## **Masters Of Repetition Poetry Culture And Work In Thomson Wordsworth Shelley And Emerson:**

**Masters of Repetition** Lisa M. Steinman, 1998-01-01 In an age of mass markets mass audiences and mass pop culture the role of poetry in our moral or political world seems at best uncertain This was a dilemma faced by such poets as James Thomson William Wordsworth Percy Bysshe Shelley and Ralph Waldo Emerson In this book Lisa Steinman examines this issue by focusing on the work of these four poets Masters of Repetition Lisa Malinowski Steinman, 1998 By examining the work of four classic poets Steinman ponders the meaning of poetry itself its function meaning and literary past **James Thomson's Defence of Poetry** Stefanie Lethbridge, 2011-07-11 This study presents a contextual and intertextual reading of James Thomson's 1700-1748 poem *The Seasons* taking into consideration some of the presuppositions and habitus of the text's cultural community and the function of the poem's many intertextual allusions Contemporary assumptions about processes of perception reading and the practice of virtue call for an approach to the poem that takes literary pretexts into account An intertextual reading reveals *The Seasons* though heterogeneous on its surface as coherent in its cultural functionality It aims to train readers into virtuous habits and asserts the powers of poetic discourse as a culturally relevant force especially in relation to the discourse of natural philosophy With the emergence of natural philosophy as a cultural activity of considerable market value poetry had to legitimise itself as a culturally relevant pursuit An analysis of the poem's intertext in particular allusions to Virgil Ovid and Milton but also to genre conventions such as pastoral romance sermon and panegyric uncovers textual strategies that attempt to re-legitimise poetry on the one hand by transposing scientific method into a poetic environment On the other hand the text demonstrates using its intertext that poetry has powers which reach beyond the rational and empirical agenda of natural philosophy and that poetry has a distinctive cultural function as a provider of vision insight and moral knowledge Diese Studie legt eine historisch kontextualisierte Interpretation von James Thomson's 1700-1748 Gedicht *The Seasons* vor die Pr-suppositionen und Habitus zeitgen-ssischer Leserschaft sowie die Funktion seiner zahlreichen intertextuellen Anspielungen mit einbezieht Diese Lesart erhellt *The Seasons* als einen trotz heterogener Textoberfl- che in seiner kulturellen Funktionalit- t koh- renten Text Die Analyse des Intertexts deckt Textstrategien auf die den dichterischen Diskurs insbesondere in Relation zum neu privilegierten Diskurs der Naturphilosophie als kulturell relevante Kraft relegitimieren **Nineteenth Century Prose**, 2013 **The Life of Percy Bysshe Shelley** John Worthen, 2019-04-29 Drawing especially on the many scholarly discoveries of recent years this biography examines the life and death of one of the greatest Romantic poets Based on sceptical historical investigation and featuring an in-depth look at Shelley's personal financial and familial situation it builds a compelling narrative about a controversial writer and thinker whose personal and philosophical convictions caused much turmoil during his short yet extraordinarily influential life *The Life of Percy Bysshe Shelley* reveals sides of the author not often studied It looks at Shelley as an intensely loving thoughtful and responsible man and father who except in one case took exemplary care of the women he loved and who fell in love with him It shows how

significant his status as a gentleman was it examines his poetry letters notebooks and discursive prose so that readers can comprehend the most important concerns of his life it explores the financial and medical grounds for his years of exile it is also the first biography to take account of his recently discovered early long poem the Poetical Essay on the Existing State of Things This biography offers readers a unique look at a famous poet scholar gentleman democrat atheist and tragic icon of English Romanticism

**Writing the Poetry of Place in Britain, 1700-1807** Elizabeth R. Napier, 2022-11-30 This book discusses the intrusion often inadvertent of personal voice into the poetry of landscape in Britain 1700 1807 It argues that strong conventions such as those that inhere in topographical verse of the period invite original poets to overstep those bounds while also shielding them from the repercussions of self expression Working under cover of convention in this manner and because for many of these poets place is tied in significant ways to personal history poets of place may launch unexpected explorations into memory personhood and the workings of consciousness This book thus supplements past largely political readings of landscape poetry turning to questions of self articulation and self expression in order to argue that the autobiographical impulse is a distinctive and innovative feature of much great eighteenth century poetry of place Among the poets under examination are Pope Thomson Duck Gray Goldsmith Crabbe Cowper Smith and Wordsworth

**The Genres of Thomson's The Seasons** Sandro Jung, Kwinten Van De Walle, 2018-09-01 Critics since the eighteenth century have puzzled over the form of James Thomson's composite long poem The Seasons 1730 1744 1746 its generically hybrid make up and its relationship to established genres both Classical and modern The textual condition of the work is complicated by the fact that it started as a stand alone poem Winter 1726 but was subsequently expanded as part of a revision process that lasted almost two decades through the addition of three further seasons poems Transforming from primarily devotional poem to georgic account of the role of man's laboring role in the creation the meaning of The Seasons shifted with each addition of new material Each revision introduced diverse subject matter while existing material was reorganized and occasionally moved from one season installment to another The Genres of Thomson's The Seasons is the first collection of essays exclusively devoted to the study of the work's formal heterogeneity polyvocality and polygeneric character All contributions examine the different modes descriptive reflective pastoral hymnal amatory epic georgic dramatic discourses political sentimental scientific and kinds that cooperate to make up the different installments and variants of The Seasons They probe the multifarious interactions between different genres and modes and how a renewed focus on the form of Thomson's long poem will result in an understanding of the processual character of The Seasons as a synthesizing simulacrum of various discourses and theories of composition The volume's essays map the generic anatomy of the poem in its different incarnations They shed light on the poet's conception of the descriptive long poem and his engaging with formal traditions that would have enabled contemporaneous readers to conceive of The Seasons as an assimilating and learned work to be read through both the works of the Classics and moderns Contributions revisit models explaining the structural

complexity of *The Seasons* proposing others in their stead and consider Thomson as the author of a long poem in relation to other poets both English and in a transnational study Swedish The poem is furthermore contextualized in terms of sexuality and animal studies Georgic Modernity and British Romanticism Kevis Goodman, 2004-07-29 Goodman traces connections between Georgic verse and developments in other spheres from the late seventeenth to the early nineteenth centuries

*Folklore in British Literature* Sarah R. Wakefield, 2006 Folklore provides a metaphor for insecurity in British women's writing published between 1750 and 1880 When characters feel uneasy about separations between races classes or sexes they speak of mermaids and Cinderella to make threatening women unreal and thus harmless Because supernatural creatures change constantly a name or story from folklore merely reinforces fears about empire labor and desire To illustrate these fascinating rhetorical strategies this book explores works by Sarah Fielding Ann Radcliffe Sydney Owenson Charlotte Bront George Eliot Anne Thackeray and Jean Ingelow pushing our understanding of allusions to folktales fairy tales and myths beyond happily ever after **The Politics of Language in Romantic Literature** Richard Marggraf

Turley, 2002-12-11 This innovative study examines a range of canonical and non canonical materials to open a new narrative on the mutually illuminating interchange between Romantic literature and philological theory in the late eighteenth and early nineteenth centuries Arguing that philology can no longer be treated as something that did not happen to Romantic authors this book undertakes a substantial revision of our understanding of the intellectual and political contexts that helped determine the Romantic consciousness Wallace Stevens In Theory Thomas Gould, Ian Tan, 2023-07-15 The modernist

poetry of Wallace Stevens is replete with moments of theorizing Stevens regarded poetry as an abstract medium through which to think about and theorize not only philosophical concepts like metaphor and reality but also a unifying thesis about the nature of poetry itself At the same time literary theorists and philosophers have often turned to Stevens as a canonical reference point and influence In the centenary year of Wallace Stevens's first collection *Harmonium* 1923 this collection asks what it means to theorize with Stevens today Through a range of critical and theoretical perspectives this book seeks to describe the myriad kinds of thinking sponsored by Stevens's poetry and explores how contemporary literary theory might be invigorated through readings of Stevens

**The Complete Poems of A. R. Ammons** A. R. Ammons, 2018-12-18 An essential volume from a master maker Richard Howard If you will sit with me in the light of speech I will sit with you Readers who accept that invitation will find themselves in extraordinary company The Complete Poems of A R Ammons Volume II presents the second half of Archie Randolph Ammons's long career including the complete texts of his two book length poems from that period *Garbage* for which he won his second National Book Award and *Glare* which drew special praise from the Academy of American Poets as it bestowed on him its highest honor the Wallace Stevens Award In addition two appendices offer over one hundred and twenty previously uncollected poems dating from the 1950s to the late 1990s Among this volume's many highlights are celebrations of the natural world such as *Hermit Lark* and *Lofty Calling* poems of

remembrance as in Chinaberry and Keeping Track prayers Singling Doubling Together and Autonomy and compelling meditations on loss and mortality such as Easter Morning and In View of the Fact As in Volume I the variety of scale is remarkable ranging from the massiveness of Glare to the haiku like brevity of Pebble s Story The text of each poem has been established after careful consideration of Ammons s manuscripts and other prepublication materials Endnotes detail the poems composition and publication histories and also helpfully annotate references made within the poems Celebrated poetry critic Helen Vendler s introduction both humanizes Ammons and traces the growth of his outsized stature as a major poet unquestionably among the best loved poets of our time David Lehman      **Becoming Marianne Moore** Marianne Moore,2002 These notes in turn point readers to narrative accounts of Moore s associations with her early publishers that offer a range of historical contextual biographical and bibliographic information about the publication events of Moore s poems and explore her attempts to shape her literary career in concert with some of her most famous modernist peers Richard Aldington H D Harriet Monroe Ezra Pound and William Carlos Williams BOOK JACKET      **The Anxieties of Idleness** Sarah Jordan,2003 The Anxieties of Idleness Idleness in Eighteenth Century British Literature and Culture investigates the preoccupation with idleness that haunts the British eighteenth century Jordan argues that as Great Britain began to define itself as a nation during this period one important quality it claimed was industriousness However this claim was undermined and complicated by many factors such as leisure s importance to class status Thus idleness was a subject of intense anxiety One result of this anxiety was an increased surveillance of the supposed idleness of those members of society with less power to wield the working classes the nonwhite races and women Jordan analyzes how the idleness of these groups is figured in traditional literature and in extra literary works Idleness was also a concern for writers of the day as writing became a money earning profession Jordan examines the lives and works of two writers especially obsessed with idleness Samuel Johnson and William Cowper      **How Poets See the World** Willard Spiegelman,2005-06-23 Spiegelman looks closely at a handful of contemporary poets including John Ashbery Amy Clampitt Jorie Graham Charles Tomlinson and Charles Wright to illustrate the art of description in poetry      **Nineteenth-century Literature** ,1998 Contains articles which focus on a broad spectrum of significant figures in fiction philosophy and criticism such as Austen Carlyle Dickens Thackeray the Brontes Tennyson Browning Arnold Emerson Hawthorne Thoreau Whitman Twain and Henry James

**Studies in the Literary Imagination** ,2013      **Notes and Queries** ,1999      American Book Publishing Record ,1998
