developments and movements. The A-Z structured encyclopedia emphasizes that Asian philosophy is not merely an ancient form of thought but that it is a living

philosophy with roots in the past and also a potent and animate presence today This translates into the reciprocal exchange of theories between Eastern and Western thinking for example of new schools of thought such as orientalism Requiring no prior knowledge of philosophy religion or Asian cultures this book is essential reading for students teachers and the interested individual who wishes to gain an understanding of the philosophical basis to Asian cultural systems **A**

Handbook of Korea ,1987 *Nothingness in Asian Philosophy* Jeeloo Liu,Douglas Berger,2014-06-13 A variety of crucial and still most relevant ideas about nothingness or emptiness have gained profound philosophical prominence in the history and development of a number of South and East Asian traditions including in Buddhism Daoism Neo Confucianism Hinduism Korean philosophy and the Japanese Kyoto School These traditions share the insight that in order to explain both the great mysteries and mundane facts about our experience ideas of nothingness must play a primary role This collection of essays brings together the work of twenty of the world s prominent scholars of Hindu Buddhist Daoist Neo Confucian Japanese and Korean thought to illuminate fascinating philosophical conceptualizations of nothingness in both classical and modern Asian traditions The unique collection offers new work from accomplished scholars and provides a coherent panoramic view of the most significant ways that nothingness plays crucial roles in Asian philosophy It includes both traditional and contemporary formulations sometimes putting Asian traditions into dialogue with one another and sometimes with classical and modern Western thought The result is a book of immense value for students and researchers in Asian and comparative philosophy Chapter 20 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license **Contingent States** William A. Callahan,2004 In the 1990s Greater China became the subject of debate as the site of either the danger of the China threat or the promise of Confucian capitalism William A Callahan argues that Greater China presents challenges not only to economic and political order but also to international relations theory In fact Greater China though absent from geopolitical maps and international law is very much present in economic and cultural exchange and exemplifies the contingent state of international politics Callahan deconstructs the mainstream geopolitical and political economic understandings of Greater China tracing its emergence through an ethnographic analysis of four political problems in East Asia the South China Sea disputes Sino Korean relations the return of Hong Kong and cross straits relations Callahan shows how bureaucrats outlaws tycoons academics workers politicians and hooligans alike produce Greater China through networks of relations in local national regional global and transnational space Finally Contingent States reveals how each of the problems provoked theoretical innovations that depart from standard conceptions of sovereignty democracy and the nation state William A Callahan is senior lecturer of international politics and deputy director of the Center for Contemporary Chinese Studies at the University of Durham England and the author of *Imagining Democracy* *Reading The Events of May in Thailand* and *Pollwatching Elections and Civil Society in Southeast Asia* *The Korean Welfare State* Kyungbae Chung,Neil Gilbert,2024

This book examines the evolution of the Korean welfare state over the last several decades and the challenges it currently faces as a rapidly aging society. Since the turn of the 21st century, the Korean welfare state along with the economy has rapidly matured, increasing both the scope of social welfare coverage and the fiscal capacity to pay for these benefits.

Uncover the mysteries within is enigmatic creation, **Main Currents Of Korean Thought** . This downloadable ebook, shrouded in suspense, is available in a PDF format (*). Dive into a world of uncertainty and anticipation. Download now to unravel the secrets hidden within the pages.
