Oates,1999 This book offers a timely clear headed and uniquely important contribution to conservation one that should be read by all bureaucrats scientists and others involved with development projects that supposedly benefit wildlife and wilderness George B Schaller author of Wildlife of the Tibetan Steppe **The Army of the Undead: Alternate Reality** Ronald Wintrick,2013-05-20 Favel s lower half fell away kicking

and thrashing rolling across the cobblestones then somehow managed its feet A black gush of blood poured out of Favel's upper half which still clung to the soldier still feasting on the soldier's face The man still screamed His knife still plunged into Favel impotently The soldier who had chopped Favel in half stepped back in horrific incomprehension The look on his face would have taken tomes to describe Then he spewed his guts in an explosive convulsion that sprayed over the two struggling men but neither seemed to notice At the last moment the soldier's head turned in time to notice the approach of the pair of legs He swung his sword and chopped down through the hips and separated the two legs which fell away from one another but continued to struggle on When he came upon the first combatants the Necromancers were nowhere to be seen There was heavy fighting but the men seemed to be slowly overwhelming the Ignacian fighting in a Line Formation where they could more easily bring their swords and axes into service The men were steadily falling back but that was only so that they did not have to walk among the fallen body parts of the enemy which continued to fight even when cleaved to individual pieces A legless torso would clamber forward and attempt to climb a man and would have to be chopped away When one of their own fell the men turned and chopped their own comrade to pieces even if he was not completely dead The merest scratch by one of the Ignacian was a death sentence that arrived only minutes later and as gruesome as it might seem to chop apart your own comrades it was a duty that had to be done The men continued to fall back but the Ignacian were taking a heavy toll The now tireless team pulling the woman's wagon followed them like lost dogs but the woman and her children leaped out onto the first unwary humans they encountered It was an amusing game to watch the Ignacian tear into the helpless people There were many variations of the game Kill one among a family and watch as the others rush to see what is wrong Kill the child in the mother's arms and watch laughing as it rips off the breast it was feeding on They rode into the city killing and killing as they went the chain reaction now unstoppable Moruv nodded uncertainly Since when did the Warlord make inspections of his land Since when did he go anywhere without an armed escort A sizable one at that Who was the tall stranger with him Moruv had the strangest sensation while looking at him that his face had wavered and rippled Ridiculous of course but after yesterday's events Moruv was looking at the world with an entirely new viewpoint one in which previously impossible things had just become the possible He was sure that nothing could now surprise him but he was wrong The Ignacian poured forward over the lip of the trench the front rows just falling in as their uncoordinated movements tumbled them forward Some tried to step in or jump down but they could not accomplish anything so complicated They continued to march forward into the opening until they had filled the trench and then their comrades walked over their bodies into the bristling pikes When he reached their point of origin the westernmost end of the Big Wood's Road and found that the Ignacian element had not yet reached the fortifications which had been erected there he floated over the unknowing Army and the Sisters arrayed there to defend their breastworks and watched the Ignacian finish closing the short distance to the waiting Army Lives would certainly be lost this day but Lester needed to see what kind of a defense the flesh and blood soldiers would be able to pose

against their undead adversaries His timing had been nearly perfect and he did not have to wait long Daghula and the rest of the Necromancers were all alike in that regard they thought they were too good to bow and grovel before their true Master Malton was not impeded by such arrogant shortcomings He knew and understood Sheitan s superiority When that eventual day came he would grovel happily in blissful acceptance of his fate at the Master s feet The Master would be pleased with him He would pet him and croon to him as Malton groveled No Malton did not fear that eventual day Not in the least She was on the field of battle All around her raged unceasing combat men and women even children battling the undead Ignacian and every time one of the living fell mortally wounded he rose immediately as one of the enemy to strike down those he had just stood with his loved ones his own family Jana was fighting with her short sword and Casting Wizard s Fire but there was little room in the melee for the use of it without fear of hitting the living For as far as she could see in every direction there was nothing but the heaving bodies of those engaged in mortal combat then the old woman s eyes seemed to withdraw and Jana reeled away Cloudless and as bright as any night could hope to be under the brilliance of the billions of stars above Daghula cast an illusion which made him invisible then drew the great Black Sword which Sheitan himself had given him buried within the heart of a great volcanic rock which even his spells had been unable to dislodge he had chipped the rock away by hand to expose the hungry blade this direct Channel to the Lower Plane and Sheitan himself He drew it now and felt it quiver in his hand as if it were a thing alive unto itself but it was not it merely conveyed the hunger of its Master For those who it consumed there could be no salvation their souls sent directly to the Lower Plane no matter what life they lived while here It was the Wizard Timan He attacked me in Specter Form Nimian snarled Everything unknown in life became clear after death when the soul s unlimited ability to comprehend was released from its limiting physical bonds It would also make the torments of Hell that much more acute It be Old Woman said She had been called Old Woman for so long that she had completely forgotten her given name She had bounced Hirren their hot tempered King on her knees when he was but a babe as she had bounced Hirren s father before him and his father before him and even beyond that though her memory no longer served her well enough to remember just exactly how long she had been alive The days just continued to pass and she continued to move through them She was Old Woman The Balance Marea emphasized is contingent upon toil and struggle The future depends on Right and Justice but Righteousness must come to its own as must Discord and Rebellion The day will come eventually when Discord and Rebellion must finally cease to exist but that cessation must be brought about by the hand of man This is our world and if we wish to keep the Good which is within it we will have to fight for it Excerpts You don t think the war in Parce will reach us here do you mum Timan asked not really knowing what he expected but in no way expecting the reaction she did have The smile fell from her lips the joy left her eyes and clouds of sorrow seemed to cross her countenance Those who came through here last week claimed to be fleeing an Army of the Undead An Army of the Undead led by a Necromancer they called Daghula Ichorious Not led Marea corrected but forced through Evil spells from their very
