"The Yeats Circle, Verbal and Visual Relations in Ireland, 1880-1939" Karen E. Brown, 2017-07-05 Focusing on W B Yeats's ideal of mutual support between the arts, Karen Brown sheds new light on how collaborations and differences between members of the Yeats family circle contributed to the metamorphosis of the Irish Cultural Revival into Irish Modernism. Making use of primary materials and fresh archival evidence, Brown delves into a variety of media including embroidery, print, illustration, theatre, costume design, poetry, and painting. Tracing the artistic relationships and outcome of W B Yeats's vision through five case studies, Brown explores the poet's early engagement with artistic tradition, contributions to the Dun Emer and Cuala Industries, collaboration between W B Yeats and Norah McGuinness, analysis of Thomas MacGreevy's pictorial poetry, and a study of literary influence and debt between Jack Yeats and Samuel Beckett. Having undertaken extensive archival research relating to word and image studies, Brown considers her findings in historical context with particular emphasis on questions of art and gender and art and national identity. Interdisciplinary, this volume is one of the first full-length studies of the fraternal arts surrounding W B Yeats. It represents an important contribution to word and image studies and to debates surrounding Irish Cultural Revival and the formation of Irish Modernism. **The Yeats Circle,**

Verbal and Visual Relations in Ireland, 1880-1939 Karen E. Brown, 2011 Focusing on W B Yeats's ideal of mutual support between the arts and on the cultural production of the Yeats circle members, Karen Brown explores the artistic relationships and outcome of Yeats's vision in five case studies. In so doing, the author makes use of primary materials and fresh archival evidence and delves into a variety of media including embroidery, print, illustration, theatre, costume design, poetry, and painting. **New Perspectives on Witchcraft, Magic, and Demonology: Witchcraft in the British Isles**

and New England Brian P. Levack, 2001 **Modern Ireland and Revolution** Cormac O'Malley, 2016-11-11 In 1922, following a decade of political ferment and much bloodshed, the Irish Free State was established, became stabilised, and developed along conservative lines. During these years, the prevailing impulse was to reprove the actions of republicans who had rejected the Anglo-Irish Treaty, and many significant revolutionary voices were left unheeded. One mind more agile than most of his contemporaries belonged to Ernie O'Malley. It was through his vastly popular clipped lyric memoirs, especially *On Another Man's Wound* in 1936, that many of the complexities of the republican mindset were brought to light for readers worldwide. In *Modern Ireland and Revolution*, leading Irish and American historians and academics deliver critical essays that consider the life, writings, and monumental influence of Ernie O'Malley and the modern arts that influenced him. After his involvement in the War of Independence and the Civil War, O'Malley developed a modernist approach while living abroad for

ten years he was devoted to the arts moved in circles that included Georgia O Keeffe and Paul Strand and through his probing mind counteracted any notion that republicans of his era were dull inflexible idealists In this fascinating collection art and revolution coincide enriching every preconception of the minds that supported both sides of the Treaty and revealing untoward truths about the Irish Free State s process of remembrance

Witchcraft in the British Isles and New England Brian P. Levack,2013-10-28 Witchcraft and magical beliefs have captivated historians and artists for millennia and stimulated an extraordinary amount of research among scholars in a wide range of disciplines This new collection from the editor of the highly acclaimed 1992 set *Articles on Witchcraft Magic and Demonology* extends the earlier volumes by bringing together the most important articles of the past twenty years and covering the profound changes in scholarly perspective over the past two decades Featuring thematically organized papers from a broad spectrum of publications the volumes in this set encompass the key issues and approaches to witchcraft research in fields such as gender studies anthropology sociology literature history psychology and law This new collection provides students and researchers with an invaluable resource comprising the most important and influential discussions on this topic A useful introductory essay written by the editor precedes each volume

Art and the Nation State Róisín Kennedy,2021 Explores the contribution of Irish modernist art to post independence cultural debate and notions of Irish national identity Through analysis of major controversies it argues that the reception of modern art in the Republic of Ireland was moulded by demands of modernization dynamics of the international art world and competing ideologies

The Irish Revival Joseph Valente,Marjorie Howes,2023-06-15 The Irish Revival has inspired a richly diverse and illuminating body of scholarship that has enlarged our understanding of the movement and its influence The general tenor of recent scholarly work has involved an emphasis on inclusion and addition exploring previously neglected texts authors regional variations and international connections Such work while often excellent tends to see various revivalist figures and projects as part of a unified endeavor such as political resistance or self help In contrast *The Irish Revival A Complex Vision* seeks to reimagine the field by interpreting the Revival through the concept of complexity a theory recently developed in the information and biological sciences Taken as a whole these essays show that the Revival s various components operated as parts of a network but without any overarching aim or authority In retrospect the Revival s elements can be seen as having come together under the heading of a single objective for example decolonization broadly construed But this volume highlights how revivalist thinkers differed significantly on what such an aspiration might mean or lead to ethnic authenticity political autonomy or greater collective prosperity and well being Contributors examine how relationships among the Revival s individual parts involved conflict and cooperation difference and similarity continuity and disruption It is this combination of convergence without unifying purpose and divergence within a broad but flexible coherence that Valente and Howes capture by reinterpreting the Revival through complexity theory

Modernism Joe Cleary,2014-08-11 The story of Irish modernism constitutes a remarkable chapter in the movement's history

This volume serves as an incisive and accessible overview of that brilliant period in which Irish artists not only helped to create a distinctive nationalist literature but also changed the face of European and anglophone culture. This Companion surveys developments in modernist poetry, drama, fiction and the visual arts. Early innovators such as Oscar Wilde, George Bernard Shaw, Jack B. Yeats and James Joyce as well as late modernists including Elizabeth Bowen, Samuel Beckett, Flann O'Brien, M. J. O'Riordan, Seamus Heaney and Francis Bacon all appear here. Significantly, however, this volume ranges beyond such iconic figures to open up new ground with chapters on Irish women modernists, Irish American modernism, Irish language modernism and the critical reception of modernism in Ireland.

The Routledge Companion to Irish Art Fionna Barber, Fintan Cullen, 2025-04-30. This companion contains new and innovative writing on Irish art and its history from c. 1800 to the present day. This book critically engages with Irish art in a period linked to key events in Irish history, beginning with the Acts of Union between Britain and Ireland 1800-01 and the significant social and cultural changes that resulted. The book also provides a precedent for a focus on the significance of art in relation to other subsequent key historical events such as the early twentieth century struggles for independence or the role of political conflict in Northern Ireland from the late 1960s onwards and its aftermath. Key themes covered include tradition and innovation, upheavals of history, place, location and artistic formations, Irish art and the wider world and embodiment and identity. The book expands the critical discourse around Irish art over this period both within Ireland and beyond and encourages the potential for future scholarship in fields and periods not covered. This book will be of interest to scholars and students working in art history, Irish studies and colonial studies.

"Women's Contributions to Visual Culture, 1918-1939" Karen E. Brown, 2017-07-05. An exploration of women's contributions to visual culture in major urban centres between the wars 1918-1939. This collection sheds new light on women's relationships with the processes of modernism and modernization. Women's work in a variety of mediums is explored, including design, print, illustration, murals, poster art and costume design as well as more conventional forms of painting and sculpture. International in scope, the volume discusses artists and exhibitions from the United Kingdom, Greece, Mexico, France, Ireland and the United States. The contributors place a strong emphasis on archival research yet each addresses contemporary concerns in feminist art history. By focusing on a very specific time period, the essays place a central concern on the history and theory of art and gender and are united by their coherent focus on women's role in the agency and mediation of artistic production in the interwar period.

Eileen Gray Jennifer Goff, 2014-11-28. The renowned and highly influential architect, furniture maker, interior designer and photographer Eileen Gray was born in Ireland and remained throughout her life an Irishwoman at heart. An elusive figure, her interior world has never before been observed as closely as in this ground-breaking study of her work, philosophy and inner circle of fellow artists. Jennifer Goff expertly blends art history and biography to create a stunning ensemble offering a clear beacon of light into truly understanding Gray, the woman and the professional. Gray was a self-taught polymath and her work was multi-functional, user-friendly, ready for mass

production yet succinctly unique and her designs show great technical virtuosity Her expertise in lacquer work and carpet design often overlooked is given due attention in this book as is her fascinating relationship with the architect Le Corbusier and many other compelling and complex relationships The book also offers rare insights into Gray s early years as an artist The primary source material for this book is drawn from the Eileen Gray collection at the National Museum of Ireland and its wealth of documentation correspondence personal archives photographs and oral history **Grace Crowley's**

Expressions of Nationhood in Bronze & Stone Síghle Bhreathnach-Lynch,2019-06-21 At the time of his death in 1945 Albert Power was the leading nationalist sculptor in the Irish Free State yet within a few decades he was almost forgotten This first major examination of his life and career tells of one artist s contribution to national identity before and after political independence In sculpture at that time the emphasis was on creating a pantheon of new Irish heroes by means of monumental and portrait commissions Power s work however sprang from deeply held nationalist beliefs and he felt that subject matter alone was insufficient to ensure a distinctive Irish art Wherever possible he deliberately chose native stone believing that this best conveyed a nationalist sentiment such as the limestone he used in the beloved monument to Padraic Conaire in Galway His political commissions from 1922 onward reveal the new State s desire for a national political and cultural identity and in this book Power s sculpture is explored both at the time of its production and within the broader context of writers and artists who wished to contribute to the new nation s cultural identity a legacy that modern Ireland enjoys today **Women Artists News Book Review** ,1993 **A New History of Ireland: Ireland under the Union, II,**
