When Gary Gygax and Dave Arneson released Dungeons & Dragons in 1974, they created the first roleplaying game of all time. Little did they know that their humble box set of three small digest-sized booklets would spawn an entire industry practically overnight. In *Monsters, Aliens, and Holes in the Ground*, Stu Horvath explores how the hobby of roleplaying games, commonly known as RPGs, blossomed out of an unlikely pop culture phenomenon and became a dominant gaming form by the 2010s. Going far beyond D & D, this heavily illustrated tome covers more than three hundred different RPGs that have been published in the last five decades. *Monsters, Aliens, and Holes in the Ground* features, among other things, bunnies, ghostbusters, soap operas, criminal bears, space monsters, political intrigue, vampires, romance, and, of course, some dungeons and dragons. In a decade-by-decade breakdown, Horvath chronicles how RPGs have evolved in the time between their inception and the present day, offering a deep and gratifying glimpse into a hobby that has changed the way we think about games and play. **Monsters, Aliens, and Holes in the Ground, Deluxe Edition** Stu Horvath, 2023-10-10 A richly illustrated encyclopedic deep dive into the history of roleplaying games.
