Parallel Truths:

Parallel Truths Robert Eringer, 2000-11 *The Truth as it is in Jesus. Twenty-four Sermons, Etc* Charles Gordelier, 1866 The Daily Wad Paul Andrson, 2012-04-19 Some years ago I noticed that certain verses and even brief phrases seemed to stand out from Bible passages I read during my daily devotions I found myself thinking about meditating on ruminating the words throughout the day It amused me to picture myself chewing my cud I shouldnt have been surprised The Bible does say we are his people the sheep of his pasture Psalm 100 3 b NIV and sheep chew a cud Other pictures came to mind a baseball player as he chewed a wad of bubble gum an old codger with a chaw of tobacco tucked into one cheek The more delicate expression would be in reference to Mary the mother of Jesus Of her the Scriptures record But Mary treasured up all these things and pondered them in her heart Luke 2 19 NIV The meaning is the same You thrill to Gods Word you chew on Scripture day and night Psalm 1 23 The Message So was born my daily wad I wrote the phrases on cards thought about the words throughout the day and shared them with others as opportunity presented itself I was blessed others were blessed My prayer is that you will be blessed as you read ruminate and are refreshed by The Daily Wad *Thirteen Principles of Faith* Moses Maimonides, 2007 *The Voice of truth; or, Strict baptists' magazine*, 1863 **Modern philosophy** George Henry Lewes, 1857 **Clifford** Harold R. Johnson, 2018-08-28 From the bestselling author of Firewater comes a moving tribute to an older brother that traverses the thresholds of memoir fiction and fantasy and reimagines what could have been When Harold Johnson returns to his childhood home in a northern Indigenous community for his brother Clifford s funeral the first thing his eyes fall on is a chair It stands on three legs the fourth broken off and missing So begins a journey through the past a retrieval of recollections of his silent powerful Swedish father his formidable Cree mother and his brother Clifford a precocious young boy who is drawn to the mysterious workings of the universe As the night unfolds memories of Clifford surface in Harold s mind s eye Memory fiction and fantasy collide and Clifford comes to life as the scientist he was meant to be culminating in his discovery of the Grand Unified Theory Exquisitely crafted funny visionary and wholly moving Clifford is an extraordinary work that embraces myriad forms of storytelling To read it is to be immersed in a home a family a community the wider world the entire cosmos **Quantum Theoretic Machines** A. Stern, 2000-12-08 Making Sense of Inner Sense Terra cognita is terra incognita It is difficult to find someone not taken aback and fascinated by the incomprehensible but indisputable fact there are material systems which are aware of themselves Consciousness is self cognizing code During homo sapiens s relentness and often frustrated search for self understanding various theories of consciousness have been and continue to be proposed However it remains unclear whether and at what level the problems of consciousness and intelligent thought can be resolved Science s greatest challenge is to answer the fundamental question what precisely does a cognitive state amount to in physical terms Albert Einstein insisted that the fundamental ideas of science are essentially simple and can be expressed in a language comprehensible to everyone When one thinks about the

complexities which present themselves in modern physics and even more so in the physics of life one may wonder whether Einstein really meant what he said Are we to consider the fundamental problem of the mind whose understanding seems to lie outside the limits of the mind to be essentially simple too Knowledge is neither automatic nor universally deductive Great new ideas are typically counterintuitive and outrageous and connecting them by simple logical steps to existing knowledge is often a hard undertaking The notion of a tensor was needed to provide the general theory of relativity the notion of entropy had to be developed before we could get full insight into the laws of thermodynamics the notion of information bit is crucial for communication theory just as the concept of a Turing machine is instrumental in the deep understanding of a computer To understand something consciousness must reach an adequate intellectual level even more so in order to understand itself Reality is full of unending mysteries the true explanation of which requires very technical knowledge often involving notions not given directly to intuition Even though the entire content and the results of this study are contained in the eight pages of the mathematical abstract it would be unrealistic and impractical to suggest that anyone can gain full insight into the theory that presented here after just reading abstract In our quest for knowledge we are exploring the remotest areas of the macrocosm and probing the invisible particles of the microcosm from tiny neutrinos and strange quarks to black holes and the Big Bang But the greatest mystery is very close to home the greatest mystery is human consciousness The question before us is whether the logical brain has evolved to a conceptual level where it is able to understand itself Constructed Truths Thomas Zoglauer,2023-02-09 In a world in which more and more fake news is being spread it is becoming increasingly difficult to distinguish truth from lies knowledge from opinion Disinformation campaigns are not only perceived as a political problem but the fake news debate is also about fundamental philosophical questions What is truth How can we recognize it Is there such a thing as objective facts or is everything socially constructed This book explains how echo chambers and alternative worldviews emerge it blames post factual thinking for the current truth crisis and it shows how we can escape the threat of truth relativism **Your Identity in Christ Jesus** Chris Eke,2017-04-01 Christian Who are you Discover the inspiring and empowering truth of your Identity in Christ Jesus enabling you to live a victorious life as a child of God The New Testament is full of life transforming teachings about a Christian s identity The death and resurrection of Christ did not only pay for our sins but it also purchased our heavenly citizenship Philippians 3 20 and paved the way for our adoption as children of God Ephesians 1 5 But what does it really mean to be an adopted child of God This book explores the practical discipline and challenges that adoption brings as well as encouraging the reader to realigned themselves to the truth of their new royal identity This book will revolutionise your perception of a Christian life empowering you to live a victorious life to the glory of God *God's Everlasting Kingdom* Given O. THE OBJECTIVE OF THIS BOOK The objective that dictated both the subject and the content of this volume is the glory of God His kingdom like Himself is great and thus is apt to be perceived less clearly than is possible Because the kingdom of God involves His deliberate dealings with men it is of particular importance to them To neglect the kingdom is to neglect God Himself while to seek fi rst the kingdom of God is to seek Him primarily We cannot think properly about God in separation from His kingdom It is related to His objectives His will and His person The law of God the grace of God the salvation of God all are resident in and associated with the kingdom of God Any concept of God or His kingdom that introduces contradictory thoughts or that mystifi es God s person and work contributes to man s basic spiritual ignorance Such concepts obscure deity and thus constitute alienating influences My purpose is to elaborate upon that most worthy objective of the pure religion and sound doctrine to glorify God and to advantage men by clarifying the nature of God s kingdom and establishing the priority of an intelligently revealed religion as evidenced in the holy scriptures

Give Us This Day Devotionals, Volume 4 Charles Erlandson, 2022-08-05

Give Us This Day is a unique daily devotional commentary for the entire New Testament based on the ancient method called *lectio divina* *Lectio divina* or divine reading is the method used by the early church and countless Christians through the centuries to read the Scriptures to form and transform the soul more than merely to inform the mind Give Us This Day deals in depth with entire passages and their contexts Rather than selecting only certain portions of the New Testament to write about Fr Charles has written a devotional for each and every passage of the New Testament Fr Charles writes for the whole person he is not afraid to use his sense of humor and he carefully relates the Bible not only to the individual's life but also to the life of the Church At the end of each day's devotional an appropriate Prayer is offered as well as Points for Further Reflection on the day's lesson Each devotional concludes with a suggested Resolution to put into effect what the Spirit has stirred up in the heart of the reader during the course of his reading meditation and prayer

The Gospel According to the Novelist Magdalena Maczynska, 2015-08-27 Why have so many prominent literary authors from Philip Pullman and Jos Saramago to Michelle Roberts and Colm Tóibín recently rewritten the canonical story of Jesus Christ What does that say about our supposedly secular age In this insightful study Magdalena Maczynska defines and examines the genre of scriptural metafiction novels that not only transform religious texts but also draw attention to these transformations In addition to providing rich examples and close readings Maczynska positions literary studies within interdisciplinary debates about religion and secularity Her book demonstrates a surprising turn of events even as contemporary novelists deconstruct the traditional categories of secular and sacred writing they open up new spaces for scripture in contemporary culture
