**Mastery, Tyranny, and Desire** Trevor Burnard, 2004 Eighteenth century Jamaica Britain's largest and most valuable slave owning colony relied on a brutal system of slave management to maintain its tenuous social order Trevor Burnard provides unparalleled insight into Jamaica's vibrant but harsh African *Mastery, Tyranny, and Desire* Trevor Burnard, 2004 In 1750 Thomas Thistlewood the twenty nine year old son of a Lincolnshire tenant farmer sailed to Jamaica in the hope of making his name and his fortune He remained in Jamaica never returning to England until his death in 1786 During his time Jamaica Thistlewood kept a rich and detailed diary Now Dr Burnard extensively analyses Thistlewood's career as a plantation overseer and his personal relationships As related by Burnard and as recorded by Thistlewood in his diary those relationships reveal some fascinating intersections between social class race gender sex and sexuality What has attracted the attention of historians in recent years including Burnard himself is not so much the sugar production and plantation management so carefully recorded by Thistlewood as the equally detailed record he maintained of his numerous and some would claim excessive sexual liaisons with enslaved women of colour The work appeals to an extremely wide range of readers including Caribbean historians colonial historians historians of the American South historians of gender sex and sexuality as well as social economic and cultural historians of the eighteenth century *Ignatius Sancho and the British Abolitionist Movement, 1729-1786* G. J. Barker-Benfield, 2023-09-01 This book highlights the significant role played by Ignatius Sancho c 1729-80 the first black man to vote in England in the British abolitionist movement Examining the letters of Sancho and especially his correspondence with the influential novelist and preacher Laurence Sterne the author analyses the relationship between sensibility and antislavery in eighteenth century Britain The book demonstrates how Sancho navigated the bawdy riotous conditions of commercial London which was the headquarters of a growing and war torn Empire It shows how Sancho mastered the fashionable and gendered language of the culture of sensibility navigating the contemporary issues of race slavery and politics The book also touches on the White metropolitan and colonial preoccupation with Black men's sexuality which was intensified by the Somerset decision of 1772 Sancho's was a unique and influential voice in eighteenth century Britain making this book an insightful read for scholars of anti slavery as well as gender race and imperialism in British history **Auto/Biography in the Americas** Ricia Chansky, 2018-02-02 Auto Biography in the Americas Relational Lives brings together scholars from disparate geographic regions cultural perspectives linguistic frameworks and disciplinary backgrounds to explore what connects narrated lives in the Americas By interweaving scholarship on Afro diasporic subjectivities gendered narratives lives in translation celebrity auto biographies and pedagogical approaches to teaching auto biographical narratives this volume argues that connections between the contrasting locations of the Americas may be found in a shared history of diasporic movement that causes a heightened awareness of the need to belong and to thereby define the self in relation to others Read together the essays in this collection suggest that identities across the Americas are

constructed with an emphasis on intersubjectivity and relationality This transnational approach to reading life writing beyond the borders of the Americas pertinent to comparative American studies and hemispheric studies as well as life writing and auto biography studies also demonstrates an interdisciplinary international and multilingual model for collaborative research in the humanities and social sciences The scholars included in this volume work in the fields of anthropology sociology history literature and education and furthermore this book marks the first time that many of these scholars have had their work translated into and published in English This book was originally published as a special issue of a b Auto Biography Studies

*Slaveholders in Jamaica* Christer Petley, 2015-10-06 Explores the social composition of the Jamaican slaveholding class during the era of the British campaign to end slavery looking at their efforts to maintain control over local society and considering how their economic cultural and military dependency on the colonial metropole meant that they were unable to avert the ending of British slavery

Fashioning Society in Eighteenth-Century British Jamaica Chloe Northrop, 2024-03-20 White women who inhabited the West Indies in the eighteenth century fascinated metropolitan observers In popular prints novels and serial publications these women appeared to stray from proper British societal norms Although many women who lived in the Caribbean island of Jamaica might have fit the model extant writings from Ann Brodbelt Sarah Dwarrior Margaret and Mary Cowper Lady Maria Nugent and Ann Appleton Storrow show a longing to remain connected with metropolitan society and their loved ones separated by the Atlantic Sensibility and awareness of metropolitan material culture masked a lack of empathy towards subordinates and opened the white women in these islands to censure Novels and popular publications portrayed white women in the Caribbean as prone to overconsumption but these women seem to prize items not for their inherent value They treasured items most when they came from beloved connections This colonial interchange forged and preserved bonds with loved ones and comforted the women in the West Indies during their residence in these sugar plantation islands This book seeks to complicate the stereotype of insensibility and overconsumption that characterized the perception of white women who inhabited the British West Indies in the long eighteenth century This book will appeal to students and researchers alike who are interested in the social and cultural history of British Jamaica and the British West Indies more generally

Britain but also in comparative and transnational context Written by seventeen historians from around the world its subjects range from Jumbomania in Victorian Britain to popular imperial fiction the East India Company the ironic imperial revivalism of the 1960s Scotland and Ireland and the empire to transnational Chartism and Belgian colonialism The essays are framed by three evaluations of what will be known as the MacKenzie moment in the study of imperialism **Dark Inheritance**

Brooke N. Newman,2018-08-28 A major reassessment of the development of race and subjecthood in the British Atlantic Focusing on Jamaica Britain's most valuable colony in the Americas by the mid eighteenth century Brooke Newman explores the relationship between racial classifications and the inherited rights and privileges associated with British subject status Weaving together a diverse range of sources she shows how colonial racial ideologies rooted in fictions of blood ancestry at once justified permanent hereditary slavery for Africans and barred members of certain marginalized groups from laying claim to British liberties on the basis of hereditary status *European Colonialism since 1700* James R. Lehning,2013-08-29 This masterful synthesis provides a much needed complete survey of European colonialism from 1700 to decolonization in the twentieth century Written by an award winning author this advanced undergraduate and graduate level textbook bridges for the first time the early modern Atlantic empires and the later Asian and African empires of high imperialism Viewing colonialism as a phenomenon of contact between Europe and the rest of the world the author takes an entangled histories approach considering the surprising ways in which the imperial powers of Spain Portugal Great Britain France and the Netherlands displayed their identities in colonial settings as much as in their imperial capitals The author illuminates for students the common themes of colonial government economic development and cultural contact across empires and reveals the ways in which these themes played out through contrast of the differing development structure and impact of each empire *Mutiny on the Rising Sun* Jared Ross Hardesty,2024-04 Mutiny on the Rising Sun is a deeply human history of smuggling that demonstrates how interconnected the future United States was with the wider world how illegal trade created markets for exotic products like chocolate and how slavery and smuggling were key factors in the development of American capitalism **Mongrel Nation** Clarence Earl Walker,2009 Lost in the argument over the existence of a sexual relationship between Thomas Jefferson and Sally Hemings are equally urgent questions about a history that is more complex both sexually and socially than most of us realise The author seeks to uncover this complexity as well as the reasons it is so often obscured *The Eighteenth Centuries* David T. Gies,Cynthia Wall,2018-02-02 Today when globalization is a buzzword invoked in nearly every realm we turn back to the eighteenth century and witness the inherent globalization of its desires and at times its accomplishments During the chronological eighteenth century learning and knowledge were intimately connected across disciplinary and geographical boundaries yet the connections themselves are largely unstudied In *The Eighteenth Centuries* twenty two scholars across disciplines address the idea of plural Enlightenments and a global eighteenth century transcending the demarcations that long limited our grasp of the period's breadth and depth Engaging concepts that span

divisions of chronology and continent these essays address topics ranging from mechanist biology painted geographies and revolutionary opera to Americanization theatrical subversion of marriage and plantation architecture Weaving together many disparate threads of the historical tapestry we call the Enlightenment this volume illuminates our understanding of the interconnectedness of the eighteenth centuries Converging Worlds Louise A. MAGUIRE, 2024-09-24 An economic history of the Burton family of Norfolk and their enslaved workers on the Chiswick sugar estate While the Atlantic plantation economy covered vast areas of the globe and saw the largest forced movement of people in human history any global history is the sum of myriad local stories This book recounts one of them It is the story of a Norfolk family the Burtons who owned the Chiswick sugar estate on the island of Jamaica The family inherited the estate in 1788 and for fifty eight years ran it from Norfolk and Suffolk as absentee landlords Drawing on new archival research in Britain the United States and Jamaica this book makes an important intervention to our understanding of key debates in the economic history of plantation slavery the decline of the planter class the importance of British abolitionism the way in which plantations were operated the mechanics of absentee ownership and importantly the lives of the enslaved people whose exploitation sustained the entire system Although the story of Chiswick s enslaved workers before the late 1820s is difficult to reconstruct its traces can be gleaned from the accounting records and letters of the estate s owners Their story illuminates the economic data and managerial letters and reveals that Chiswick s workers were crucial in shaping the history of the estate From the 1830s the workers activity became central as they responded to emancipation by

gradually asserting their rights In the end it was the action of the formerly enslaved workers that made the Burtons continuing ownership of the Chiswick estate economically unviable While the wider context of abolition made this possible it was the response of these workers including strike actions which decided the fate of the absentee owned Chiswick sugar estate RICHARD C MAGUIRE is an Honorary Senior Lecturer in the School of History UEA He is the author of *Africans in East Anglia 1467 1833* Boydell Press 2021 **Freedom Roots** Laurent Dubois, Richard Lee Turits, 2019-10-11 To tell the history of the Caribbean is to tell the history of the world write Laurent Dubois and Richard Lee Turits In this powerful and expansive story of the vast archipelago Dubois and Turits chronicle how the Caribbean has been at the heart of modern contests between slavery and freedom racism and equality and empire and independence From the emergence of racial slavery and European colonialism in the early sixteenth century to U S annexations and military occupations in the twentieth systems of exploitation and imperial control have haunted the region Yet the Caribbean is also where empires have been overthrown slavery was first defeated and the most dramatic revolutions triumphed Caribbean peoples have never stopped imagining and pursuing new forms of liberty Dubois and Turits reveal how the region s most vital transformations have been ignited in the conflicts over competing visions of land While the powerful sought a Caribbean awash in plantations for the benefit of the few countless others anchored their quest for freedom in small farming and counter plantation economies at times succeeding against all odds Caribbean realities to this day are rooted in this long and illuminating history of struggle

Irreparable Evil David Scott, 2024-02-20 What was distinctive about the evil of the transatlantic slave trade and New World slavery In what ways can the present seek to rectify such historical wrongs even while recognizing that they lie beyond repair *Irreparable Evil* explores the legacy of slavery and its moral and political implications offering a nuanced intervention into debates over reparations David Scott reconsiders the story of New World slavery in a series of interconnected essays that focus on Jamaica and the Anglophone Caribbean Slavery he emphasizes involved not only scarcely imaginable brutality on a mass scale but also the irreversible devastation of the ways of life and cultural worlds from which enslaved people were uprooted Colonial extraction shaped modern capitalism plantation slavery enriched colonial metropolises and simultaneously impoverished their peripheries To account for this atrocity Scott examines moral and reparatory modes of history and criticism probing different conceptions of evil He reflects on the paradoxes of seeking redress for the specific moral evil of slavery criticizing the limitations of liberal rights based arguments for reparations that pursue reconciliation with the past Instead this book argues in making the urgent demand for reparations we must acknowledge the fundamental irreparability of a wrong of such magnitude *Three Ancient Colonies* Sidney W. Mintz, 2012-10-22 As a young anthropologist Sidney Mintz undertook fieldwork in Jamaica Haiti and Puerto Rico Fifty years later the eminent scholar of the Caribbean returns to those experiences to meditate on the societies and on the island people who befriended him These reflections illuminate continuities and differences between these cultures but even more they exemplify the power of people to reveal their own

history Mintz seeks to conjoin his knowledge of the history of Jamaica Haiti and Puerto Rico a dynamic past born of a confluence of peoples of a sort that has happened only a few times in human history with the ways that he heard people speak about themselves and their lives Mintz argues that in Jamaica and Haiti creolization represented a tremendous creative act by enslaved peoples that creolization was not a passive mixing of cultures but an effort to create new hybrid institutions and cultural meanings to replace those that had been demolished by enslavement Globalization is not the new phenomenon we take it to be This book is both a summation of Mintz s groundbreaking work in the region and a reminder of how anthropology allows people to explore the deep truths that history may leave unexamined
