Father Brown and the Ten Commandments G.K. Chesterton, 2017-03-07 This unique collection of Father Brown mysteries links tales by G K Chesterton with the Ten Commandments The connection is often surprising however for the criminal is not necessarily the worst sinner in the story nor is his crime necessarily the worst offense When Chesterton created the character of Father Brown he

brought a new dimension to mystery stories the distinction between crime and sin As the priest detective applies his powers of observation to solve a case he picks up clues about other offenses such as those against the Sabbath or one's parents Father Brown's main concern is not the laws of the State but the Commandments of God As Dorothy Sayers once wrote G K Chesterton was the first man of our time to introduce the great name of God into a detective story to enlarge the boundaries of the detective story by making it deal with death and real wickedness and real that is to say divine judgment This edition includes footnotes not available in other versions which help to clarify the literary and historical allusions made by Father Brown It is based on the texts of Chesterton's original editions for assurance of authenticity and is set in easily readable type
