A Monster's Notes Laurie Sheck,2012-01-17 A remarkable creation a baroque opera of grief laced with lines of haunting beauty and profundity The Washington Post Now in paperback the bold genre defying book that asked What if Mary Shelley had not invented Frankenstein's monster at all but had met him when she was a girl of eight sitting by her mother's grave and he came to her unbidden In a riveting mix of fact and poetic license Laurie Sheck gives us the monster in his own words recalling how he was made and how Victor Frankenstein abandoned him pondering the tragic tale of the Shelleys and the intertwining of his life with Mary's whose fictionalized letters salt the narrative along with those of her nineteenth century intimates taking notes on all aspects of human striving from Gertrude Stein to robotics to the Northern explorers whose lonely quest mirrors his own as he tries to understand the strange race that made yet shuns him and to find his own freedom of mind

Mass Society and Its Culture, and Three Essays concerning Etienne Gilson on Bergson, Christian Philosophy, and Art Etienne Gilson, Henri Gouhier,2023-01-24 A medievalist and defender of the notion of Christian philosophy Etienne Gilson had a lifelong interest in the philosophy of art He questioned whether what is reproduced as art in contemporary society is art at all This is not a simple issue A cheap version of a novel is still a novel A picture of a statue is not a statue nor indeed is a photograph of a painting a painting Recorded music has particular complications The organizer of an industrial assembly line is neither an artist nor an artisan Yet thanks to such mass production a much broader population has knowledge of artworks than would otherwise be possible Religions must minister to mass societies and provide appropriate liturgies But in the process there is a danger of misrepresenting complex religious teachings At the end of his own life Henri Gouhier Gilson's first doctoral student prepared three essays on Gilson The first on Bergson gives a sense of Gilson's formation in early twentieth century French philosophy The second reconstructs the development of the notion of Christian philosophy and the heated controversy it provoked Finally Gouhier presents Gilson's general philosophy of art and gives a helpful framework to Gilson's comments on art in a mass society
