Signs and Wonders Benedicta Ward, 2024-10-28 This book is concerned with the concepts of Christian holiness and spirituality from Late Antiquity through to the Middle Ages The first group of articles focuses on the Desert Fathers the following ones examine key figures in the monastic history of the medieval West dealing above all with England and with Bede and Anselm of Canterbury Throughout Benedicta Ward s aim has been to find an approach that makes full sense of Christian writings notably the hagiography miracles and all This should not be seen she argues simply as biography nor as a quarry for information on social history valuable though it may be for those purposes The primary object of these Lives as of the people about whom they were written was religious to neglect this meaning is to risk fundamentally misunderstanding these texts Ce volume traite des concepts de la sainteté et de la spiritualité chrétiennes de l'Antiquité tardive jusqu'au Moyen Âge Le premier groupe d'études se concentre sur les Pères du Désert les suivants font l'examen de personnages clés dans l'histoire monastique de l'Occident médiéval s'attachant avant tout à l'Angleterre et à Bede et Anselme de Cantorbéry Benedicta Ward pour propos constant de trouver une approche rendant tout son sens la littérature chrétienne et notamment la littérature hagiographique miracles et autres Bien que valable ces deux niveaux ceci ne devrait pas être perçu souligne-t-elle en tant que simple biographie ni en tant que source d'information sur l'histoire sociale L'objet premier de ces Vies est d'ordre religieux toute négligence de ce sens peut mener une compréhension fondamentale de ces textes

Churches in Early Medieval Ireland Tomás Ó Carragáin, 2010 This is the first book devoted to churches in Ireland dating from the arrival of Christianity in the fifth century to the early stages of the Romanesque around 1100 including those built to house treasures of the golden age of Irish art such as the Book of Kells and the Ardagh chalice Carragáin s

comprehensive survey of the surviving examples forms the basis for a far reaching analysis of why these buildings looked as they did and what they meant in the context of early Irish society Carrag in also identifies a clear political and ideological context for the first Romanesque churches in Ireland and shows that to a considerable extent the Irish Romanesque represents the perpetuation of a long established architectural tradition

Liturgy and the Ecclesiastical History of Late Anglo-Saxon England D. N. Dumville, 1992 Study of surviving Anglo Saxon kalendars and pontificals contributes to our understanding of 10th century England His work demonstrates the importance of these neglected sources for our understanding of the late Old English church HISTORY An important book of immense erudition It brings into the open some major issues of Late Anglo Saxon history and gives a thorough overview of the detailed source material When such outstanding learning is being used through intuitive perception to bear on the wider issues such as popular devotion and the reception of the monastic reform in England and bold conclusions are being drawn from such minutely detailed studies there is no doubt that David Dumville's contribution in this area of study becomes invaluable The sources for the liturgy of late Anglo Saxon England have a distinctive shape Very substantial survival has given us the possibility of understanding change and perceiving significant continuity as well as identifying local preferences and peculiarities One major category of evidence is provided by a corpus of more than twenty kalendars some of these and particularly those which have been associated with Glastonbury Abbey are subjected to close examination here the process contributing both negatively and positively to the history of ecclesiastical renewal in the 10th century Another significant body of manuscripts comprises books for episcopal use especially pontificals these are examined here as a group and their associations with specific prelates and churches considered All these investigations tend to suggest the centrality of the church of Canterbury in the surviving testimony and presumptively therefore in the history of late Anglo Saxon christianity Historians study of English liturgy in this period has heretofore concentrated on the development of coronation rites by pursuing palaeographical and textual enquiries the author has sought to make other divisions of the subject respond to historical questioning Dr DAVID N DUMVILLE is Reader in the Early Mediaeval History and Culture of the British Isles at the University of Cambridge and a Fellow of Girton College

Saint Patrick David N. Dumville, D. N. Dumville, 1999-04-29 Extremely scholarly and contains many important studies impossible to do justice to the depth of scholarship which is on display here BRITANNIA Anyone working on Britain and Ireland in the fifth century should pay close attention MEDIEVAL ARCHAEOLOGY A fascinating work which sheds light on a number of dark corners EARLY MEDIEVAL EUROPE St Patrick's place in Irish history is celebrated but is also the subject of intense controversy even as to his death Although the 1500th anniversary of that event was originally celebrated in 1961 there is every reason to think the death date of 461 unsustainable This collection of essays commemorates a different date 17 March 493 and takes stock of other difficult issues which require reassessment These include Patrick's own account of his career his impassioned *apologia pro uita sua* and the later Irish sources which may not reveal much about Patrick but possibly

contain material about Palladius sent from Rome in AD 431 as first bishop for Irish Christians the invention of two Patricks seems to belong at the latest to the 8th century and may be a reflex of a 7th century conflation of the careers of Palladius and Patrick The continuing mediaeval development of the legend and cult of St Patrick and a wide variety of other associated historical and literary historical issues are also explored DAVID DUMVILLE is Professor of Palaeography and Cultural History University of Cambridge and Fellow of Girton College

The Cult of Saints and the Virgin Mary in Medieval Scotland Stephen I. Boardman, Steve Boardman, Eila Williamson, 2010 A new investigation of the saints cults which flourished in medieval Scotland fruitfully combining archaeological historical and literary perspectives Of all the Celtic countries Scotland has lacked the kind of scholarly attention that has been lavished fruitfully on Wales Ireland Cornwall and Brittany And yet of all of them Scotland offers the widest range of interfaces with broader work on the cult of saints The papers presented here cover this territory very effectively the book brings together excellent studies that successfully explore the wide ramifications of the topic Anyone with an interest in saints cults will want this book DAUVIT BROUN Professor of Scottish History University of Glasgow This volume examines the phenomena of the cult of saints and

Marian devotion as they were manifested in Scotland ranging from the early medieval period to the sixteenth century It combines general surveys of the development of the study of saints in the early and later middle ages with more focused articles on particular subjects including St Waltheof of Melrose the obscure early medieval origins of the cult of St Munnu the short lived martyr cult of David duke of Rothsay and the Scottish saints included in the greatest liturgical compendium produced in late medieval Scotland the Aberdeen breviary The way in which Marian devotion permeated late medieval Scottish society is discussed in terms of the church dedications of the twelfth and thirteenth century aristocracy the ecclesiastical landscape of Perth the depiction of Mary in Gaelic poetry and the pervasive influence of the familial bond between holy mother and son in representations of the Scottish royal family Dr Steve Boardman is Reader in History University of Edinburgh Eila Williamson gained her PhD from the University of Glasgow Contributors Helen Birkett Steve Boardman Rachel Butter Thomas Owen Clancy David Ditchburn Audrey Beth Fitch Mark A Hall Matthew H Hammond Sim Innes Alan Macquarrie Kind Neighbours: Scottish Saints and Society in the Later Middle Ages Tom Turpie, 2015-08-31 In Kind Neighbours Tom Turpie explores devotion to Scottish saints and their shrines in the later middle ages He provides fresh insight into the role played by these saints in the legal and historical arguments for Scottish independence and the process by which first Andrew and later Ninian were embraced as patron saints of the Scots Kind Neighbours also explains the appeal of the most popular Scottish saints of the period and explores the relationship between regional shrines and the Scottish monarchy Rejecting traditional interpretations based around church led patriotism or crown patronage Turpie draws on a wide range of sources to explain how religious political and environmental changes in the later middle ages shaped devotion to the saints in Scotland **Anglo-Latin Literature** Michael Lapidge, 2004-10-01 The essays collected in the second volume are concerned principally with the tenth century renaissance of English learning largely in response to the initiatives of a small number of energetic scholars and teachers such as Dunstan and Ethelwold In combination these studies illustrate the idiosyncratic but advanced state of Anglo Saxon learning
